Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Oxnard is within Ventura County, California, located northwest of Los Angeles and southwest of Santa Barbara. Oxnard is the largest city in the county with the population of 202,063, according to the United States Census Bureau population estimates in 2020. The regulations of the United States Department of Housing and Urban Development (HUD) require that an Annual Action Plan (AAP) be submitted for each plan year within an agency's Consolidated Plan.

The City of Oxnard (City) joined the Ventura County Regional Consolidated Plan (Regional ConPlan) is a five year plan document covering five plan years from 2020-2024. The Ventura County Regional Consolidated Plan is a collaborative document between all incorporated cities and the unincorporated areas of Ventura County, California. Collaborating in the development of the Regional Consolidated Plan are the Cities of Camarillo, Fillmore, Moorpark, Ojai, Oxnard, Port Hueneme, Santa Paula, San Buenaventura (City of Ventura), Simi Valley, and Thousand Oaks. The Regional ConPlan document is to comply with the HUD requirement to submit the City of Oxnard's Annual Action Plan for plan year 2023.

In the Regional ConPlan, the priorities that need to be addressed for community development and housing needs of the City of Oxnard are identified. The AAP's annually identify the resources available to address those needs identified in the Regional ConPlan, describe the activities that will be undertaken designed to meet the annual goals and objectives that relate to the identified needs as determined in the Regional ConPlan, describe the geographic areas targeted for assistance, include the Citizen Participation Plan, and set the basis for performance monitoring whereby results are measured as goals accomplished and outcome indicators.

Goals and objectives of the community needs identified in the Regional ConPlan will be accomplished by activities specified by the City's AAPs. With the 2023 AAP, the City will implement activities that continue to strive to derive positive outcomes that were set forth as goals for the Regional ConPlan period, Plan Year 2023. The current AAP will cover the period of July 1, 2023 to June 30, 2024 (plan year 2023). Herein are described the expected federal, state and local resources, the priorities and specific objectives the City desires to achieve, and the activities that will be undertaken throughout the 2023 plan year.

In recent years, the City's allocation of entitlement grant funds from HUD has either increased or remained relatively unchanged but this year's allocation slightly decreased. The Plan year 2023 allocations are; Community Development Block Grant (CDBG) \$2,213,917 a decrease of 6.4%, HOME Investment Partnerships (HOME), \$768,867 a decrease of 10.1% and Hearth Emergency Solutions Grant (HESG), \$207,883 a decrease of 1.7%. Total HUD entitlement grant funds decreased by 7%, to \$3,190,667.

The City's goals, as identified in the Regional ConPlan, can be found throughout this AAP, and are designed to principally serve extremely-low, low-, and moderate-income residents by addressing the following:

	Annual Action Plan 2023 DRAFT	3
--	----------------------------------	---

- Improve the Supply of Affordable Housing
- Enhance Economic Stability
- Increase Social Services
- Work to End Homelessness
- Create Quality Neighborhoods
- Effective Administration

The AAP describes the resources expected to be available in the coming program year from federal, state, local and private sources, and also includes a description of the activities that will be undertaken to meet the specific objectives.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City is being guided by HUD's Office of Community Planning Development Outcome Performance Measurement System to address the high priority needs stated in its Regional ConPlan. When funding an activity, the City determines which of three HUD objectives best describes the purpose of the activity. The three objectives are:

- Suitable Living Environment (SL) - In general, this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment.
- Decent Housing (DH) - The activities that typically would be found under this objective are designed to cover the wide range of housing programs possible under HOME, CDBG or HESG. This objective focuses on housing programs where the purpose of the program is to meet individual family or community needs and not programs where housing is an element of a larger effort, since such programs would be more appropriately reported under Suitable Living Environment.
- Creating Economic Opportunities (EO) - This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City combines the information reported to HUD in the FY 2021-22 Consolidated Annual Performance and Evaluation Report (CAPER) and the directives from HUD in the determination and recommendation of the FY 2023-24 AAP proposed projects.

The three major program areas underlining CDBG, HESG and HOME entitlement grants, such as (1) Decent and Affordable Housing, (2) Suitable Living Environment, and (3) Economic Opportunities, coupled with the Continuum of Care (CoC) of Homelessness have received a high priority in the 2020-24 Regional

Federal regulations require that a participating jurisdiction consult extensively with community service providers, other jurisdictions and other entities with a potential interest in or knowledge of that jurisdiction's housing and non-housing community development issues. In January of 2019, the City and the County of Ventura agreed to collaborate on the production of the AI, which was completed and adopted by the Oxnard City Council in May of 2020.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

Implementation of the 2023 Action Plan requires coordination and compliance with the local and regional needs established by the City of Oxnard, County of Ventura, Southern California Association of Governments and the State of California.

California state law requires Metropolitan Planning Organizations (MPOs) to determine the existing and projected housing need for their regions. The County of Ventura and City of Oxnard are part of the Southern California Association of Governments (SCAG) MPO, which also includes Los Angeles, Orange, Riverside, San Bernardino, and Imperial counties. For each Housing Element planning cycle, SCAG determines the share of existing and projected housing need by affordability level using the Regional Housing Need Assessment (RHNA) process for its 192 member jurisdictions.

City of Oxnard’s General Plan contains a Housing Element that makes “adequate provision for the existing and projected housing needs of all economic segments of the community.” The Housing Element must be revised and updated every eight years after 2010 due to SB 375. A community is not obligated to actually provide housing to all in need but the Regional Housing Needs Allocation (RHNA) is a “distribution of housing development capacity” that each city and county must zone for in a planning period for all economic levels, though the housing requirements of lower income households and special needs groups are given particular attention. RHNA is integral to the development of a Sustainable Community Strategy (SCS). The Housing Element is a planning document, requiring the City to plan for meeting the jurisdictions eight-year RHNA allocation. The Housing Element establishes local densities to achieve RHNA housing allocations, as well as Housing Element programs to achieve RHNA goals while meeting the City’s approach at achieving SCAG’s SCS’s.

The time frame during which housing accomplishments towards the RHNA can be counted (RHNA cycle) is June 30, 2021 through October 31, 2029. The City seeks to conserve and rehabilitate existing housing as well as provide opportunities for new development. The 2021-2029 SCAG RHNA determined that 2,911 units are required to be affordable to lower income households and 1,538 are affordable to moderate income households.

The City Housing Department’s mission is to promote the general welfare of the City by remedying unsafe and substandard housing, and by relieving the shortage of affordable housing for City residents. This mission is consistent with the City’s General Plan and laws governing our housing funds and resources. The purpose of the Housing Department is to provide decent, safe, attractive, sanitary, and well maintained housing for eligible low and very low income families in a manner that promotes commitment, exemplary customer service, economy, efficiency, and the social well-being of the residents.

All City housing projects undertaken with federal funds from HUD or other state or federal funding source must comply with the requirements of the City’s Housing Element, General Plan, SCAG, State of California Housing and Community Development Department (HCD) and HUD.

Table 1 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG funds are leveraged, although not required, by city and subrecipients providers with government agency, in-kind, private foundations and contributions monies who provide services to low/moderate income persons. Affordable housing developments utilizing HOME funds typically use HOME monies to leverage millions of dollars in state, federal, and private financing. HESG funds are matched dollar for dollar by non-profit agencies providers with government agency, in-kind, private foundations, Ventura County Continuum of Care monies who provide critical services such as assisted housing, services and shelter to vulnerable populations who are at-risk of becoming homelessness or homeless persons and families. HESG funds are matched dollar for dollar by Subrecipients. The city matches for the Administration portion only. Per HOME requirements, the HOME funds are matched at a greater than 25% level by recipients of HOME funds, city, and other participants.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Discussion

The resources for 2023 AAP will accomplish more activities but will not meet all the needs prevalent throughout the city.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The primary national objectives of the ConPlan programs are to benefit LMI residents, therefore, the City's CDBG funds will be targeted to extremely low, low, and moderate-income persons. CDBG funds will be used to serve the LMI persons Citywide and in Low-Moderate Areas (LMA). Also, the City will continue to assist the low- and moderate-income persons citywide with HOME and HESG funds. In PY 2023 the target areas are: (1) Citywide, with 55 percent of the total entitlement funds; and, (2) the LMA Census Tract, 45 percent. The total entitlement includes the administration and planning funding.

Geographic Distribution

Target Area	Percentage of Funds
NA	NA

Table 4 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The need for affordable housing (funded from CDBG and HOME) is present throughout the City. CDBG funds for public improvements are based on LMI persons within LMA Neighborhoods. Economic development is allocated based on the percentage of LMI persons jobs created on a citywide basis. Regarding the Public Services category of the CDBG funds, the proposed projects will focus on the basic needs of the residents such as health care, essential and supportive services, as well as housing services. The special population such as seniors, homeless and youth will continue to receive their funding for the healthcare needs, education needs, shelter support and recreational needs.

HESG allocations are based on the limited clientele are distributed citywide. HOME funds are distributed based on the income eligibility of the clients and citywide basis. The Homeownership program as well as the Housing Rehabilitation program: homeowners will improve the beautiful appearance of the home and the safety of the neighborhood.

Discussion

As always, the City of Oxnard will continue to look for available public and private resources and creative ways to fund the needy programs.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

HOME funds will be used to provide gap-financing assistance for new construction of multi-family rental units for lower income households. The first phase of Cypress Place, a 90-unit 100% affordable rental development, has been awarded a gap-financing loan of \$1,600,000 in HOME funds or the construction of the 90 unit development and \$1,500,000 CDBG funds for construction of off-site improvements. Cypress Place will include 15 HOME assisted units and is estimated to be completed in 2025. The Etting Road Apartments, a 58-unit 100% affordable rental development, has been awarded a gap-financing loan of \$1,854,000 in HOME funds for construction of the 58 unit development. All 58 of the units developed in the Etting Road Apartments will be HOME assisted units and are estimated to be completed in 2025. Given that both of these developments are not expected to be completed until 2025 there are no HOME assisted units expected to be completed in FY 2023-2024. A total of 73 HOME assisted units are expected to be completed in 2025. The City will review new HOME funding applications submitted in FY 23-24 and estimates providing gap-financing for the construction of new housing that will result in at least 5 HOME assisted units. CDBG funds will be used to provide seven residential rehabilitation loans to eligible households.

The Ventura County Community Development Corporation (VCCDC) will utilize CDBG grants funds for affordable housing loans for down payment assistance for ten income eligible families in Oxnard. The City plans to leverage its Down Payment Assistance Program funding other available funding sources. The City will continue affordable housing loan programs, funded by the State of CA, such as BEGIN and CAL-HOME. HOME development financing assistance will leverage development funds from the State of California, developer equity, private financing, and tax credit financing.

Lower-income households continue to pay a high percentage of their income for housing, compared to other income groups. A large percentage of lower-income renters tend to experience overcrowding and inadequate housing conditions as housing problems. In order to help provide decent and affordable housing, and improve the social and economic status for LMI households in Oxnard, the following programs will be available during the next program year:

1. Homeownership Assistance Programs
2. Rehabilitation of Single-Family and Mobile home Housing Units
3. Construction of new affordable dwelling units

Discussion

City of Oxnard's Affordable Housing Division (AHRD) offers CDBG grants funds for rehabilitation of owner-occupied single family housing and mobile homes for local residents. Ventura County Development Corporation (VCCDC) will utilize CDBG grant funds for Oxnard residents to provide a down-payment assistance program. AHRD will also continue to provide financial assistance to Community Housing Development Organizations (CHDO) and affordable housing developers to develop affordable housing units throughout the City subject to available funding and as permitted by the funding source. Loan information is provided to interested residents at homeownership fairs, workshops, and on the City of Oxnard's Housing Department website.

AP-60 Public Housing – 91.220(h)

Introduction

Oxnard Housing Authority (OHA) currently administers 520 public housing units, 1,904 Section 8 rental assistance vouchers, which includes 77 VASH vouchers, 40 Mainstream vouchers, 10 Family Unification vouchers, 46 Emergency Housing vouchers, and provides support services through its Resident Services program and Family Self-Sufficiency (FSS) program. The needs of public housing residents are supported with a Resident Services program which offers a variety of services to families and youth on-site. The FSS program supports and promotes public housing and Section 8 families with homeownership opportunities and economic self-sufficiency. The FSS Program provides one-on-one counseling and individual assistance to families that participate in this program. Marking flyers for the residential rehabilitation program and the home buyer program are also available in the City's Housing Department lobby.

Actions planned during the next year to address the needs to public housing

Modernization projects for the public housing units, where most needed, are funded through its Capital Fund program. Each year, in its Annual Plan and Statement, the Capital Fund Program re-prioritizes those projects identified in the 5 year plan.

For Fiscal year 2023/24, the following capital improvement projects for public housing units are planned:

- CAL 31-5 Plaza Vista Elevator Improvements \$280,000
- CAL 31-8 Palm Vista Elevator Improvements \$280,000
- CAL 31-3 Colonia Village Alley Repair \$140,000

Total Planned projects for 2024 \$700,000

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Homeownership opportunities are promoted by offering public housing families homeownership counseling services by Ventura County Community Development Corporation (VCCDC). In addition, families are informed of these services through its Family Self-Sufficiency Program and distribution of flyers to all households.

Public housing residents are encouraged to participate in public housing tenant associations that advocate on behalf of tenants to support efforts to improve public housing stock and living conditions.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Discussion

In order to respond to the increasing need for affordable housing units within the community, OHA and the Housing Department will continue to seek new resources of financing new housing development projects and partnering with developers, owners, and CHDO's.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Jurisdictions that receive federal funds for homeless assistance are typically required to conduct a Point In Time Count (PIT) of homeless persons each year. Due to the COVID-19 pandemic and a surge during the month of January, Ventura County requested and was granted an extension to complete the count in February. The PIT count was completed on January 24 2023, the City of Oxnard participated as a city lead in participation with the Police Department’s Homeless Liaison Unit.

The "Ventura County 2023 Homeless Count and Subpopulation Survey: Final Report", is expected to be published in the spring of 2023.

In summary, the PIT count is a snapshot of homeless people who could be enumerated on one specific day. The 2022 PIT counted 463 unsheltered homeless persons and 330 sheltered homeless persons; a total of 793 homeless persons in Oxnard. We expect to have numbers from the 2023 count this spring.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Oxnard continued the operation of a year round homeless shelter and navigation center located on K Street in Oxnard. The City of Oxnard contracted Mercy House to operate the navigation center. The navigation center will continue its operation for the next twelve-month period and beyond. Following a COVID-19 outbreak, the shelter reduced capacity to 80 following guidance from Public Health. Oxnard has launched an effort to develop a new construction mixed-use development that will include a new and replacement navigation center and 110-bed homeless shelter plus other support services and fifty-six units of permanent supportive housing. We expect that this new project will be in operation within the next calendar year and will continue operating the shelter at the K street location until that time.

The City continued working with the Salvation Army to provide street outreach services that includes practical assistance, housing navigation, employment assistance, health navigation and crisis intervention with the ultimate goal of transitioning chronically-homeless individuals towards stable housing. The Street Outreach Team coordinates with Mercy House and the Oxnard Navigation Center as well as the Homeless Liaison Officers with the Oxnard Police Department.

This year, we partnered with Ventura County Health Care Agency to enact an encampment response program. The program consists of a street outreach team along with non-congregate emergency shelter by using motel rooms. This project involves proactive engagement with people living in encampments throughout the city, and relocation assistance to emergency shelter where clients are connected with a case manager to work towards a housing plan.

Addressing the emergency shelter and transitional housing needs of homeless persons

The emergency shelter and transitional housing needs of homeless persons are currently being addressed by several service providers throughout Ventura County. The emergency shelter needs in the area are met

	2023 DRAFT	53
--	------------	----

by the following providers: Mercy Housing in operation of the Oxnard Navigation Center, Ventura County Rescue Mission - single men over the age of 18 with rotating stay schedule, 10 nights in/5 nights out; Kingdom Center - emergency shelter for single women and women with children; Lighthouse Mission for Women and Children - single women and women with children; and Turning Point Foundation - mentally ill individuals.

Transitional housing needs are currently being met by the following providers: Kingdom Center - single women and women with children; Khepera House - single men; Many Mansions - transition aged youth, single women and women with children; Turning Point Foundation - single mentally ill persons; Salvation Army - families, single parents and single persons; VC-HSA - families, single parents and children, and single persons; Project Understanding - families and single parent households.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

There are many providers that are working diligently to assist homeless persons from not only finding housing, but also to prevent further incidents of homelessness. The Oxnard Housing Authority has the use of Homeless Set Aside vouchers in issuance of Housing Choice Vouchers and is actively offering permanent housing opportunities. Specific vouchers that the Oxnard Housing Authority uses to address homelessness are Homeless Set Aside Vouchers, Mainstream housing vouchers that are prioritized for non-elderly adults with disabilities who are currently homeless or leaving an institution, and Emergency Housing Vouchers through the American Rescue Plan Act.

The Ventura County Human Services Agency utilizes County General Funds to provide eviction prevention and rapid re-housing services to all of these populations; they will continue to do this in the forthcoming operating year. Additionally, Ventura County Veterans Services, Homeless Health Care and Ventura County Behavioral Health all work closely with the service providers to provide other supportive services to assist in reducing the incidence of homelessness as they have also done in the recent past.

OHA works in conjunction with the Veteran Administration to administer housing vouchers for homeless veterans under the VASH program. This program targets chronically homeless veterans.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The CoC has documented discharge policies of all of the above mentioned services that spell out various directions to ensure persons are not discharged into homelessness. Additionally, as stated earlier, HSA

works with qualifying low-income persons and families to avoid homelessness. This is done with the utilization of HESG and Ventura County allocated general fund dollars. Under the CoC discharge policy, in fulfilling the State Mandated Policy (state law related to the discharge protocol), the following are found:

1. Health Care Facilities: the County health care system describes the discharge policy as interdisciplinary responsibility. For the persons who require ongoing medical and nursing care and who have no identifiable address they may be discharged to a respite program at the RAIN project, a County operated transitional housing project. Others, upon discharge routinely go to group homes, board and care facilities, or reunite with families and friends.
2. Mental Health Facilities: the Ventura County Medical Center Psychiatric Inpatient Unit with the collaboration of Ventura County Behavioral Health and various community agencies provide discharge planning and placement assistance to patients, when leaving the mental health facilities.
3. Foster care and other youth facilities: the goal is to provide assisted services to eligible youth and young adults between the ages of 16 and 21 in making a successful transition from foster care to independent living and achieve self-sufficiency. In addition to the County Children and Family Services, a Transitional Age Youth (TAY) center, operated by Pacific Clinic is also available.
4. Corrections programs and institutions: upon release, inmates are able to obtain housing in transitional and permanent housing programs, group homes, and sober living homes as well as with family and friends.

Discussion

The CoC has incorporated each of the following goals of Opening Doors into its 20-year plan to end homelessness:

1. Ending chronic homelessness through targeted street outreach (CDBG-Community Action-One Stop Shelter, CoC-Oxnard Homeless Outreach Program, VCHSA-Rapid Re-housing, HESG-Winter Warming Shelter), discharge planning and implementation of a housing first approach.
2. Preventing and ending homelessness among veterans by providing permanent supportive housing beds, in addition to Section 8 HUD VASH vouchers.
3. Preventing and ending homelessness for families, youth, and children by 2020 through rapid rehousing programs and homeless prevention activities. The CoC set a path to ending all types of homelessness in its 10-year plan by implementing a coordinated assessment system-Pathways to Home. As a result, the number of chronic homeless, veterans, families, and youth continue to demonstrate positive results.

All of the above objectives are still in progress and will be folded into a regional plan and strategy lead by the County of Ventura.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Barriers or constraints to the affordability of housing exist in many forms. A particular building code that to one sector might be interpreted as a “negative” public policy that acts as a barrier to affordable housing may to another sector be seen as a life-saving necessity – for example, seismic safety construction requirements. The same can be said for zoning and land use regulations. It should be noted that in Ventura County, local growth limitations have been adopted by direct ballot measures. Some of these measures entail costs which can affect housing supply and the cost of housing that is produced.

Barriers to exit homelessness include the lack of a permanent, year round shelter and the lack of housing units for those at the very low- and low- income spectrum. Because of the high cost to develop housing for these populations and limited public funding to subsidize the development of new affordable housing units, developers often do not have the resources to develop the number of units necessary to house this population. When this occurs, badly needed units go undeveloped, thus further limiting housing opportunities for those hardest to house.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Environmental review, general planning, zoning, and related local land use regulations and development standards are all extensions of local government police powers to protect life and property, minimize nuisances, and achieve a desired quality of life as expressed through a participatory democratic process. Certain barriers to affordability are imposed by the mandates created by State Law (such as preparing and adopting a General Plan and conducting environmental reviews), are adopted for safety or civil rights reasons (such as the imposition of seismic construction standards in quake-prone areas, or requiring compliance with accessibility or visibility design standards), or enacted to remedy or prevent a specific local issue (such as requiring landscaping to deter graffiti). The term “barrier” should not be interpreted in the context that local development standards and development review procedures are inhibiting the provision of quality affordable housing that would otherwise be developed, but are the cumulative effect of the development requirements imposed by the layers of government regulations and laws that impact residential development.

Discussion:

The City strives to consistently implement all policies and procedures, to review local development standards and development review procedures in such a way as to avoid and ensure that such do not have unintended negative consequences, and to improve policies and procedures so as to increase the opportunities and feasibility of developing affordable housing, especially for special needs and very low- and low-income units). The City will continue to engage in these efforts to identify and minimize any barriers over which the City has legal authority, in accordance with applicable law.

AP-85 Other Actions – 91.220(k)

Introduction:

The City will implement the goals and strategies of the Consolidated Plan to achieve the other actions listed in the next section.

Actions planned to address obstacles to meeting underserved needs

The City will continue to utilize available resources to fund administrative support activities to meet the underserved needs in the community. The City will continue to work with the appropriate state agencies to administer the assets of the former redevelopment agency in the appropriate manner, and to the benefit of the LMI community whenever possible and feasible. Other obstacles include the following:

Limited availability of funding from federal, state and other sources;

High cost of housing and provisions in the area which increases the difficulty of meeting affordable housing needs;

Reduced or frozen funding from state and other sources due to inadequate state revenue; the housing and credit crisis causing a negative effect;

A tight job market has produced an increased demand for production of new housing which is not being met, increasing home prices. Salaries are not commensurate with the high cost of housing in this market. These two factors combine to exacerbate the affordability crisis; and,

The Credit Crisis. Credit crisis has limited the availability of capital to develop housing for low-and moderate-income households and special needs groups. City staff will address the challenges of existing and new obstacles in PY 2022 by focusing on the following programmatic and administrative areas: Staff will continue to research the availability of future funding resources that leverage the development of affordable housing units, inclusive of grants, bond financing, Section 108 funding and partnering with other affordable housing developers. CDBG and other funds will be used to fund administrative support for programs that serve the needs of LMI citizens citywide. This is especially critical now that no redevelopment agency funding is available, given that redevelopment agencies no longer exist in California. Staff will continue to collaborate with private-sector partners when appropriate in the development and construction of affordable housing. Staff will continue to collaboratively work with the service provider community, non-profit organizations, and neighboring cities and local governmental agencies within the County of Ventura to identify projects that also meet federal community development program eligibility and which can comply with timely draw-down requirements.

Per the regulation CFR 92.251 (a)(2)(vi), broadband infrastructure, the City incorporates this regulation into each HOME agreement to ensure federal compliance with this statute.

Actions planned to foster and maintain affordable housing

The City utilizes its Inclusionary Housing Program to provide significant numbers of affordable housing units. The City's Inclusionary Housing Program is one of forty-four programs identified in the City's 2021-2029 Housing Element identified to facilitate the construction of new affordable housing and to conserve and rehabilitate existing housing. To ensure that Oxnard has enough opportunity sites suitable for

	2023 DRAFT	57
--	------------	----

residential development and to meet the 2021-2029 RHNA affordable allocation of 2,911 lower income units, the City is relying on the following:

- The Affordable Housing (AH) additive zones (see Supplement 1) with an inventory of 2,466 units on sites
- 44 Vacant and Underutilized Sites (see Supplement 1)
- 224 units on Pending Specific Plans
- 165 units on Pending Annexations
- 490 Project Accessory Dwelling Units (ADUs)

The City of Oxnard has adopted several ordinances that establish inclusionary affordable housing requirements for new developments. Relevant ordinances are City Council Ordinances 2980 and 2999. The Inclusionary Housing Program, pursuant to Ordinance 2980, provides for in-lieu fee payments that can replace the on-site units within a development subject to approval by the City Council. The City adopted updated In-Lieu fees on June 2, 2020. In-lieu fees for development project are as follows:

For-Sale Units: If the in-lieu request is granted, the developer is required to make a payment of \$36,000 for each single-family home and \$35,000 for each multi-family for sale unit in the development. Thereafter, every July 1st these fees will be adjusted by the percentage increase or decrease for the prior twelve months as determined by the Engineering News Record Building Cost Index for the Los Angeles Region.

Rental Units: If the in-lieu request is granted, the developer is required to make a payment of \$28,000 for each multi-family rental unit in the development. Thereafter, every July 1st this fee will be adjusted by the percentage increase or decrease for the prior twelve months as determined by the Engineering News Record Building Cost Index for the Los Angeles Region.

A project that is approved for in-lieu payments has usually agreed to another public benefit through a Development Agreement that justifies the in-lieu payment. In-lieu payments are made when the developer applies for building permits for the approved units. The in-lieu fees collected provide funding support in the form of developer loans to new affordable housing projects and are almost always leveraged with other funding sources. The current in-lieu fund balance is approximately \$2.2 million.

Possible incentives may include, but are not limited to, the following:

- Assistance with accessing and applying for funding (based on availability of federal, state, local foundations, and private funds)
- Mortgage-subsidy or down payment assistance programs to assist first- time homebuyers and other qualifying households, when such funds are available
- Expedited/streamlined application processing and development review
- Modification of development requirements, such as reduced setbacks and parking standards on a case-by-case basis
- Density bonus

Actions planned to reduce lead-based paint hazards

Any rehabilitation activities on housing units constructed prior to 1978 will have lead hazards identified and actions taken to remove the hazard. The City's Affordable Housing Division does not own or manage any housing units. All units for which HOME and CDBG assistance is provided for homebuyer assistance or homeowner rehabilitation are administered in compliance with HUD's HOME or CDBG regulations for lead-based paint, as applicable. With respect to units owned or assisted by the Oxnard Housing Authority, there have been no cases of Public Housing tenants and/or Section 8 participant households reporting or having been discovered to have poisoned children or any child with "Elevated Blood Lead Level". OHA staff provides a brochure related to lead based paint hazards to all new tenants and program participants. Maintenance staff attends training and seminars to stay current with the State of California Lead Awareness Training requirements.

Actions planned to reduce the number of poverty-level families

Eliminating poverty is a clear concern in Oxnard and Ventura County in general. Efforts are constantly underway to improve the quality of life and economic well-being of the residents through collaborative efforts of the following agencies and their programs to provide needed skills for individuals seeking jobs and thereby getting them out of poverty:

- City Corp
- Oxnard Housing Authority
- County of Ventura-Human Services Agency
- City's youth programs such Police Activities League programs, Colonia Gymnasium and Southwinds Youth Center programs

Actions planned to develop institutional structure

Extensive public and private partnerships have been established and organized to address the City's housing, homeless, and community development needs: Entitlement Grants workshops and training, Affordable Housing workshops for homeowners, Fair Housing training and other scheduled meetings (such as Pre-construction meetings, Commission on Homelessness meetings, and meetings with County Continuum of Care Council, Housing Committee meetings).

Actions planned to enhance coordination between public and private housing and social service agencies

The City will continue to collaborate with public and private housing and social service agencies to meet the goals and objectives of the Consolidated Plan. This could be from ongoing meetings, special meetings and task force.

Discussion:

The City anticipates new inclusionary affordable housing to be developed within several proposed specific plans and other new projects, including the Central Terrace Apartments, which will include 9 City inclusionary units as well as 77 other 100% affordable units. The 2nd and B project (Homeless Solutions

	2023 DRAFT	59
--	------------	----

Center) will provide 6 City inclusionary units as well as 49 other 100% affordable units. Based on a thorough review, the City does not believe that the current inclusionary housing program is a constraint to the development of housing in addition to the incentives and concessions currently being offered and conversations with local developers who have been able to work within the requirement of the inclusionary housing program and produce housing. To further ensure the program does not pose a constraint, the City has included a monitoring process.

Other actions that the City of Oxnard will continue to improve compliance assessment for all its HUD funded programs and projects by 1) monitoring program and financial performance; 2) compliance with Environmental review: each project is reviewed for compliance with the National Environmental Protection Act. The City will utilize a consulting agreement to assist and perform the environmental reviews for housing developments and facility improvement projects, more complicated, and time consuming projects; 3) Labor Compliance Act; 4) Section 3 Compliance; 5) Procurement and Purchasing: The City has its own procurement and purchasing policies managed by staff in the Finance Department; 6) Partnerships with Citizen Advisory Groups: Inter-Neighborhood Council Forum, Commission on Homelessness, Parks and Recreation and Community Services Commission, Mobilehome Park Rent Review Board, and Senior Services Commission.

Continued Actions planned to foster and maintain affordable housing:

The affordable housing additive zones, adopted on October 19, 2021 via Ordinance 2999, are zoning designations that provide opportunities for the development of affordable residential housing to help the City reach its regional housing needs allocation (RHNA).

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

In addition to the 20% cap for Administration, the City of Oxnard also allocates 15% of 2022 CDBG funds for public services such as recreation programs for youth, homeless services, health services and senior services activities. The balance of the funds will be allocated to housing activities, economic development, down payment assistance and public facilities and improvements. In the event of an emergency (such as an earthquake, flooding, or hurricane ...) the City will cut the non-committed funds from other existing projects in order to fund the urgent need within the allowable range. However, the urgent need to meet the following tests: (1) the existing conditions pose a serious and immediate threat to the health and welfare of the community, (2) the existing conditions are recent or recently became urgent, generally 18 months, (3) the City cannot finance on its own, (4) and when other funding sources are not available.

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)**

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Other forms of local investments for housing that may be available to projects include financing from the City’s in-lieu fees, CDBG, and Permanent Local Housing Allocation (PLHA) funding. Additionally, the City also provides homebuyer assistance through the use of program income received from BEGIN and CALHOME State funded grant programs.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Refer to Questions # 3 for Resale Provisions & procedures.

Recapture Provisions:

- “In the event that the homebuyer fails to satisfy the requirements during the term of the loan, or otherwise defaults, the City shall exercise its legal rights, as set forth in the promissory note and deed of trust, in order to recover the monetary assistance previously provided to the maximum extent permitted by law.”
- “If the recapture provisions are triggered by a sale of the housing unit, (whether voluntary or involuntary –such as foreclosure) or other default, the City shall take all necessary steps to recover the full amount of HOME funds from the net proceeds. The phrase ‘net proceeds’ is defined as the sales price, minus the loan repayment of the first trust deed (other than HOME funds) and any closing costs.”

The HOME Program regulations allow the City to recapture the entire HOME Subsidy, in the event the loan recipient violates the affordability and or term period requirements. However, should the ‘net proceeds’ not cover the entire HOME Subsidy or not cover any of the HOME Subsidy, the City is required to forgive the remaining balance of the direct HOME Subsidy.

- During the term of the loan, the homeowner must repay the loan if it is sold, transferred or

refinanced without the City's permission and/or with cash out to the homeowner or the homeowner does not occupy the residence as a primary residence.

Procedures

The City utilizes an agreement which includes restrictions, and a promissory note secured by a deed of trust which is recorded with the Ventura County Recorder's Office.

Staff monitors and requires certification annually by the homeowner that the property is owner-occupied to determine if recapture provisions shall be invoked upon discovery of violations for owner-occupancy or unauthorized transfers.

The City will exercise the rights stipulated in the promissory note, secured by the deed of trust that was recorded with the County Recorder's Office.

Should Borrower transfer (as that term is defined in the Note) the Property during the occupancy period, City shall require that Borrower pay from the net proceeds the full amount of the Loan. For purposes of this Loan Agreement, "net proceeds" shall mean the sales price minus loan repayment (other than CDBG funds) and closing costs.

In the event net proceeds are not sufficient to discharge the full amount of the Loan during the occupancy period plus enable the Borrower to recover his or her initial investment in the Property and documented costs of any capital improvements, Borrower shall share the net proceeds with City. The City's share of the net proceeds shall be calculated as follows:

$(\text{Amount of Loan} / \text{Amount of Loan} + \text{Borrower's Investment}) = \% \text{ of Net Proceeds that City is entitled to.}$

Should the net proceeds not discharge the full amount of the Loan, City shall forgive the remaining balance.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Refer to Question #2 for Recapture provisions and procedures.

Resale Provisions

During the affordability period, the homeowner must resell to another low-income homebuyer if the property is refinanced without the City's permission and/or with cash out to the homeowner or the homeowner does not occupy the residence as a primary residence.

The original homebuyer receives a fair return on investment, (i.e., the homebuyer's down payment plus capital improvements made to the house. It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may

not receive a return on his or her investment because the home sold for less or the same price as the original purchase price); and

In the event that the homebuyer fails to satisfy the requirements during the term, or otherwise defaults, the City shall exercise its legal rights, as set forth in the Resale Restriction Agreement.

Procedures

The City utilizes a Resale Restriction Agreement (RRA) secured by a deed of trust which is recorded with the Ventura County Recorder's Office.

Staff monitors and requires certification annually by the homeowner that the property is owner-occupied to determine if resale provisions shall be invoked upon discovery of violations for owner-occupancy or unauthorized transfers.

If the homeowner defaults or fails to satisfy requirements during the term, the City will exercise the rights stipulated in the Resale Restriction Agreement.

Property must be sold to an eligible low-income homebuyer which shall acquire the unit subject to the continuation of restrictions provided in the RRA through an assumption agreement.

The purchase price must be affordable for a low-income household who earns up to 80% of the area median income, provided by HUD. The monthly cost for principal, interest, taxes, insurance, HOA fees, utilities, and maintenance should not be more than 30% of the monthly income for the household or otherwise stated in the RRA. There is no preference to a particular segment of the low-income population.

The resale price is calculated using one of two ways methods described below. The method used is identified in the RRA:

Determined as the affordable housing cost for a family at 80% of AMI paying no more than 30% of the monthly income for the household or in accordance of California Health And Safety Code 50025.5, whichever is lesser, but not less than the original price paid by homebuyer, or

Determination using a CPI method to calculate the increase (or decrease) in value of the property. The U.S. Bureau of Labor Statistics Consumer Price Index – All Urban Consumers for the Los Angeles-Riverside- Orange Counties Area (all items based 1982-1984=100) provides the CPI on the date of the calculation and the CPI on the purchase date. The calculation is the CPI on the date of the calculation minus the CPI on the purchase date, plus the cost of improvements to property evidenced with receipts, less 7% depreciation, plus the costs of bringing the housing unit up to current building codes and in a salable condition.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that

will be used under 24 CFR 92.206(b), are as follows:

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

The City does not provide any direct assistance under the HESG program. All written standards vary by service providers and assistance type. However, all providers must ensure recipients meet the minimum qualifications established by HUD for each eligible funded activity. HESG Policies and Handbook is in the process of updating and will be provided to all HESG subrecipients when finalized.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Regional Ventura County Continuum of Care Alliance has established a centralized or coordinated assessment system, Pathways to Home, that provides coordination intake as well as systems to avoid duplication of effort and redundancies.

Pathways to Home is centralized to provide identical information and system-wide tracking through HMIS, of all homeless individuals who seek and /or receive assistance at any one of the various service providers, or through the County directly.

3. Identify the process for making sub-awards and describe how the ESG allocation is available to private nonprofit organizations (including community and faith-based organizations).

The process for making all sub-awards for HESG recipients are as follows:

- a. The City formally posts the Notice of Available Funds (NOFA) in the regional newspaper, on the City's website, and emails and paper mail are sent to all existing and potential service providers from Ventura to Los Angeles.
- b. All interested agencies attend information workshop/application training on the process, which includes all deadline dates and times.
- c. Interested agencies then submit their application, project overview and qualifications
- d. The funding recommendations are adjusted to meet the available resources and cap requirements; reviewed by management and then submitted to the City Council for approval.
- e. All applicants are contacted and urged to attend the City Council meeting in which the items fall on the agenda. All supporting comments and grievances are done at this time.
- f. The Mayor and City Council directs the City Manager and staff to move forward with final processing.
- g. Staff prepare all contracts for execution. Additionally, all internal processes are completed in order to encumber funds to each individual agency.
- h. Contracts are completed and services can begin on July 1.
- i. All HESG contracts are awarded for two years

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services

funded under ESG.

The City meets the homeless participation requirement by having a homeless and formerly homeless person serve on the City's Commission on Homelessness. In addition, each entity receiving city HESG funding is also asked to provide information as to how they involve the homeless.

5. Describe performance standards for evaluating ESG.

PERFORMANCE MEASURES

Performance measures are in place to ensure the efficient administration of all HESG funded activities. Additionally, along with the utilization of the HMIS, these measures will hopefully help to reduce the length of time of family and individuals remain homelessness, reduce the overall incidence of homelessness, and monitor the overall use of emergency shelters. Some of the activity measures are as follows:

- **Emergency Shelters:** Excluding winter shelters, must be able to document placement of a minimum of 10 percent of the homeless persons or households served in the Program Year into transitional or permanent housing.
- **Transitional Housing:** must be able to document placement of a minimum of 50 percent of the households who completed the transitional housing program in the Program Year into permanent housing. "Household" is defined as all clients including single individuals and families.
- **Rapid Re-housing:** must show continued housing of clients receiving assistance for at least three months after receiving assistance. This should be done via case management of clients, documentation and HMIS entry and exit dates.
- **Eviction Prevention:** must show continued housing of clients receiving assistance for at least three months. This should be done via case management of clients, documentation and HMIS entry and exit dates.
- **All clients,** with the exception of victims of domestic violence, must be entered into the Regional HMIS within 15 days of receiving service(s), and must be exited from the system within 30 day of program completion or termination.
- **MINIMUM STANDARDS:** Sub-grantees are expected to have taken steps to meet the Minimum Standards for Homeless Programs within thirty days of executing the Program Year contract.
- **BUILDING AND HABITABILITY STANDARDS:** Any building for which HESG funding is used for renovation, major rehabilitation or conversion must meet local government safety and sanitation standards. In addition, the Sub-Grantee must meet a number of basic standards to ensure that shelter and housing facilities funded through the HESG program are safe, sanitary and adequately maintained.
- **MONITORING:** City staff will monitor the use of grant funds through a combination of a thorough

review of submitted reports, review of audit or financial statements, and monitoring and site visits.

The City will continue to develop and implement eligible activities using the grant funds and through the monitoring and review processes and techniques in order to comply with the federal specific requirements.

Discussion

Homeless Assistance Division continues to fund all the activities prescribed in the HEARTH act. With the subrecipients cooperation, the City's HESG will continue to provide substantial additional leverage funds to invest in the various programs in order to assist the homeless population toward the goal of reduction and ending homelessness. Also, HESG limits the cost categories for administration and planning to 7.5% or \$15,591 from the city's award, and 60%, or 124,729 for street outreach and emergency shelter for a total of \$140,320 for the cost categories indicated above. The remaining balance, a total of 32.5% or \$67,563 towards homeless prevention, rapid re-housing support and homeless management information system (HMIS).
