INTRODUCTORY SECTION

Alexander Nguyen

City Manager

Office of the City Manager

300 West Third Street Oxnard, CA 93030 (805) 285-7430 Fax (805) 385-7595 www.oxnard.org

March 18, 2025

Honorable Mayor, Members of the City Council and Residents of Oxnard:

Il am pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Oxnard, California, for the fiscal year ended June 30, 2024. The format and content of this ACFR comply with the principles and standards of accounting and financial reporting adopted by the Governmental Accounting Standards Board (GASB). The report contains information needed for readers to gain a reasonable understanding of the City's financial affairs.

INTRODUCTION

The accuracy of the City's financial statements and the completeness and fairness of their presentation are the responsibility of City management. The City strives for transparency and accountability to the public by maintaining a system of internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss or unauthorized use and the financial records can be relied upon to produce financial statements in accordance with accounting principles generally accepted in the United States of America (GMP). The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed the benefits likely to be derived.

Eadie + Payne LLP, Certified Public Accountants, has issued an unmodified opinion on the City's financial statements for the fiscal year ended June 30, 2024. The independent auditor's report is located at the front of the Financial Section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor report and provides a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Fiscal Year 2023-24 HIGHLIGHTS

Budget Surplus

During the FY 2024-25 budget cycle, the City of Oxnard approved a general fund budget with a remarkable \$35 million surplus, reflecting prudent fiscal management and economic resilience. This surplus allows the City to make substantial headway on long-term fiscal health by directing funds to reduce its pension liability, addressing one of its most pressing financial obligations.

Additionally, a portion of the surplus has been allocated to strengthen the City's operating reserve, which will help safeguard against future economic uncertainties, enhance financial flexibility, and position Oxnard to respond effectively to unforeseen challenges.

Restoring infrastructure and services

By focusing on infrastructure restoration, the City addresses years of deferred maintenance and service gaps, ensuring that residents benefit from well-maintained facilities, safer streets, and more reliable city services that enhance the quality of life across all neighborhoods.

Investments in street and alley restoration

Recognizing the community's need for improved road quality and accessibility, Oxnard has made substantial investments in street and alley restoration. These projects focus on repairing damaged pavements, reducing hazardous conditions, and improving transportation networks within residential and commercial areas. By prioritizing street and alley restorations, the City aims to extend the life of its road infrastructure, decrease vehicle wear and tear for residents, and promote a cleaner, more attractive environment for all.

Grants for critical infrastructure to start in FY 2024-25 (Harbor study on water contamination, Santa Clara Levee repair, Rice Avenue Overpass)

Oxnard has secured grants for critical infrastructure improvements, with major projects scheduled to begin in FY 2024-25. These grants will fund essential studies and construction efforts, including a harbor study to address water contamination, the repair of the Santa Clara Levee to protect against flood risks, and the construction of the Rice Avenue Overpass to enhance transportation safety and efficiency. Each of these initiatives is integral to the City's vision of creating a safe, sustainable, and resilient infrastructure that meets current and future demands.

First year of newly adopted water rates FY 2023-24 marked the implementation of the City's newly adopted water rates, a carefully structured adjustment aimed at ensuring the sustainability and reliability of Oxnard's water system. These new rates are designed to generate the necessary revenue for ongoing maintenance, system upgrades, and compliance with state and federal regulations. By updating water rates, Oxnard is taking proactive steps to preserve water quality, address infrastructure needs, and ensure that residents and businesses have access to a reliable water supply for years to come.

Started Paving and Restoring Gonzalez Road

Oxnard has initiated the long-awaited paving and restoration of Gonzalez Road, a critical artery within the city's transportation network. This project aims to improve road conditions, reduce traffic congestion, and increase pedestrian and cyclist safety. By enhancing this major roadway, the City is improving the overall transportation experience for residents and visitors, supporting local commerce, and reinforcing Oxnard's commitment to safe and efficient infrastructure.

Fire at Former Sunkist Packaging Plant

A significant incident occurred with the fire at the former Sunkist Packaging Plant, a historical site within the city. The fire underscored the importance of continuous public safety investments and the need for effective emergency response protocols. The City's fire and emergency services teams responded swiftly, mitigating potential risks to nearby properties and ensuring community safety. This event highlights the City's commitment to readiness and resilience, as **well as the ongoing efforts to address safety hazards in aging or unused properties.**

Commissioned Study by UCLA Chicano Studies Research Center to evaluate challenges facing Oxnard's Young Adults.

In an effort to understand and address the unique challenges faced by young adults in Oxnard, the City commissioned a comprehensive study by the UCLA Chicano Studies Research Center. This study will analyze key socioeconomic and educational factors impacting young people in the community, providing valuable insights that will guide future policy and program development. By partnering with a reputable research institution, Oxnard is taking proactive steps to invest in its youth, with the ultimate goal of fostering a supportive environment where young residents can thrive and contribute positively to the community.

CITY OF OXNARD PROFILE

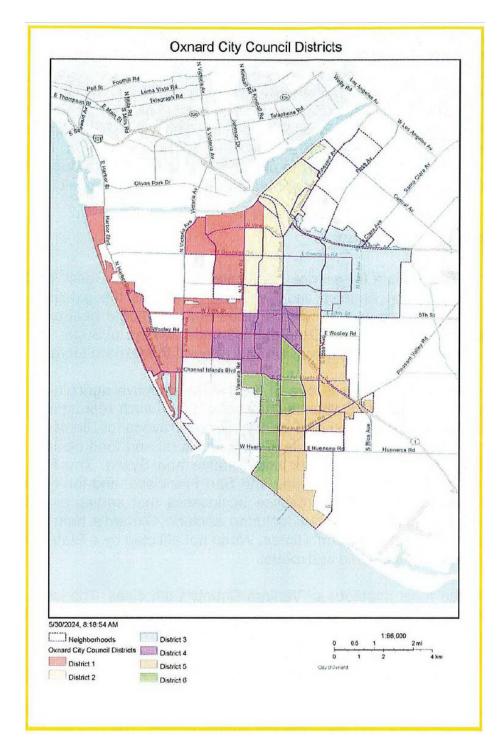

The City of Oxnard is a full-service city located on the "Gold Coast" of California, approximately halfway between Los Angeles and Santa Barbara. It is the gateway to the Channel Islands National Park. Oxnard was founded in 1903 near the sugar beet processing facility owned by the Oxnard brothers. Henry T. Oxnard, the founder of Crystal Sugar, led the effort to incorporate the City. Shortly after incorporation, the City opened the Oxnard Library.

The adjacent Oxnard Plain is one of the most productive agricultural areas in the country. It produces one-third of the California strawberry crop, which represents 85% of the U.S. market. Other high-value crops produced nearby include avocados, lemons, Brussels sprouts, and artichokes, so Oxnard remains a leading agricultural and food center. The City is home to the West Coast operations of Procter and Gamble and Sysco.

The Port of Hueneme, the only navigable port between Los Angeles and San Francisco, and the Naval Base Ventura County have attracted defense and aerospace businesses that served as a foundation for Oxnard's aerospace, technology, and manufacturing sectors. Oxnard's harbor and beaches support a strong tourism industry in normal times. When not afflicted by a Statewide or national recession, the local economy is diverse and robust.

Oxnard is the most populous of Ventura County's ten cities. The last US Census Bureau data available as of July 1, 2022, estimates a population above 200,000 residents, and approximately 75% of its residents consider themselves Hispanic or Latino. Oxnard's housing cost is rising, but remains less expensive than the County average. Lower costs and available flat land near the Pacific coast have prompted major housing developments in recent years.

The City operates under a City Council - City Manager form of government. The Council is responsible for policy and approves the annual budget. The City Manager is responsible for the daily operations of the City. The City Council appoints the City Manager and City Attorney. The City Council consists of the Mayor and six district-elected Councilmembers. The term of office is four years for all elected officials, with elections held every two years for three City Council seats at a time. The Mayor is elected at large during presidential election years. The City Treasurer is elected Citywide at the same time as the Mayor. The City Clerk, also elected citywide at the same time as the Mayor, manages the City Council and Committee meeting agenda process, official records, and elections.

Names and photographs of the Mayor, City Councilmembers, City Treasurer, and City Clerk, plus an organization chart with the names of appointed City officials as of June 30, 2024, are included at the back of the Introductory Section of the ACFR.

The City provides the following government and business-type services:

| Government Activities | Business-Type Activities | | |
|---|--|--|--|
| Governance, including finance, human resources, risk management, information technology, City Attorney, City Treasurer, City Clerk and City Manager | treatment, distribution, and conservation, and | | |

| Police - including records, dispatch, patrol, investigations, traffic enforcement and animal safety | Wastewater - Collection, treatment of wastewater (sewer) and administration and operation of stormwater programs for drainage and surface runoff |
|---|---|
| Fire - including hazardous materials storage regulation and incident response, prevention, suppression, medical rescue, and emergency response | Environmental Resources - collection and disposal of solid waste and operation of recycling collection and marketing programs |
| Community Development - including land use/planning, building inspection, zoning, code enforcement, and successor agency obligations | Housing Authority - administration of Section 8 rental assistance program, affordable housing, and Community Development Block Grant administration |
| Public Works - including engineering and capital asset planning, streets and roads, rights of way, park and landscape maintenance, special districts administration and service management, facilities and fleet maintenance, and management of utility enterprise operations | Golf Course - operation and maintenance of the City's River Ridge golf course |
| Culture, Leisure, and Libraries - including recreation, after-school, youth employment, Performing Arts & Convention Center, and the library system | |

LONG-TERM ECONOMIC OUTLOOK

The largest employers in the City of Oxnard include Amazon, Haas Automation, Reiter Affiliated, the Oxnard School District and the Oxnard Union High School District, St. John's Regional Medical Center, and the City of Oxnard. Other major employers in and near the City include the Naval Base Ventura County, which employs over 20,000 people, the County of Ventura, which employs more than 8,000, household names such as Procter and Gamble; and agricultural beacons such as Boskovich Farms, Gill's Onions, and Mission Produce.

Four districts provide K-8 education to Oxnard residents; the Oxnard Union High School District educates more than 45,000 students combined. Oxnard is also home to Oxnard College, which is part of the Ventura County Community College District and has an enrollment of approximately 7,000 students. In addition, many Oxnard students continue their post-secondary education at nearby universities such as California State University Channel Islands, University of California, Santa Barbara, California Lutheran University, and universities with satellite campuses in Oxnard such as National University and Azusa Pacific University. The City developed the Oxnard Employee Pipeline in conjunction with the Chamber of Commerce and Oxnard College to provide specialized training to underemployed residents enabling them to provide our local companies with a pipeline of skilled employees.

The excellent climate we enjoy, coupled with our harbor, beaches, parks, and vibrant cultural events and festivals, make the City of Oxnard a top tourist destination and support many tourist-serving businesses in normal circumstances. In addition, Oxnard's mix of agricultural, manufacturing, and retail sectors provides a strong and diverse economic base on which to build future economic activity. Businesses located in Oxnard are further strengthened by the steady increase in residential and commercial development throughout the City.

Oxnard's economic growth is driven by its diverse economic base, strategic location, and investments in key sectors. The City continues to support initiatives to foster economic development, attract investment, and enhance the quality of life for residents and businesses alike, such as the continued development of Sakioka Business Park, residential and commercial construction in downtown Oxnard, and the renovation campaign for Zachari Dunes on Mandalay Beach.

Central to our economic development effort is the drive to make our residents more employable at any higher-paying business. To accomplish this requires the City to work closely with Oxnard Community College to provide the necessary education and training to up-skill many of our residents.

The City continued the multiyear process of updating its information systems through the implementation of a new ERP system that includes Finance, Human Capital Management Permitting and Licensing, Asset Management, and Utility Billing to streamline operations, improve data visibility and accuracy, and enhance collaboration and communication among departments.

FISCAL CONDITION

The City's voters have supported restoring service levels by approving a 1.5% supplemental transaction and use tax on November 3, 2020, for the General Fund. The new citywide tax rate became effective on April 1, 2021. The supplemental transactions and use tax, known as Measure E, generated \$12.6 million in additional General Fund revenue in the fiscal year 2020-21 and has generated \$56.6 million in the fiscal year 2021-22, \$56.8 million in the fiscal year 2022-23 and \$56.2 million in the fiscal year 2023-24, to support the restoration of pre-pandemic service levels. In 2008, the City's voters approved a 20-year 0.5% supplemental transactions and use tax, known as Measure 0, that sunsets in March 2029. The Measure 0 supplemental transactions and use tax generated revenue of \$19.0 million in fiscal year 2022-23 and \$18.8 million in fiscal year 2023-24.

Fiscal year 2023-24 has been the second full year of operations for the new Amazon fulfillment center with a significant source of new employment for the City. The Amazon center and the pandemic recovery have increased commercial activity and have had a positive impact on the economic growth of the City. The City will continue to monitor the impact of potential changes in tax apportionment rules on future sales tax proceeds, as well as the opening of competing commercial businesses in neighboring communities.

Standard and Poor's Global Ratings upgraded the City's issuer Credit Rating From "A+" to "AA-" on December 17, 2024. The report also revised its long-term underlying rating on the City's lease revenue bonds from "A" to "A+," the City's Gas Tax Bond from "AA-" to "AA" and assigned a "stable" outlook to all three. The City was sued by Moving Oxnard Forward to invalidate the approvals of lease revenue bonds and pension obligation bonds, restricting its ability to issue municipal bonds. This has limited the City's access to capital markets and prevented the City from securing funds that most American cities and counties rely on for major capital improvements. While the litigation is ongoing, the City will be cash-funding major capital infrastructure projects.

In fiscal year 2023-24, the General Fund Group total fund balance increased by \$40.1 million due to the increase in sales tax revenue driven by the Amazon fulfillment center and the recovery to pre-pandemic levels. The improvement in fund balance will need to be dedicated to supporting the execution of the much-needed capital improvement projects in the upcoming fiscal years until the bond litigation is resolved while supporting reserve levels and reducing long-term debt.

Final Comments

I wish to express my appreciation to the City Council, the staff members in the Finance Department and other departments, and Eadie and Payne's audit staff for assuring that the City's Annual Comprehensive Financial Report meets the highest standard of reporting and provides useful information about our City.

Respectfully submitted,

Alexander Nguyen City Manager

INDEPENDENT AUDITOR'S REPORT

To the City Council City of Oxnard Oxnard, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oxnard, California (City), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oxnard, California, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Oxnard Housing Authority, a blended component unit, which represent 1.59% and 8.28%, respectively, of the government-wide assets and revenues. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Oxnard Housing Authority, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audit contained in *Government Auditing Standards*, issued by the Comptroller general of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City of Oxnard, California, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the City's internal control. Accordingly, no
 such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information for the General Fund Group, Affordable Housing Fund, Development Fees Fund, State and Federal Grants Fund and Capital Improvement Fund, the schedules of changes in net pension liability and related ratios. the schedules of proportionate share of the net pension liability and related ratios, the schedules of plan contributions, and the schedule of changes in total OPEB liability and related ratios on pages 5 through 27 and 150 through 161 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual General Fund Group, nonmajor funds, internal service funds and fiduciary funds financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual General Fund Group, nonmajor funds, internal service funds and fiduciary funds financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual General Fund Group nonmajor, funds, internal service funds and fiduciary funds financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information Included in the Annual Comprehensive Financial Report

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Eadie and Payne, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Oxnard (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our Letter of Transmittal, which can be found on pages i-vi of this report. Comparative data on the government-wide financial statements are only presented in the Management's Discussion and Analysis.

FINANCIAL HIGHLIGHTS

Government-Wide

- On June 30, 2024, the City's assets and deferred outflows exceeded liabilities and deferred inflows by \$2.5 billion (net position). Of this amount, \$2.3 billion is invested in capital assets and \$175.3 million is restricted, offset by \$(9.4) million that is unrestricted (Page 10).
- The City's total net position increased \$85.3 million (3.6 percent), during the fiscal year. Governmental activities net position increased by \$62.3 million. Business-type activities increased by \$22.9 million (Page 13).
- Beginning net position governmental activities was restated to include a \$17.8 million capital asset associated with the transfer of Successor Agency capital assets from the former redevelopment agency into governmental activities. Additionally, \$14.4 million was recorded for construction in progress and \$2.2 million capitalized as Infrastructure, reflecting capital improvement expenses from prior periods related to both governmental and business-type activities. The total net effect of the restatements increased the governmental-wide net position by \$34.5 million. Refer to Note II. L on page 111 for further details.

Fund Based

- At the close of fiscal year 2023-24, governmental funds reported a combined ending fund balance of \$262.6 million, an increase of \$55.3 million from the prior year. The ending fund balance is primarily identified as: \$0.05 million non-spendable (0.02 percent), \$111.7 million restricted (42.5 percent), \$77.6 million committed (29.5 percent), \$57.3 million assigned (21.8 percent), and \$15.9 million unassigned (6.0 percent). (Page 19).
- At the close of the fiscal year, fund balance for the General Fund group of funds was \$132.7 million consisting primarily of \$0.04 million non-spendable (0.03 percent), \$5.08 million restricted (3.8 percent), \$54.4 million committed (41 percent), \$57.3 million assigned (43.2 percent), and \$15.9 million unassigned (12 percent). (Page 19).
- General Fund group revenues for the year were \$265.4 million compared to FY23 of \$240.5 million. The City's General Fund group revenues are comprised of a wide variety of sources. The two largest revenue sources are sales tax, which represent slightly more than half (51 percent), and property tax, which represent close to one-third (27 percent)

of all General Fund group revenue, respectively. The General Fund sales tax revenues, including 1 percent Bradley Burns and 1.5 percent Measure E sales and use tax, is largely generated from three industry categories: 1) auto, fuel, and transportation, 2) general consumer goods, and 3) restaurants and hotels, and also encompasses cannabis tax. Total revenues increased by \$24.9 million or 10.3 percent from the prior year's revenue of \$240.5 million (Page 20). The City continues to experience increased sales tax revenues driven by higher sales from the Amazon distribution center, and elevated inflation on consumer goods.

- General Fund group expenditures were \$202.5 million. Total expenditures increased by \$11.2 million or 5.8 percent compared to the prior year's expenditures of \$191.3 million (Page 21). The increases are driven by higher wages along with fewer vacancies compared to FY23, increased funding for street sweeping, Measure O one-time funding for IT contractors, and increased maintenance and fixed charges relating to Liability Insurance, Facilities, Fleet, and IT central support services.
- General Fund group net transfers increased by \$6.9 million reaching \$22.9 million compared to \$16 million in the prior year. This increase is primarily due to a \$3.3 million one-time transfer to restore the State Gas Tax Fund balance deficit (Page 23), along with an approximate \$2.2 million increase in contributions to the capital fund to cash-funded capital improvement projects primarily focused on neighborhood and alleyway resurfacing.
- At the close of the fiscal year, the Water Fund Group net position was \$150.1 million, an increase of \$4.5 million over the prior fiscal year (Page 24), primarily due to the implementation of new water rates effective in FY24.
- At the close of the fiscal year, the Wastewater Fund Group net position was \$219.2 million, an increase of \$19.1 million over the prior fiscal year (Page 24). This is primarily attributed to steady revenues exceeding spending, particularly due to timing of capital expenditures for multi-year capital improvement projects that will be carried over to the next fiscal year.
- At the close of the fiscal year, the Environmental Resources Fund Group net position was \$11.8 million, a decrease of \$9.2 million from the prior year (Page 24), mainly due to operating revenues lagging behind operating expenditures.
- At the close of the fiscal year, the Golf Course Fund Group net position was \$49.5 million, an increase of \$0.8 million from the prior year (Page 24), primarily driven by the increase in golf course net operating revenues of \$0.8 million in FY24.
- The Oxnard Housing Authority's net position increased \$7.3 million, from \$30.9 million to \$38.2 million, compared to the prior fiscal year's increase of \$4.5 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business financial statement. The focus of these statements is to report all financial resources and obligations of the City.

The statement of net position presents information on all of the City's assets and deferred outflows, and liabilities and deferred inflows, with the difference reported as net position. Generally, deferred inflows and outflows represent amounts related to differences in the timing of recognition of revenues and expenses compared to the timing of related financial resources. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, all of the fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid. (Examples include earned but unused vacation leaves or taxes collected by other entities not yet remitted to the City.)

Government-wide financial statements distinguish City governmental activities, principally supported by taxes and intergovernmental revenues, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities of the City include general government, public safety, public works, housing, community development, culture, leisure, and library services. Business-type activities of the City include water, wastewater, solid waste management, golf course, and the Oxnard Housing Authority component unit. The government-wide financial statements can be found on pages 28-30 of this report.

Fund financial statements

Fund financial statements are designed to report information about groupings of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. City funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. A reconciliation between governmental funds and governmental activities in the government-wide financial statements is provided for both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances.

The City maintains many individual governmental funds organized by their type (special revenues, debt service, and capital improvement funds). The City has five governmental fund groups classified as major funds requiring separate presentation in the basic financial statements: the General Fund, the Affordable Housing Fund, the Development Fees Fund, the State and Federal Grants Fund, and Capital Improvement Funds. The Capital Improvement Fund accounts for revenues and expenses related to major infrastructure projects such as equipment purchases and capital improvements. Data from the remaining governmental funds are combined into a single, aggregated presentation as nonmajor governmental funds. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements shown on pages 171-174

The City adopts an appropriated budget for its General Fund Group and special revenue funds, among others. Budgetary comparison statements demonstrate compliance with this budget on pages 157-161, 167-169, and 175-182.

The basic governmental funds financial statements can be found on pages 31-38 of this report.

Proprietary funds are generally used to account for services for which the City charges fees to outside customers or internal departments of the City. Proprietary funds provide the same type of information as shown in the government-wide statements, only in more detail. The City maintains the following two types of proprietary funds:

• **Enterprise Funds** are used to report the same functions presented as business-type activities in the government-wide financial statements.

The City uses enterprise funds to account for the operations of water, wastewater, environmental resources, the City's golf course, and the Oxnard Housing Authority component unit.

 The Oxnard Housing Authority is audited separately. Readers should contact the Authority at Housing Administrative Services, 435 South D Street, Oxnard CA 93030, (805) 385-8041 for more information. • Internal service funds are used to report activities that provide internal services for the City. The City uses internal service funds to account for its liability and workers' compensation self-insurance, utility customer billing, information technology services, and facilities and equipment maintenance (primarily fleet services). Because internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements found on pages 183-189.

The basic proprietary funds financial statements can be found on pages 39-48 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements, because the resources of those funds are not available to support the City's own programs.

The City is the trustee, or fiduciary, for an employee pension plan and the Community Development Commission (CDC) Successor Agency. The basic fiduciary funds financial statements can be found on pages 49-50 of this report.

Notes to basic financial statements

The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 51-148 of this report. Notes providing additional detail about the CDC Successor Agency can be found on pages 142-148.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain Required Supplementary Information (RSI) concerning the City's progress in funding its obligation to provide pension and other post-employment benefits (OPEB) to its hourly and full-time employees, the Schedules of Changes in Net Pension and OPEB Liability and Related Ratios, and Schedule of Plan Contributions. Also included in RSI are the budgetary comparison schedules for the major governmental funds. RSI can be found on pages 150-161.

Combining statements for the General Fund Group, non-major governmental funds, internal service funds, and custodial funds are presented immediately following the RSI. Combining financial statements and schedules can be found on pages 163-192 of this report.

Statistical tables regarding fiscal trends, revenue capacity, debt capacity, demographic and economic information, and operating information can be found on pages 194-220 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. City assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$2.5 billion at the close of the fiscal year 2023-24 as detailed below:

Statement of Net Position June 30, 2024 (in thousands)

| | Governmen | tal Activities | Business-Ty | pe Activities | To | otal |

| Net Position: | | | | | | |
| Net Investment in Capital Assets | 1,953,421 | 1,941,136 | 349,626 | 304,641 | 2,303,047 | 2,245,777 |
| Restricted | 111,742 | 113,608 | 63,582 | 63,932 | 175,324 | 177,540 |
| Unrestricted | (65,378) | (117,301) | 56,014 | 77,723 | (9,364) | (39,578) |
| Total Net Position | \$ 1,999,785 | \$ 1,937,443 | \$ 469,222 | \$ 446,296 | \$ 2,469,007 | \$ 2,383,739 |

The largest portion of the City's net position reflects its net investment of \$2.3 billion in capital assets (land, buildings and improvements, equipment and machinery, vehicles, infrastructure, and construction in progress, net of accumulated depreciation), less related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to residents; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another portion of the City's net position, \$175.3 million, represents resources that are subject to external restrictions on their use. The remaining balance of unrestricted net position is negative \$ 9.4 million.

This unrestricted net position is primarily attributable to the implementation of GASB statements 68 and 75 to record liabilities for employee pensions and other post-employment benefits. These liabilities will be liquidated with revenues received in future years that cannot be accrued in these financial statements.

Capital Assets

Investments in capital assets for governmental and business-type activities as of June 30, 2024 totaled \$2.6 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, equipment and machinery, vehicles, infrastructure, and construction in progress. The total increase in capital assets for the fiscal year 2023-24 was \$38.5 million, which represents \$9 million or 0.4 percent increase from the prior year for governmental activities and \$29.5 million or 5.2 percent increase in business-type activities. Additional information on the City's capital assets can be found on pages 84-85 in the notes to the financial statements. Capital assets are summarized below:

City of Oxnard

| Totals | \$ 2,034,378 | \$ | 2,025,407 | \$ 592,281 | \$ | 562,545 | \$ 2,626,659 | \$ | 2,587,952 | |

Major capital project activities during fiscal year 2023-24 included the following:

- Governmental activities construction in progress increased by \$13 million, with \$30.2 million added for ongoing projects such as Rice Ave at 5th Street, Mandalay Bay Channel Island bridge, Edison Canal, ERP Implementation Phase II, Arterial Street Resurfacing, Neighborhood Street Resurfacing, Adaptive Traffic Signals, and Aquatic Center South Oxnard. This was offset by \$17.2 million for completed projects, including Ventura Blvd Sidewalk Improvements, Community Center East Park Improvements, the Council Chamber Remodel, ERP Implementation Phase I, and Various Roof Replacement projects that were capitalized and added to the assets.
- The \$39.3 million net increase in business-type activities construction in progress was primarily due to progress on the following projects: Aquifer Storage and Recovery

Completion project, Automated Meter Infrastructure Replacement project, Blending Station Improvements, Kamala Park Pipe Replacement, Central Trunk Sewer Pipe Replacement, Well 20 Rehabilitation, OWTP Reliability Improvement, Lift Station Improvements, and Scale House Refurbishing.

• The prior year's capital assets balance was restated and increased by \$34.4 million due to a \$17.8 million transfer of Successor Agency assets to governmental activities. Additionally, \$14.4 million was added as construction in progress including projects Advanced Metering Infrastructure (AMI) replacements, Mandalay Bay Channel Island bridge, Edison Canal, and Street resurfacing, and \$2.2 million was capitalized as Infrastructure for prior period capital improvement expenses related to the Cast Iron replacement project. Of this, \$6.3 million relates to governmental activities and \$10.3 million to business-type activities. Additional information on these restatements can be found on pages 111-113 in the notes to the financial statement - Prior Period Adjustments section.

Long-Term Debt

At the end of fiscal year 2023-24 the City had total long-term debt outstanding of \$341 million. This reflects a decrease of \$7.1 million, or 7.2 percent, in governmental activities and a decrease of \$14.6 million, or 5.5 percent, in business-type activities.

The City's bonds are rated by S&P Global Ratings. As of June 30, 2024, the City's issuer credit rating was "A+" while maintaining ratings of "A" for General Lease Revenue Bonds, "AA-" for Gas Tax, "A" for Water, and "A" for Wastewater Bonds.

Additional information on long-term debt can be found on pages 86-108 in the notes to the financial statements. Long-term debt is summarized below:

City of Oxnard Outstanding Debt (net of discounts/premiums) June 30, 2024 (in thousands)

| | Governmental Activities | | | | Business-Ty | ctivities | Total | | | | |

| Note Payable | | - | | - | 482 | | 270 | | 482 | | 270 |
| Totals | \$ | 92,092 | \$ | 99,219 | \$ 248,914 | \$ | 263,284 | \$ | 341,006 | \$ | 362,503 |

• Governmental activities' Long-Term Debt decreased \$7.1 million due to principal payments made during the year.

- Governmental activities' subscription liabilities increased \$0.1 million primarily due to the addition of new subscriptions for \$1.4 million offset by \$1.3 million of subscription payments made during the year.
- As of July 1, 2023, the City recorded a prior period adjustment to correct the liability related to the Lease Purchase Agreement for Series 2014 A&B – Fire Station 8. Please refer to pages 111-113 in the notes to the financial statement - Prior Period Adjustments section.
- Business-type activities' long-term debt decreased \$14.6 million primarily due to principal payments made during the year.

Statement of Activities

The statement of activities shows how the City's net position changed during fiscal year 2023-24. These changes are explained in the governmental and business-type activities on the following pages. Provided below is a summary of changes in net position:

Governmental activities increased the City's net position \$62.3 million compared to the prior fiscal year's increase of \$38.9 million. This is driven by a combination of higher revenues compared to expenses, partially offset by transfers to business-type activities. The key elements of the changes in net position were as follows:

General revenues increased \$29.8 million, or 13.2 percent, mainly due to higher sales tax revenue driven by economic growth, inflation, and the presence of the Amazon distribution center. Additional factors included higher property tax revenues, increased cannabis-related revenues, and greater investment income due to higher yields, more securities invested, and increase in the fair market value of the City's investments at fiscal year-end.

Program revenues increased \$28 million, or 33.3 percent, driven by an \$12 million increase in charges for services, primarily due to higher revenues from licenses, permits, and impact fees associated with new projects and construction, such as apartment units, restaurants, and a new hotel. Additionally, grant revenues increased by \$15.8 million, reflecting departments securing new awards and increased spending on grant-funded projects, such as OWTP Reliability Improvement, Edison Canal Bridge, Housing Encampment Resolution, Afterschool, PLHA, and CDBG Grants. The City also recognized \$10.2 million in ARPA funds during this fiscal year compared to \$9.6 million in FY23.

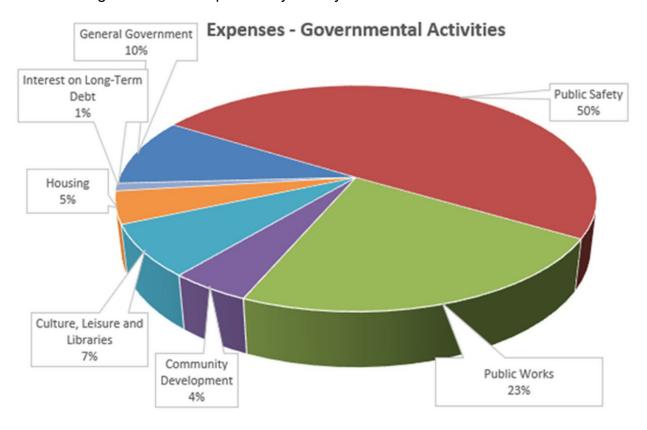

The breakdown of governmental revenues by source is shown below:

Expenses increased by \$38.3 million, reflecting higher spending across multiple departments, including General Government, Public Works, and Public Safety. The changes are explained below:

- Public safety expenses increased by \$15.8 million, driven primarily by increased salaries and benefits resulting from fewer vacancies, annual salary adjustments per approved MOUs, higher pension liabilities, increase costs for professional services and internal support services, and increases to the net pension and compensated absence liabilities.
- General Government expenses increased \$3.3 million primarily due to increase contractual services, compensated absences liabilities, and contributions to other agencies, including a \$2 million contribution to VTA Family Justice Center. Notably, the increase in expenses also includes a \$2 million decrease to the net pension liabilities, reflecting a slight rebound in the CalPERS investment portfolio as the stock market continued leveling out.
- Public Works Department's expenses increased by \$8.2 million, driven primarily by increase in salaries and benefits resulting from reduced vacancies, annual salary increases per approved MOUs, as well as increases in contractual services, utility costs, and internal support service costs.
- Culture, leisure and library services expenses increased by \$3.9 million primarily due to higher personnel costs driven by increased staffing levels and fewer vacancies compared to the prior year, as well as an increase in grant-funded spending.
- Housing department expenses increased by \$3.6 million primarily due to increase in grant spending.
- Community Development expenses increased by \$3.7 million primarily due to increase in salaries and benefits due to lower vacancies.

The breakdown of governmental expenses by activity is shown below:

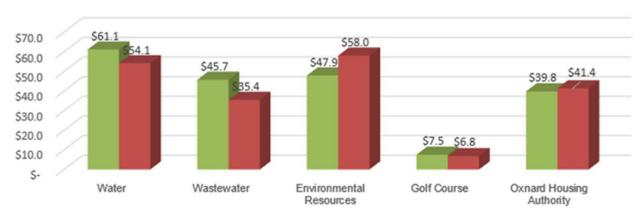

Business-type activities increased the City's net position by \$22.9 million compared to the prior fiscal year's increase of \$8.4 million. Key elements of net position changes from the prior fiscal year were as follows:

- Water's net position increased by \$4.5 million, rising from \$145.7 million to \$150.1 million, in contrast to a decrease of \$6.1 million in the prior year. This increase is primarily due to a net operating income of \$7 million, resulting from operating revenues exceeding expenses following the implementation of newly adopted water rates effective in FY24, partially offset by \$2.5 million in non-operating expenses and transfers, largely from annual interest payments on long-term debt. The prior year net position was impacted by restatement of \$8.2 million for construction in progress and \$2.2 million for the capitalization of cast iron pipe project, both related to prior year capital expenditures.
- Wastewater's net position increased by \$19.1 million, from \$200.1 million to \$219.2 million, due to a combination of net operating income of \$10.2 million, timing of capital expenditures for multi-year projects that will be carried over to the next fiscal year, a \$7.5 million transfer from grant funds to the wastewater capital fund for the OWTP Reliability Improvement project, and \$1.4 million in non-operating income, primarily from investment interest.
- Environmental Resources' net position decreased by \$9.2 million from \$21 million to \$11.8 million, compared to the prior year decrease of \$15.1 million. This decrease was primarily due to operating revenues lagging behind operating expenses, partially offset by non-operating income and transfers, driven by interest on investments. On April 16, 2024, Ordinance No. 3043 was approved and adopted by the City Council to establish new solid waste rates and fees for customer use from the City's Environmental Resources Division. The new rates and fees became effective on July 1, 2024, and are supported by a Cost of Services Study completed by the City's Public Works Department. The new rates and fees span a five-year financial plan for the Environmental Resources Enterprise Fund to ensure financial sufficiency, meet operations and maintenance costs, provide funding for capital replacement, and improve the financial health of the enterprise.
- The **Golf Course's** net position increased \$0.8 million, from \$48.7 million to \$49.5 million. This increase is primarily driven by net operating revenues.
- The **Oxnard Housing Authority's** net position increased \$7.3 million, from \$30.9 million to \$38.2 million, compared to the prior fiscal year's increase of \$4.5 million.

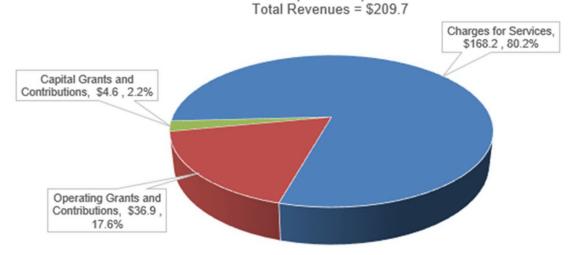

A comparison of program revenues to total expenses for each of the business-type activities, as well as a breakdown of revenues by type, is provided in the next two graphs. For business-type activities, charges for services provide the largest share of revenues (80.2 percent), except for the Oxnard Housing Authority Fund, which is primarily funded with operating grants.

Program Revenues by Source - Business-Type Activities (in millions)

FUND FINANCIAL ANALYSIS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the close of fiscal year 2023-24, City governmental funds reported a combined ending fund balance of \$262.6 million, an increase of \$55.3 million during fiscal year 2023-24 when compared to the prior fiscal year fund balance of \$207.3 million. This increase was primarily due to increase in fund balances for the General Fund Group by \$40.1 million, Development Fee Fund by \$10 million, and Non-major Fund by \$4.7 million. Fund balance consists of \$0.05 million in non-spendable fund balance, \$111.7 million in restricted fund balance, \$77.6 million in committed fund balance, \$57.3 million in assigned fund balance and \$15.9 million in unassigned fund balance. Refer to pages 31-38 for more details on governmental funds.

General Fund Group – Fund Balance Analysis

The General Fund Group's combined fund balance increased \$40.1 million in fiscal year 2023-2024, reaching \$132.7 million, primarily driven by robust sales tax revenues from Amazon distribution center fueled by inflation and economic growth, along with an increase in property tax revenues, cannabis tax, and higher investment income. The General Fund Group's fund balance consists of \$0.04 million in non-spendable, \$5.08 million in restricted fund balance, \$27.9 million in funds committed to multi-year capital projects, \$26.5 million committed to Measure O eligible services, \$20 million assigned to pension per City Council approved action, \$37.3 million assigned to operating reserves, and \$15.9 million as unassigned.

General Fund Group – Revenue and Expenditure Analysis

General Fund Group Revenues for fiscal year 2023-24 were \$265.4 million, an increase of \$24.9 million, or 10.3 percent, compared to the prior fiscal year.

| Total \$ 265,415 \$ 240,539 \$ 24,876 10 | 0.3% |

- Sales tax revenue increased by \$5.9 million, or 4.6 percent, primarily driven by Amazon's distribution center and overall inflation. Also, Cannabis sales tax contributed \$0.9 million of this growth, reflecting an increase from two dispensaries operating for six months in FY23 to seven in FY24.
- Property tax revenue increased by \$3.9 million, or 5.8 percent, primarily due to growth in assessed property valuation, including supplemental assessments, as well as an increase in residual distribution from the Successor Agency. Median housing price in Oxnard increased by 4.1% compared to FY23.

- Licenses and Permits and Charges for Services increased by \$2.2 million, or 13.7 percent, primarily due to increased building permits and fire inspections attributed to demand in construction activities. Additionally, Business License fees increased by \$1 million mainly due to a one-time fee adjustment for Amazon, higher business gross receipts, and the effects of inflation.
- Investment income increased by \$9 million, primarily due to a \$7.2 million unrealized gain from the fair market value adjustments and a \$1.7 million increase in interest earnings. This increase is attributed to a rise in securities held and higher interest rates, with the average yield increasing from 2.43% in FY23 to 2.65% in FY24.
- Miscellaneous revenue rose by \$3.6 million, driven by a contribution for Ormond Beach development, restricted for the Ormond Beach public beach park development, contribution to the Harbor Water Quality Mitigation, and a million increase in cannabis revenues, which has been earmarked for improvements to the Colonia Multi-Service Center Building.

General Fund Group Expenditures for fiscal year 2023-24 increased \$11.2 million, or 5.8 percent, compared to the prior fiscal year.

Comparison of General Fund Group Expenditures (in thousands)

| | Fiscal Year 2024 | Fiscal Year 2023 | Increase (Decrease) Compared to Prior Fiscal Year | % of Increase (Decrease) Over Prior Fiscal Year |

| Total | \$ 202,463 | \$ 191,305 | \$ 11,158 | 5.8% |

- General government expenditures increased \$1.8 million or 8.4 percent compared to the prior year, primarily driven by increase in salaries and benefits, contractual services, and IT central support charges.
- Public safety expenditures increased \$4.2 million, or 3.8 percent, primarily due to higher personnel costs for wages and benefits per the MOUs along with fewer vacancies

compared to FY23, and rising internal support costs, including fleet, liability insurance, and IT central support.

- Community Development expenditures increased by \$0.4 million, or 3 percent, mainly
 due to higher personnel costs in the Building and Engineering Division resulting from
 fewer vacancies compared to the prior year which was partially offset by lower contractual
 services.
- Culture Community Services expenditures increased \$1.7 million, or 13 percent, primarily
 due to increase in personnel cost driven by increased staffing and fewer vacancies
 compared to the prior year, as well as higher central support service costs, such as
 facilities, liabilities insurance charges and IT support.
- Public Works expenditures increased by \$4.6 million, or 18 percent, primarily due to increase in personnel costs driven by wage adjustments per the MOU, fewer vacancies compared to FY23, additional support for capital projects, and the reallocation of the illegal dumping cleanup program from the Environmental Resources Fund to the General Fund. Other contributing factors include a \$0.3 million reallocation of the citywide street sweeping program from the Environmental Resources Fund to the General Fund, a \$0.9 million rise in costs to meet the state's prevailing wage mandate, a \$0.95 million increase in internal central support services such as facilities and liability insurance, and a \$0.6 million increase in utility costs.
- Housing expenditures decreased by \$1.2 million, or 28.6 percent, primarily due to reduced contractual services for Measure O homeless programs, which were one-time costs in the prior year.

Affordable Housing

The Affordable Housing Fund balance increased by \$0.3 million compared to the prior year, primarily due to an increase in fair market value adjustments, interest income, and residual receipts from developer notes.

Development Fees Fund

The Development Fees Fund accounts for development fees that the City collects on new development projects to provide resources for related projects such as parks, storm drain facilities, traffic improvement, utility undergrounding, and community development. The Development Fees Fund balance increased by \$10 million, compared to the prior year's increase of \$0.3 million. This increase was primarily driven by revenues from new projects and construction, including apartment units, restaurants, and a new hotel, as well as an unrealized gain from fair market value adjustments and increased interest earnings.

State and Federal Grants Fund

The State and Federal Grants Fund balance increased during the current year by approximately \$0.2 million due to revenue recognition associated with the prior year's spending related to the State program for gang violence suppression.

Capital Improvement Fund

The Capital Improvement Fund captures all capital-related projects for governmental funds and has been identified as a major fund beginning in FY23. In fiscal year 2023-2024, Capital Improvement Fund expenditures totaled \$35 million, reflecting a \$8.7 million decrease compared to prior year's expenditures of \$43.4 million. The FY24 expenditures includes \$12.6 million for neighborhood and alleyway resurfacing, \$3.3 million for ERP implementation, \$4.3 million for the Mandalay Bay Channel Island bridge and Edison Canal, \$3.3 million for Police Radio Communication upgrade, \$3.1 million for traffic signals, \$1.4 million for the aquatic center, \$1.3 million for roof replacements, and \$0.8 million for parks, playground replacements, and public restroom improvements.

Nonmajor Governmental Funds

The Nonmajor Governmental Fund balance increased by approximately \$4.7 million during the year. This increase was primarily due to a one-time General Fund transfer to the Gas Tax Fund approved by City Council June 4th 2024, and net operating income generated by the CUPA Funds.

Proprietary Funds

The City's proprietary funds financial statements provide the same type of information found in the government-wide financial statements for business-type activities with greater detail.

Details on the net positions for the Water, Wastewater, Environmental Resources, and Oxnard Housing Authority funds are provided below:

| | | | | |

General Fund Group Revenues were \$19.8 million, or 8.1 percent, higher than final budget as a result of combination of higher than anticipated sales and property tax revenue along with higher investment income.

- Sales tax revenues were \$5.7 million higher than both original and final budget primarily driven by presence of the Amazon distribution center, and overall inflation.
- Property taxes were \$2.8 million higher than both original and final budget due to greater than anticipated growth in assessed property valuation, including supplemental assessments, as well as an increase in residual distribution from the successor agency.
- Investment income was \$7.8 million higher than both original and final budget primarily due to unrealized gain related to fair market value adjustment, increase in securities invested and higher interest rates.
- License and Permit revenue were \$1.2 million higher than both original and final budget primarily due to increase in building permits and fire inspections. Additionally, Business License Fee revenue was \$1.2 million higher than projections, due to higher business gross receipts, and the effects of inflation.

General Fund Group Expenditures were \$13.9 million, or 6.4 percent, lower than final budget as a result of the following:

- General Government expenditures were \$2.9 million lower than budget primarily due to vacancy savings and lower contractual spending.
- Public Safety expenditures exceeded the budget by \$1.3 million, primarily due to higher personnel costs as the Fire Department could not achieve the anticipated salary savings because of staffing needs and mutual aid assistance, with Police overtime partially offset by unrealized vacancy savings.
- Public Works cost were \$5.6 million lower than budget primarily lower contractual spending and multi-year projects that will be carried over to the next fiscal year.
- Community Development expenditures were \$3.8 million lower than budget primarily due
 to lower spending on planning and building engineering consultant plan check services,
 deferred spending on multi-year General Plan Maintenance projects that will be carried
 over to the following fiscal year.
- Culture, Leisure and Library Services expenditures were \$1 million lower than budget primarily due to vacancy savings and lower contractual spending.
- Housing expenditures were \$2.5 million lower than budget primarily due to vacancy savings, lower contractual spending, and the timing of multi-year Homeless programs expenditures, which will be carried over to the following fiscal year.
- The Debt Service actuals include entries related to GASB 96 subscriptions, which are offset by current-year actual expenditures and other financing sources/uses.

ECONOMIC AND LEGAL FACTORS

The local economy in the City of Oxnard has continued its trajectory of growth since its recovery from the pandemic, largely driven by higher sales tax, particularly Bradley Burns, and property tax revenues. High consumer confidence, stronger consumer spending, increased of demand for goods and services continues to expand economic growth, along with higher inflation resulting in the City ending the fiscal year in higher positive financial position. The expansion of new businesses and development, such as new commercial and apartment home units and expansion of Amazon Warehouse Distribution Center, continue growth of the General Fund revenue base for the two main sources of General Fund revenue – sales tax and property. Sales tax, including Measure E, is the City's largest General Fund revenue source with revenues of \$134.5 million, an increase of 4.6 percent over the prior fiscal year. Property tax is the second largest with revenues of \$71.6 million, an increase of 5.8 percent over the prior fiscal year.

On the expenditure side, spending is below budget. Like many California cities, pension costs, forecasted retirement benefits, health costs, and worker's compensation remain a concern and will be addressed in future budget. It is expected that annual increases in labor costs, particularly for pensions and healthcare benefits, will continue to outstrip revenue growth in most funds. The City does benefit from a public safety property tax established by voters in 1951, which provide relieves of fiscal burden on the General Fund imposed by rising pension costs.

The continued growth of major revenues and prudent fiscal practices have contributed to stronger reserves for the General Fund group. In the Adopted Budget of 2023-2024, the City Council established a General Fund minimum operating reserve of 13% with annual one percent increments beginning in FY2023-24 to meet a target of 16.6% by FY 2027-28. Subsequently, the City Council accelerated the timeline of the endeavor to maintain the 16.6% General Fund unrestricted operating reserve fund balance from FY 2024-25 to FY2027-28.

While most local taxes showed strong performance in FY2023-24, economic uncertainty remains high, as local government may be faced with federal and state cut backs with the new incoming Federal administration, homelessness crisis and climate change may put further strain on City resources, and inflation and high interest rates continue to affect consumer behavior. Additionally, the City will enter into new labor negotiation, starting with OPOA prior to beginning of FY 2024-25, and the rest of the bargaining units in the coming fiscal years.

Several ongoing lawsuits could affect the City's finances. The status of each is described on pages 140-142.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide elected officials, residents, taxpayers, customers, employees, and investors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report, please contact the Finance Department at 300 W. 3rd Street, Oxnard, CA 93030, or call (805) 385-7475.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

JUNE 30, 2024

| Fund balances of governmental funds | | \$ 262,619,377 |
|---|--|------------------|
| Amounts reported for governmental activities in the Statement of Net Position are different because: | | |
| Accounts receivable and other assets not reported in the governmental funds | | 148,739 |
| Land held for resale is not reported in the governmental funds | | 570,000 |
| Capital assets of \$2,463,750,471 net of accumulated depreciation (\$432,205,726) are not financial resources and, therefore, are not reported in the governmental funds | | 2,031,544,745 |
| Deferred outflows for the following are not reported in the governmental funds: Deferred loss on refunding Deferred outflow on pension and OPEB plans | \$ 2,141,766 109,874,904 | 112,016,670 |
| Accrued interest payable for the current portion of interest due on long-term liabilities has not been reported in the governmental funds. | | (414,234) |
| Notes receivable in the governmental funds are deferred because they are not available within the prescribed time period after year-end. However, the notes receivable are included on the accrual basis of accounting used in the government-wide financial statements. | | 60,932,434 |
| Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds: Subscription liabilities Compensated absences Notes payable Other post-employment liability Net pension liabilities | (745,037) (17,301,340) (23,603) (50,461,589) (261,160,095) | |
| Leases and bonds payable, net of issuance discounts, issuance premium and prepaid insurance | (89,856,621) | (419,548,285) |
| Deferred inflows for the following are not reported in the governmental funds Deferred gain on refunding Deferred inflow on pension and OPEB plans | (521,284) (20,905,839) | (21,427,123) |
| Internal service funds are used by management to charge the costs of certain activities, such as insurance, information services, facilities, and equipment maintenance. The assets and liabilities of the internal service funds are included in the government activities in the statement of net position. Amounts are net of internal payable representing charges in excess of cost to business-type activities. | | (26,656,359) |
| representing energes in execuse of east to business-type activities. | | (20,000,009) |
| NET POSITION OF GOVERNMENTAL ACTIVITIES | | \$ 1,999,785,964 |

RECONCILIATION OF THE CHANGE IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2024

| Net Change in | ı Fund | Balances - | Total | Governmental Fund | ds |
|---------------|--------|------------|-------|-------------------|----|
|---------------|--------|------------|-------|-------------------|----|

\$ 55,285,082

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense and amortization expense (\$26,491,479) is less than capital outlay (\$34,993,964) that was capitalized in the current period.

8,502,485

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.

Change in accounts and notes receivables

1,565,136

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds. These include:

Change in accrued interest 379,526
Change in compensated absenses (1,059,106)
Change in pension and OPEB liabilities, deferred outflows and inflows (10,637,665)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-tem debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the net effect of premiums, discounts, and similar items when debt is first issued; whereas, these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of long-term debt(221,832)Subscription expense262,497Total principal repayments7,446,988

Net income of internal service funds is reported with governmental activities.

CITY OF OXNARD, CALIFORNIA NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30. 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Oxnard, California (City) was incorporated as a general law city on June 30, 1903 and operates under the council-manager form of government. The City is governed by an elected Mayor and six Council members. Other elected positions include the City Clerk and City Treasurer. The accompanying basic financial statements present the financial position and results of operations of the City (the primary government) and its component units. For financial reporting purposes, the City has included all funds, organizations, agencies, boards, commissions, and authorities, and has considered all potential component units for which the City is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City.

Blended Component Units

<u>City of Oxnard Financing Authority</u>. The Oxnard Financing Authority (Authority) is a separate government entity whose purpose is to assist with the financing or refinancing of certain public capital facilities within the City. The Authority has the power to purchase bonds issued by any local agency at public or negotiated sales and may sell such bonds to public or private purchasers at public or negotiated sales. The Authority is controlled by the City and has the same governing body as the City and the City has operational responsibility for the Authority. City staff perform all accounting and administrative functions of the Authority. The debt service of the Authority is included in the Debt Service Fund, Water Enterprise Fund, Wastewater Enterprise Fund, and Environmental Resources Enterprise Fund.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Blended Component Units (Continued)

Housing Authority of the City of Oxnard. The Housing Authority of the City of Oxnard (Housing Authority) was established in April 1945 by ordinance of the City Council. The Housing Authority is a public entity organized under the laws of California's Health and Safety Code for the purpose of providing safe, decent, and sanitary housing for qualified economically disadvantaged and elderly individuals in areas where a shortage of such housing exists. To accomplish this purpose, the Housing Authority entered into Annual Contributions Contracts with the U.S. Department of Housing and Urban Development (HUD) to operate assisted housing programs, such as Local Housing Authority Owned Housing, Section 8, and Modernization. The City Council and two tenant representatives serve as the governing board of the Housing Authority. The Housing Authority's governing body is substantively the same as the governing body of the City and the City has operational responsibility for the Housing Authority. The Housing Authority's operations have been included in the City's business-type activities in the accompanying Government-Wide Financial Statements. The Housing Authority prepares separate financial statements, which can be obtained from the Housing Authority's Financial Services Division at 435 S. D St., Oxnard, CA 93030.

B. Financial Statements Presentation

In accordance with Governmental Accounting Standards Board Statement No. 34, the City's basic financial statements consist of the following:

- Government-Wide Financial Statements;
- Fund Financial Statements: and
- Notes to the Basic Financial Statements.

Government-Wide Financial Statements

The City's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present financial information for the City as a whole, while distinguishing between governmental and business-type activities. Fiduciary activities of the City are not included in these statements.

Most of the City's basic services are considered to be governmental activities, including general government, public safety, transportation, community development, culture, leisure, and library services. Property tax, sales tax, transient occupancy tax, franchise tax, business license tax, and user fees and charges financially support these activities.

CITY OF OXNARD, CALIFORNIA NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Financial Statements Presentation (Continued)

Government-Wide Financial Statements (Continued)

The City's enterprise operations are classified as business-type activities. These operations consist of water, wastewater, environmental resources, golf course, and housing. These activities generally recover the cost of providing services from customer fees and charges.

Government-Wide Financial Statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as program revenues for the City are reported in three categories: (1) charges for services; (2) operating grants and other contributions; and (3) capital grants and contributions.

The Statement of Activities demonstrates the degree to which expenses, both direct and indirect, of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect expenses are allocated based on the City's cost allocation plan. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) operating and capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Certain eliminations have been made in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated, with the exception of those representing balances between the governmental activities and the business-type activities. In the Statement of Activities, net internal service fund transactions have been allocated back to the governmental and business-type activities generating the net income or loss. In the Statement of Net Position, internal service assets and liabilities have been combined with the governmental funds and presented as governmental activities.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Financial Statements Presentation (Continued)

Government-Wide Financial Statements (Continued)

A reconciliation of the difference between the Governmental Fund Financial Statements and the Government-Wide Financial Statements is provided as part of the Governmental Fund Financial Statements.

Fund Financial Statements

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflow of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances for the major governmental funds. Non-Major Governmental Funds are combined for presentation in Governmental Fund Statements. The following funds have been determined to be the City's major governmental funds:

- General Fund: This fund group is always a major fund and is used to account for all financial resources traditionally associated with government activities, which are not legally required to be accounted for in another fund.
- The Affordable Housing Fund was created due to the dissolution of the Oxnard Redevelopment Agency. In accordance with Health and Safety Code Section 34176(b)(2), on February 1, 2013, all rights, powers, assets, liabilities, duties, and obligations of the Low and Moderate Income Housing Fund (previously part of the former Oxnard Redevelopment Agency) were transferred to the Affordable Housing special revenue fund. The fund is used to account for funds to be used for low and moderate income housing projects.
- Development Fees Fund is a special revenue fund that accounts for development fees that the City collects on new development to provide resources for special projects such as parks, storm drainage facilities, traffic improvements, utility undergrounding, and community development.

CITY OF OXNARD, CALIFORNIA NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Financial Statements Presentation (Continued)

Governmental Fund Financial Statements (Continued)

- State and Federal Grants Fund is a special revenue fund that accounts for state and federal grants.
- Capital Improvement Fund is a capital project fund that accounts for financial resources designated for the acquisition and construction of general government capital projects.

Governmental funds are accounted for using a "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the Balance Sheet. The Statement of Revenues. Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. The City considers revenues available if they are collected within 60 days after year-end. Property tax, sales tax, intergovernmental revenues, and other taxes are accrued as appropriate. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. The availability period for revenue recognition for grants receivable is one year after the year-end. Expenditures are recorded in the accounting period in which the related fund liability is incurred and due within one year, except for unmatured principal and interest on long-term debt, which is recognized when due.

Proprietary Fund Financial Statements

Proprietary Fund Financial Statements include a Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows for each major fund. A column representing Internal Service Funds in total is also presented in these statements.

The proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises wherein the cost of goods and services to the general public are financed or recovered primarily through user charges. The following enterprise funds have been determined to be the City's major proprietary funds:

• Water Fund: This fund is used to account for all activities of the City's water production, treatment, and distribution system. Revenues are derived mainly from metered water services, connection fees, and installation charges.

CITY OF OXNARD, CALIFORNIA NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Financial Statements Presentation (Continued)

Proprietary Fund Financial Statements (Continued)

- Wastewater Fund: This fund is used to account for all sewer activities related to conveyance and treatment services. Revenues are derived mainly from sewer service charges, connection fees, and treatment plant charges.
- Environmental Resources Fund: This fund is used to account for the activities related to collection and disposal of refuse throughout the City. Revenues are mainly derived from collection service fees and sales of recyclable materials.
- Golf Course Fund: This fund is used to account for the activities related to the operation and maintenance of the City's River Ridge golf course. Revenues are derived from golfing fees, merchandise, and facility rentals and food & beverage sales for private events.
- Oxnard Housing Authority: This fund is used to account for the receipts and disbursements of funds received from the U.S. Department of Housing and Urban Development (HUD) to provide housing assistance, such as the rental assistance programs for low income residents and senior citizens under Section 8 of the Federal Housing Act of 1937, as amended.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) are included within the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as nonoperating expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use the restricted resources first, then unrestricted resources as they are needed.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Financial Statements Presentation (Continued)

Proprietary Fund Financial Statements (Continued)

Internal service funds account for services to other departments on a cost-recovery basis. Internal service funds include workers' compensation, public liability and property damage, utility customer services, information systems, facilities maintenance, and equipment maintenance. Internal service funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Internal service funds are reported in total on the proprietary funds statements.

Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. The City's fiduciary funds consist of a Private Purpose Trust Fund, a Pension Trust Fund, and Custodial Funds. The Trust Funds are as follows:

- Oxnard Community Development Commission Successor Agency Private Purpose Trust Fund: This fund accounts for the assets and activities of the former redevelopment agency pursuant to AB 1X 26.
- Retirement Enhancement Defined Benefit Pension Trust Fund: This fund accounts for the assets and activities of the Retirement Enhancement Plan.
- The Custodial Funds are used to report fiduciary activities that are not required to be reported in pension trust funds, investment trust funds, or private-purpose trust funds. The City's custodial funds are as follows:
 - Improvement Districts Fund: This fund is used to account for various limited obligation improvement bonds issued by the Improvement Districts and Mello-Roos Community Facilities Districts within the City, wherein bond proceeds are used to finance land acquisition and public improvements of the various assessment districts within the City. Neither the faith, credit, nor the taxing power of the City or any of its political subdivisions is pledged to the payment of the bonds. Property owners within the assessment district are assessed through the County property tax bills and the money collected is used to pay the annual debt service requirements.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Financial Statements Presentation (Continued)

Fiduciary Fund Financial Statements (Continued)

- Oxnard PD Property Room Fund: This fund accounts for assets held in temporary police custody.
- Oxnard Downtown Management District Fund: This fund accounts for property tax collected within the downtown area for downtown improvements and revitalizations. Funds are collected and distributed to the Oxnard Downtown Management District, a non-profit corporation.
- Riverpark JPA Fund: This fund is used to account for assets and liabilities of the Riverpark Reclamation and Recharge Authority.

The fiduciary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting.

C. New Accounting Pronouncements

Adopted

Statement No. 99, *Omnibus 2022*. GASB Statement No. 99 requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. Also, the requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements also related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The implementation of this statement had no material impact to the City's financial statements.

Statement No. 100, Accounting Changes and Error Corrections. GASB Statement No. 100 prescribes accounting and financial reporting for (1) each category of accounting change and (2) error corrections. Statement 101 also addresses how accounting changes and error corrections should be displayed in financial statements, disclosed in notes, and presented in required supplementary information. The requirements of this Statement are effective for periods beginning after June 15, 2023. The City adopted the new pronouncement in accounting and financial reporting for error corrections as of July 1, 2023.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. New Accounting Pronouncements (Continued)

Not Adopted

The GASB issued several pronouncements prior to June 30, 2024 and shortly thereafter, that have effective dates that may impact future financial presentations. The impact of the implementation of these Statements to the City's financial statements has not been assessed at this time.

Statement No. 101, *Compensated Absences*. GASB Statement No. 101 aligns recognition and measurement guidance for all types of compensated absences under a unified model which will result in governments recognizing a liability that more appropriately reflects when they incur an obligation for compensated absences. The model also will lead to greater consistency in application and improved comparability across governments. The requirements of this Statement are effective for periods beginning after December 15, 2023.

Statement No. 102, Certain Risk Disclosures. GASB Statement No. 102 requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The requirements of this Statement are effective for periods beginning after June 15, 2024.

Statement No. 103, *Financial Reporting Model Improvements*. GASB Statement No. 103 aims to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement requires changes in the Management's Discussion and Analysis, presentation of unusual or infrequent items, proprietary fund statement of revenues, expenses, and changes in fund net position, statement of net position and statement of activities, and budgetary comparison information. The requirements of this Statement are effective for periods beginning after June 15, 2025.

Statement No. 104, Disclosure of Certain Capital Assets. GASB Statement No. 104 requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. New Accounting Pronouncements (Continued)

Subscription assets recognized in accordance with Statement No. 96, Subscription-Based Information Technology Arrangements, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale. The requirements of this Statement are effective for periods beginning after June 15, 2025.

D. Cash and Investments

Cash and Cash Equivalents

For reporting purposes, cash and cash equivalents include cash in bank accounts and investments held by the City Treasurer in a cash management pool with maturities less than one year. These amounts are readily available for use by the respective funds.

Investments

The City's investments are stated at fair value.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

Level 1: Investments reflect prices quoted in active markets;

Level 2: Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered to be active; and

Level 3: Investments reflect prices based upon unobservable sources.

Debt and equity securities classified as Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using the following approaches: (1) debt securities are normally valued based on price data obtained from observed transactions and market price quotations from broker dealers and/or pricing vendors; (2) equity securities are valued using fair value per share for each fund. Certificates of deposit classified in level 2 are valued using broker quotes that utilize observable market inputs. Securities classified as Level 3 have limited trade information, these securities are priced using the last trade price or estimated using recent trade prices.

Investment Income

Investment income earned on pooled cash and investments is allocated quarterly to the General Fund and those other funds for which such allocation is a legal contractual requirement based on the average daily-end cash balances. Investment income from cash and investments with fiscal agents is credited directly to the related fund. Income from non-pooled investments is recorded in the appropriate fund based on the specific investments held by the trustee of the fund. Changes in the fair value of investments are recognized in investment income at the end of each fiscal year.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Receivables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is reported as "advances to/from other funds." All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are eliminated to minimize the grossing up effect on assets and liabilities within the governmental and business-type activities and reported in the government-wide financial statements as "internal balances."

Amounts due from individuals, organizations or other governmental units are recorded as receivables at year-end. These amounts include charges for services rendered, or for goods and material provided by the City, including amounts for unbilled services. Receivables are shown net of an allowance for uncollectible accounts where applicable.

Notes receivable include both the current and long-term portions of loans issued by the City. Business development loans are reported in both special revenue and fiduciary funds. Notes receivable are reported as an asset in the amount of loan proceeds disbursed, net of allowance. Depending on the original funding source, the City reports deferred inflows equal to the loan amount and recognizes a revenue when principal payments are received.

In the government-wide financial statements, receivables are recognized as revenue when earned. Receivables of the proprietary funds are recognized as revenue when earned, including services provided but not billed.

F. Leases

A lease is defined as a contract that conveys control of the right to use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. As a lessor, the City recognizes a lease receivable and a deferred inflow of resources at the commencement of the lease term, with certain exceptions for leases of assets held as investments, certain regulated leases, short-term leases, and leases that transfer ownership of the underlying asset. The lease receivable is measured at the present value of lease payments expected to be received during the lease term. The deferred inflow of resources is measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods.

As a lessee, the City recognizes a lease liability and a lease asset at the commencement of the lease term, unless the lease is a short-term lease or it transfers ownership of the underlying asset. The lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset is measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Capital Assets

The City's assets for governmental, business-type and fiduciary activities are capitalized at historical cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. City policy has set the capitalization threshold at \$5,000 for equipment and machinery, \$20,000 for buildings and improvements and \$100,000 for infrastructure. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

| Buildings | 45 years |
|-----------------------------|--------------|
| Improvements | |
| Paving, curbs, and lighting | 20 years |
| Parks improvements | 20 years |
| Sports courts | 20 years |
| Landscaping | 20-50 years |
| Equipment and machinery | 3-50 years |
| Vehicles | 10 years |
| Infrastructure Assets | |
| Roadway network | 30-100 years |
| Waterways/seawalls | 75 years |
| Storm drain system | 50 years |
| Water and sewer systems | 50 years |
| Intangible Assets | |
| Software | 5-20 years |

Infrastructure assets are defined as "long-lived capital assets" that are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets.

Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems.

Land is valued at original cost without depreciation.

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Subscription-based Information Technology Arrangements (SBITA)

A SBITA is a contract that conveys control of the right to use another party's (a SBITA vendor's) IT software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. To determine whether a contract conveys control of the right to use the underlying IT assets, the City assesses whether it has both of the following: a. The right to obtain the present service capacity from use of the underlying IT assets as specified in the contract, and b. The right to determine the nature and manner of use of the underlying IT assets as specified in the contract.

The City recognizes a subscription liability and an intangible right-to-use asset (subscription asset), except short-term SBITAs. The subscription liability is measured at the present value of subscription payments expected to be made during the subscription term. The subscription asset is measured as the sum of the following, a. the amount of the initial measurement of the subscription liability, b. payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, if applicable, and c. capitalizable initial implementation costs less any SBITA vendor incentives.

SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

I. Compensated Absences

Vacation leave and annual leave compensation pay is recorded as a liability when incurred within the Government-Wide and Proprietary Funds Financial Statements. Sick leave, which does not vest, is recorded in all funds when leave is taken. A liability for these amounts is reported in the Governmental Funds Financial Statements only if they have matured and are paid by the City subsequent to year-end.

Compensated absences are liquidated by the fund that has recorded the liability. The long-term portion of governmental activities compensated absences is liquidated primarily by the General Fund.

J. Net Pension Liability

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by Actuarial Valuations. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

The General Fund is typically used to liquidate pension liabilities in the governmental activities.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the CalPERS plan governed by the Public Employees' Medical & Hospital Care Act (PEMHCA) and additions to/deductions from the PEMHCA plan fiduciary net position have been determined on the same basis as they are reported by Actuarial Valuations.

For this purpose, CalPERS recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

The General Fund is typically used to liquidate OPEB liabilities in the governmental activities.

L. Deferred Outflows/Inflows of Resources

In addition to assets, the Statements of Net Position and Governmental Fund Balance Sheet report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows of resources related to pensions and OPEB, and deferred outflows for charges on debt refunding in the Government-Wide and Proprietary Fund Statements of Net Position. Deferred outflows for pension and OPEB contributions will be recognized in the subsequent fiscal year. Other deferred outflows on pension and OPEB plans are amortized over 4.8 to 5 years on a straight-line basis. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the remaining life of the refunded or refunding debt.

In addition to liabilities, the Statements of Net Position and Governmental Fund Balance Sheet report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify for reporting in this category in the Governmental Fund Balance Sheet. The governmental funds report deferred inflows from the following sources: lease receivables and loans. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City has deferred inflows of resources relating to the net pension obligation, OPEB, and gain on refunding reported in the Government-Wide Statement of Net Position and the Proprietary Funds. The amounts related to pensions and OPEB are deferred and amortized over 4.8 to 5 years on a straight-line basis.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Fund Equity

The accompanying financial statements report the components of fund balances for governmental funds consistent with GASB 54.

Nonspendable fund balance - This includes amounts that cannot be spent because they are either not spendable in form (such as prepaid items) or legally or contractually required to be maintained intact (such as endowments).

Restricted fund balance - This includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed fund balance - This includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the City Council. Commitments may be changed or removed by the City Council by a resolution.

Assigned fund balance - This includes amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Council delegated, per Resolution No. 15,359, the Chief Financial Officer to assign fund balance. Use of this component would be based on related Council documents that identifies an intent to use funds for a specific purpose that was not part of the formal resolution or ordinance of the Council.

Unassigned fund balance - this includes all amounts not included in other classifications. The General Fund is the only fund that reports a positive unassigned fund balance.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Fund Equity (Continued)

In the Government-Wide Financial Statements, net position of the City includes the following categories:

Net investment in capital assets - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce this category.

Restricted net position - This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments, and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position - This resulting category presents the remaining City net position, and this measure of equity is unrestricted, legally or otherwise.

The accounting policies of the City consider restricted funds spent first when expenditure is incurred for purposes for which both restricted and unrestricted funds are available. When an expenditure is incurred for a purpose for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts.

Per Resolution No. 15,802 adopted in June 18, 2024, The City Council will endeavor to maintain an operating reserve equal to a minimum 16.6% of the General Fund adopted budget for operating expenses. The operating reserve shall be available to: (1) cover cash flow requirements; (2) meet unanticipated revenue shortfalls; (3) take advantage of unexpected opportunities; (4) invest in projects with a rapid payback; (5)ensure against physical or natural disasters; and (6) provide interest earnings.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Property Taxes

Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

Valuation Date January 1

Property Tax Year July 1 to June 30

Due Dates November 1 (first installment) and

February 1 (second installment)

Delinquent Dates December 10 (first installment), April 10 (second

installment, and August 31 (unsecured)

Property taxes in the State of California are administered for all local agencies at the county level and consist of secured, unsecured, and utility tax rolls.

Property Valuation

Valuations are established by the Assessor of the County for the secured and unsecured property tax rolls; the utility property tax roll is valued by the California State Board of Equalization. Under the provisions of Article XIIIA of the State Constitution, properties are assessed at 100% of full value. The value of real taxable property is based on fiscal year 1976 levels. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

Tax Levies

The county-wide tax levy for general revenue purposes is limited to 1% of full value, for a tax rate of \$1.00 per \$100 of assessed valuation. Tax rates for voter-approved indebtedness prior to passage of Proposition 13 are excluded from this limitation. Taxes are levied July 1 for both real and unsecured personal property based upon the assessed valuation as of the previous January 1 (lien date).

Property taxes are recognized as revenue in the period for which the taxes are levied. Therefore, the City recognizes revenue and a receivable, less any allowance for doubtful accounts deemed appropriate, for the entire tax levy in the period for which the taxes are levied.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Property Taxes (Continued)

Tax Lien Dates

All lien dates attach annually on January 1 preceding the fiscal year for which the taxes are levied. Liens against real estate, and taxes on personal property, are not relieved by subsequent renewal or change in ownership.

Tax Collections

The County Treasurer-Tax Collector is responsible for all property tax collections. Taxes and assessments on the secured and utility rolls, which constitute a lien against the property, may be paid in two installments: (1) the first installment is due on November 1 of the fiscal year and is delinquent if not paid by December 10; (2) the second installment is due on February 1 of the fiscal year and is delinquent if not paid by April 10. Unsecured personal property taxes do not constitute a lien against real property unless the taxes become delinquent. Payment must be paid in one installment, which is delinquent if not paid by August 31 of the fiscal year. Significant penalties are imposed for late payments.

Tax Apportionments and Special District Augmentation Fund (SDAF)

Due to the nature of the county-wide maximum levy, it is not possible to identify general purpose tax rates for specific entities. Apportionments to local agencies are made by the County Auditor-Controller, based primarily on the ratio that each agency represented of the total county-wide levy for the three years prior to fiscal year 1979. The SDAF was established in order to provide greater flexibility in the allocation of the total levy to special districts under this basic apportionment method. Each special district makes a contribution from its base tax levy apportionment to the SDAF. Oversight governments of the special districts (cities or the county) can then reallocate this pool among special districts based on financing needs.

O. Utility Revenue

Utility revenue is recorded when earned. Customers are billed monthly. The estimated value of services provided, but unbilled at year-end, is included in accounts and other receivables in the accompanying basic financial statements.

P. Use of Estimates

The preparation of the City's basic financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, the disclosure of contingent assets and liabilities at the date of the basic financial statements, and revenues and expenses during the reported period. Actual results could differ from those estimates.

FOR THE YEAR ENDED JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Budgets and Budgetary Accounting

The City develops and presents a one-year budget to the City Council. Annual operating and capital improvement expenditures are adopted by resolution. This resolution constitutes the authorized expenditures for the fiscal year. The City's annual budget is the legally-adopted expenditure control document of the City. Budgets are prepared on the modified accrual basis of accounting, consistent with generally accepted accounting principles (GAAP).

The City Council generally reauthorizes appropriations for continuing projects and activities. The City Council has the legal authority to amend the budget of any fund at any time during the fiscal year. The budgetary legal level of control (the level on which expenditures may not legally exceed appropriations) is generally at the fund level. Budgeted expenditures may be reallocated within a fund by the City Manager and within a department by the department director.

R. Encumbrances

Appropriations in governmental fund types are encumbered upon issuance of purchase orders, or in some cases upon issuance of contracts, for goods and/or services. Even though unencumbered appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

S. Joint Ventures

The City participates in the Riverpark Reclamation and Recharge Authority (Riverpark JPA), which is a jointly-governed organization between the City and United Water Conservation District (UWCD). The Riverpark JPA was established for the purpose of ioint ownership, financing, and administration of the development of land located within the City; and for the purpose of creating a public entity to secure grant funding and other public and private funding to reclaim mining pits for water recharge purposes to implement the Recharge Program and Reclamation Plan, and to undertake other groundwater recharge, groundwater quality, and water supply programs as the Board of Directors may find to be within the public interest. The Riverpark JPA is controlled by a four-member board consisting of two representatives each from the City and UWCD. None of the member entities exercise specific control over the budgeting and financing of the Authority's activities beyond their representation on the Board. Accounting services are provided by the City. The City has no financial responsibility for any of the JPA's liabilities. The City made no monetary contributions to assist in the operational expenses of the Authority during fiscal year ended June 30, 2024. Complete financial statements may be obtained from the Finance Department, City of Oxnard, 300 W. 3rd St, Oxnard, CA 93030.

As of June 30, 2024, the JPA had total assets of \$907,086, total net position of \$907,086, and total change in net position of \$(36,944) for the year then ended.

T. Subsequent Events

In preparation of these financial statements, the City considered subsequent events through March 3, 2025, which is the date these financial statements were available to be issued. Please also see Note V.A. Commitments and Contingencies.

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS

A. Cash and Investments

The City's cash and investments, including restricted investments with fiscal agents, consist of the following at June 30, 2024:

| | AMOUNT |
|---|-------------------|
| Petty cash | \$ 15,086 |
| Deposits | 12,627,717 |
| Investments | 470,041,036 |
| Cash and investments | 482,683,839 |
| Restricted investments with fiscal agents | 146,427,740 |
| TOTAL | \$ 629,111,579 |

The City's deposits and investments are reflected in the accompanying basic financial statements as follows:

| | GOVERNMENTAL | | BUSINESS-TYPE | | FIDICUARY | | |
|---|--------------|-------------|---------------|-------------|-----------|-------------|-------------------|
| | | ACTIVITIES | | ACTIVITIES | | FUNDS | TOTAL |
| Cash and investments | \$ | 290,251,544 | \$ | 174,736,888 | \$ | 16,082,699 | \$ 481,071,131 |
| Restricted investments with fiscal agents | _ | 10,920,559 | | 15,602,369 | _ | 121,517,520 | 148,040,448 |
| TOTALS | \$ | 301,172,103 | \$ | 190,339,257 | \$ | 137,600,219 | \$ 629,111,579 |

Deposits Custodial Credit Risks

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy requires deposits to be covered by federal depository insurance and collateral having a fair value of 110% of the uninsured deposit. As of June 30, 2024, the City has a bank balance of \$19,493,603 in three bank accounts; of the bank balance, \$250,000 was insured and the balance was secured by collateral held by the City's agent in the agent's name. Deposits held by the Housing Authority are also insured or secured by collateral held by the Housing Authority's agent in the agent's name.

CITY OF OXNARD, CALIFORNIA NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash and Investments (Continued) Investment Policy

The City's investment policy is intended to provide guidelines for the prudent investment of City funds, and to outline the policies for maximizing the efficiency of the City's cash management system. The policy of the City is to invest public funds in a manner which will provide high investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds. The primary goals of the City are safety, liquidity, and yield in that priority order. The investment policy applies to the City's pooled investment fund which encompasses all monies under the direct oversight of the City Treasurer, including the General Fund, Special Revenue Funds, Capital Project Funds, Enterprise Funds, Internal Service Funds, and Fiduciary Funds, excluding restricted investments with fiscal agents and Oxnard Housing Authority funds.

Authorized Investments

The City's investments are managed by the City Treasurer, fiscal agents (bond trustees acting in accordance with bond covenants), and authorized representatives of the Housing Authority. Investments managed by the City Treasurer and the Housing Authority are invested in accordance with the City and Housing Authority's investment policies, respectively. Investments managed by bond trustees are invested in accordance with provisions of the respective bond agreements. Investments in the City's Retirement Enhancement Defined Benefit Plan (Enhanced Retirement Trust Pool) are not subject to the City's investment policy.

The City's cash and investments by investments manager are as follows:

| | AMOUNT |
|---|---------------|
| City Treasurer | \$460,846,463 |
| Restricted investments held with Fiscal Agents | |
| Bond trustees for the City and its component units | 29,180,583 |
| Enhanced Retirement Trust Pool | 116,538,403 |
| Oxnard Housing Authority (includes investments held | |
| by fiscal agents) | 22,546,130 |
| TOTAL | \$629,111,579 |

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash and Investments (Continued) Authorized Investments (Continued)

The City Treasurer has direct oversight over the City's pooled investment fund, which covers cash and investments of the City's governmental funds, proprietary funds (except for the Housing Authority), and custodial funds, which are invested in accordance with the City's investment policy. Allowable investments are detailed in the following table. The exception is the Enhanced Retirement Trust Pool, which is not subject to Government Code Section 53601.

| | AUTHORIZED | | | MAXIMUM | |
|----------------------------------|------------|----------|-------------------|------------|----------------|

| LAIF, VCIP, CalTrust | Yes | N/A | None | None | None |

The Housing Authority's investment policy, which is substantially the same as the City's, and related disclosures regarding its investments at June 30, 2024, are more fully disclosed in the financial statements for the Housing Authority, which may be obtained from the Housing Authority's Financial Services Division at 435 S D St, Oxnard, CA 93030.

The City Treasurer's investment pool is comprised of pooled deposits, investments, the State of California Local Agency Investment Fund (LAIF), and Ventura County Investment Pool (VCIP) investments. The City Treasurer's pooled investments are carried at fair value. The fair value is determined utilizing US Bank Statement. The fair value of LAIF and VCIP is determined by allocating the City's share of the investment pools' fair value as reported by LAIF and VCIP.

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash and Investments (Continued) Authorized Investments (Continued)

The City is a voluntary participant in LAIF which is considered an external investment pool. LAIF is part of the State's Pooled Money Investment Account (PMIA) which was established in 1953. Oversight of the PMIA is provided by the Pooled Money Investment Board (PMIB) and an in-house Investment Committee. The PMIB members are the State Treasurer, Director of Finance, and State Controller.

Direct oversight for LAIF is provided by the Local Investment Advisory Board. The board consists of five members as designated by statute. The Chair is the State Treasurer or his/her designated representative. Two members qualified by training and experience in the field of investment or finance and two members who are treasurers, finance or fiscal officers, or business managers employed by any county, city, or local district or municipal corporation of this state, are appointed by the State Treasurer. LAIF is required to invest in accordance with state statute.

The City is a voluntary participant in Ventura County Investment Pool (VCIP) which is considered an external investment pool. VCIP is for local public government agencies and school districts within Ventura County and is managed by the Ventura County Treasurer-Tax Collector. VCIP's portfolio must comply with the County's Investment Policy which is governed by the Ventura County Board of Supervisors. VCIP is rated by Standard and Poor's; the most recent rating report is dated December 11, 2024 and is available via the Office of Ventura County Treasurer-Tax Collector's website.

Investments with fiscal agents are investments held by the bond trustee on behalf of the City or its component units and the Enhanced Retirement Trust Pool. In the case of bond trustees, the City selects the investment under the terms of the applicable trust agreement, directs the bond trustee to acquire the investment, and the bond trustee then holds the investment on behalf of the City and/or its component units. Proceeds of bonds administered by bond trustees are also generally covered under the City's investment policy; however, specific provisions of each issuance are usually used in managing such investments. Two of the major differences are as follows:

- Allowance of investments in guaranteed investment contracts
- Allowance of investment maturities in excess of five years

For purposes of the Statement of Cash Flows of the proprietary fund types, cash and cash equivalents include all investments as the City operates an internal cash management pool which maintains the general characteristics of the demand deposit account.

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash and Investments (Continued) Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates, and the greater the interest rate risk. One of the ways the City manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations or debt service requirements.

Information about the sensitivity of the fair value of the City's investments (including restricted investments held by bond trustees) to market interest rate fluctuation is provided by the following table that shows the distribution of the City's investments by maturity:

| | INVE | | | |
|---|----------------|----------------|--------|----------------|
| | | | | |
| | LESS | | MORE | |
| | THAN 1 | 1-5 | THAN 5 | TOTAL |
| Federal Agency Securities | \$ 43,558,520 | \$ 241,441,051 | \$ - | \$ 284,999,571 |

| Cash in banks and on hand | | | | 12,642,803 |
| TOTAL CASH AND INVESTMENTS | | | | \$ 629,111,579 |

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash and Investments (Continued) Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's investments that are not rated include negotiable CDs; however, these investments are covered by FDIC insurance.

Presented below are the S&P Global ratings for each investment type as of June 30, 2024:

| INVESTMENT TYPE | | AAA | AA+ | AA- | BBB+ | Α | A- | | TOTAL |
|------------------------------------|------|------------|-------------------|-----------------|-----------------|---------------|-----------------|----|-------------|

| Cash in banks and on hand | | | | | | | | _ | 12,642,803 |
| TOTAL | | | | | | | | \$ | 629,111,579 |

Concentration of Credit Risk

Investments in the securities of any individual issuer, other than U.S. Treasury securities, mutual funds, and external investment funds that represent 5% or more of total entity-wide investments are as follows at June 30, 2024:

| ISSUER | TYPE OF INVESTMENTS | AMOUNTS |
|--|----------------------------|---------------|
| Federal Home Loan Mortgage Corporation | Mortgage backed securities | \$ 47,481,710 |
| Federal Home Loan Bank | Mortgage backed securities | 213,784,701 |

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

A. Cash and Investments (Continued) Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure of custodial credit risk for deposits or investments, other than the provisions for deposits in the California Government Code that require that financial institutions secure deposits made by state local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having value of 150% of the secured public deposits.

For investments identified herein as held by fiscal agent, the trustee selects the investment under the terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

Fair Value Measurements

The City has the following recurring fair value measurements as of June 30, 2024:

| | INVESTMENTS AT FAIR VALUE | | | | | | | | |
|---|---------------------------|-------------------------|------|---------------|--|--|--|--|--|
| | AS OF JUNE 30, 2024 | | | | | | | | |

The interfund balances at June 30, 2024 are temporary loans to cover short-term cash deficits in various funds. Also included in the interfund balances is \$405,850 net internal receivable from business-type activities to governmental activities representing the portion of the net deficit of internal service funds attributable to business-type activities.

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

C. Interfund Receivables and Payables (Continued)

During the fiscal year 2021, the General Fund was court-ordered to repay the water, wastewater, and environmental resource fund a total of approximately \$36.5 million for Infrastructure Use Fees (IUF) payments received in prior years. The amounts due from the General Fund to Water Fund, Wastewater Fund and Environmental Resources Fund are reported in the interfund receivable and payable.

D. Interfund Transfers

Interfund transfers generally fall within one of the following categories:

- Debt service payments made from a debt service fund but funded from an operating fund;
- Program support that generally reflects subsidies and allocations between funds;
 and
- Transfers of capital assets between governmental activities and enterprise funds.

The following transfers in and out are reflected in the Fund Financial Statements for the year ended June 30, 2024:

| | DESCRIPTION | TRANSFERS IN | TRANSFERS OUT | NET TRANSFERS |
|--------------------------------|----------------------|-------------------|------------------------|------------------|

E. Lease Receivable

As of June 30, 2024, the City has nine active leases. The leases have receipts that range from \$5,237 to \$105,953 and interest rates that range from 0.2450% to 2.2870%. As of June 30, 2024, the total combined value of the lease receivable is \$985,843, and the combined value of the deferred inflow of resources is \$940,841. The leases have no variable or other receipts within the fiscal year.

The future minimum lease payments receivable are as follows:

| | | Governmental Activities | | | | | | | |

GOVERNMENTAL ACTIVITIES

Residential Notes Receivable

The City offers loans to qualifying low-income individuals and families who require financial assistance for home-buying, home repairs, or mobile home replacements (no longer offered). Residential outstanding loans at June 30, 2024 include the following programs: Home Investment Partnership Program (HOME), Community Development Block Grants (CDBG), Building Equity and Growth in Neighborhoods Program (BEGIN), Neighborhood Stabilization Program (NSP), Historic Enhancement Revitalization of Oxnard (HERO), and CalHome Program. Summarized in the table below are these programs' average outstanding loan amount, interest rate, average outstanding term, and forgiveness policy. A majority of the home loan programs are forgivable at the end of term. Any default on the agreement, such as transfer of ownership or failure of homeowner to live in the unit causes the loan to be due and payable immediately. The City secures these loans by placing a lien on the property by recording a Deed of Trust with the Ventura County Recorder's Office for the loan amount.

| PROGRAM | Αľ | MOUNT | INTEREST | TERM | FORGIVABLE |
|---------|----|--------|----------|------|------------|
| CalHOME | \$ | 29,000 | 3% | 30 | No |
| BEGIN | | 26,000 | 3% | 30 | No |
| CDBG | | 24,000 | 0% | 20 | Yes |
| HOME | | 19,000 | 0% | 12 | Yes |
| NSP | | 41,000 | 0% | 20 | Yes |
| HERO | | 11,000 | 0% | 6 | Yes |
| Other | | 17,000 | 0% | 24 | Yes |

Developer Notes Receivable

The City entered into loan agreements with several developers for affordable housing and mixed-use projects. The terms of the loans include annual installments from residual receipts. The loans bear simple interest at a rate of 1%-4% per year maturing between 24-55 years from the completion of the project. The City secured these loans with a deed of trust for the loan amount.

Three of the affordable housing loans in the aggregate amount of \$13,972,319, net of allowance of \$3,052,319 as of June 30, 2024, are loans to parties related the Oxnard Housing Authority.

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

F. Notes Receivable (Continued)

BUSINESS-TYPE ACTIVITIES Septic to Sewer Project

The City provided financial assistance to property owners affected by the California Regional Water Quality Control Board Resolution No. 99-13 of 1999, which prohibited the installation of new septic systems and called for the removal of existing septic systems in the area by 2008. The loans are interest free and payment plans are based on individual agreements.

Oxnard Housing Authority

In April 2014, the Authority issued a promissory note of \$2,050,000 to Terraza De Las Cortes, L.P. for certain land the Authority received in a land exchange with the City. The note accrues interest at a rate of 5% compounded annually on the amount of the outstanding balance of the loan. Annual payments of 85% of the annual net cash flow of the property are made. All outstanding principal and accrued interest are payable on or before April 2069. Principal and interest due to the Authority at June 30, 2024 was \$788,787 and \$120,531, respectively.

In June 2020, the Authority entered into a note agreement with A0592 Oxnard LP (Developer). The Authority is to provide up to \$2,500,000 in reimbursement for costs associated with demolition costs of the Los Cortes phase II development. The note accrues interest at a rate of 3% simple interest per annum. Principal and interest due to the Authority at June 30, 2024 was \$2,332,619 and \$270,402, respectively.

FOR THE YEAR ENDED JUNE 30, 2024

DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-term Debt (Continued) **Descriptions of Long-term Debt Bonds and Certificates of Participation - Governmental Activities**

Lease Revenue Project and Refunding Bonds, Series 2014

On November 4, 2014, the Authority issued \$21,225,000 of Lease Revenue Project and Refunding Bonds, Series 2014. The purposes of the bonds were to refund the outstanding Lease Revenue Refunding Bonds, Series 2003A, and finance the acquisition, construction, and improvement of certain streets and roadways within certain residential neighborhoods with the City. The refunding resulted in an economic gain (difference between the present value of the debt service on the old bonds and the present value of the debt service on the new bonds) of \$4,962 and debt service savings of \$11,715. The lease payments on these bonds constitute obligations of the City's General Fund. The bonds mature annually in amounts ranging from \$2,925,000 on June 1, 2015 to \$1,585,000 on June 1, 2029. Interest on the bonds is payable on June 1 and December 1 of each year, with interest rates ranging from 2 percent to 5 percent. As of June 30, 2024, the total balance outstanding was \$7,210,000.

As of June 30, 2024, the total future debt payments for the Lease Revenue Project and Refunding Bonds, Series 2014, including interest thereon, are as follows:

LEASE REVENUE PROJECT AND **REFUNDING BONDS** SERIES 2014

| FISCAL YEAR | F | PRINCIPAL | | INTEREST | | TOTAL | | |

Lease Revenue Refunding Bonds, Series 2018

On April 20, 2018, the Authority issued \$28,810,000 of Lease Revenue Refunding Bonds, Series 2018. The purpose of the bonds was to pay for the principal and interest on the Variable Rate Demand Lease Revenue Bonds, Series 2003B and 2006. The refunding resulted in an economic gain of \$965,987 and an estimated cash flow savings of \$1,160,111. The lease payments on these bonds constitute obligations of the City's General Fund. The bonds mature annually in amounts ranging from \$985,000 on June 1, 2018 to \$1,310,000 on June 1, 2036. Interest on the bonds is payable on June 1 and December 1 of each year, with interest rates ranging from 3 percent to 5 percent. As of June 30, 2024, the total balance outstanding was \$19,340,000.

As of June 30, 2024, the total future debt payments for the Lease Revenue Refunding Bonds, Series 2018, including interest thereon, are as follows:

Lease Revenue Refunding Bonds, Series 2019A

On December 1, 2019, the Authority issued \$27,615,000 of Lease Revenue Refunding Bonds, Series 2019A. The purpose of the bonds was to finance upfront payments of the City's Enterprise Resource Planning project and pay for the principal and interest on the Lease Revenue Refunding Bonds, Series 2011. The refunding resulted in an economic gain of \$1,746,065 and total additional cash flow of \$311,375 due to \$6.9 million of additional proceeds obtained. The lease payments on these bonds constitute obligations of the City's General Fund. The bonds mature annually in amounts ranging from \$585,000 on June 1, 2020 to \$2,020,000 on June 1, 2041. Interest on the bonds is payable on June 1 and December 1 of each year, with interest rates ranging from 1.944 percent to 3.804 percent. As of June 30, 2024, the total balance outstanding was \$24,095,000.

As of June 30, 2024, the total future debt payments for the Lease Revenue Refunding Bonds, Series 2019A, including interest thereon, are as follows:

Gas Tax Revenue Refunding Bonds, Series 2020

On February 20, 2020, the Authority issued \$16,905,000 of Gas Tax Revenue Refunding Bonds, Series 2020. The purpose of these bonds was to pay for the principal and interest on the Gas Tax Revenue Certificates of Participation. The refunding resulted in an economic gain of \$4,843,757 and an estimated total cash flow savings of \$5,721,089. The bonds are secured solely by gas tax revenues received from the State of California. The bonds mature annually in amounts ranging from \$665,000 on September 1, 2020 to \$1,270,000 on September 1, 2037. Interest on the bonds is payable on March 1 and September 1 of each year, with interest rates ranging from 1.5 percent to 4.0 percent. As of June 30, 2024, the total balance outstanding was \$14,020,000.

Water Revenue Project Bonds, Series 2010B

The City has pledged all net water revenues and all amounts on deposit in the Revenue Fund for the payment of the 2010 Installment Payments and the outstanding Parity Obligations. As of June 30, 2024, Parity Obligations include the Series 2018, 2021A, and 2021 Water Revenue Bonds. These bonds were issued on February 11, 2010 in the amount of \$83,670,000. These bonds, issued as Federally Taxable Build America Bonds under the American Recovery and Reinvestment Act of 2008, carry a net interest cost of 4.5287% and mature on June 1, 2040. The City receives an interest subsidy directly from the United States Treasury equal to 35% of each interest payment. Since 2013, approximately 5.9% - 8.7% of the expected subsidy has been sequestered by the U.S. Treasury, effectively reducing the interest subsidy to 32.9%. The proceeds from the sale of the bonds were used to finance a portion of the cost of certain capital improvements related to the GREAT program. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues (as defined in the trust indenture) of the City's water fund. Such obligation exists through the maturity date of the bonds at June 1, 2040. The balance outstanding as of June 30, 2024 is \$79,640,000.

As of June 30, 2024, the total future debt payments for the Water Revenue Project Bonds, Series 2010B, including interest thereon, are as follows:

WATER REVENUE PROJECT BONDS SERIES 2010B

Water Revenue Refunding Bonds, Series 2018

The City has pledged all net water revenues and all amounts on deposit in the Revenue Fund for the payment of the 2018 Installment Payments and the outstanding Parity Obligations. As of June 30, 2024, Parity Obligations as described on these bonds are Series 2010B, 2021A, and 2021 Water Revenue Bonds. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues of the City's water fund. These bonds were issued on November 14, 2018 in the amount of \$40,370,000. These bonds carry a net interest cost of 3.9% and mature on June 1, 2036. A portion of the proceeds were used to advance refund all the outstanding principal amount of \$45,095,000 of the Water Revenue Project Bonds, Series 2006. This refunding resulted in an economic gain of \$4,833,224 and an estimated cash flow savings of \$6,558,001. The balance outstanding as of June 30, 2024 is \$34,240,000.

As of June 30, 2024, the total future debt payments for the Water Revenue Refunding Bonds, Series 2018, including interest thereon, are as follows:

Housing Authority 2004 Capital Fund Revenue Bonds

The Oxnard Housing Authority issued Affordable Housing Agency Certificates of Participation, Series 2004 (Oxnard's Santa Clara Projects) on April 26, 2004 in the amount of \$10,370,000, evidencing a proportionate ownership interest in debt service payments to be made with respect to certain Capital Fund Revenue Bonds, Series 2004, issued by the Oxnard and Santa Clara Housing Authorities in the amounts of \$5,820,000 and \$4,550,000, respectively. Each certificate represents a proportionate ownership interest of the holder in the right to receive debt service payments made with respect to the bonds. The obligation of the housing authorities under their respective bond indentures are independent and neither is obligated for the payment of principal or interest on the bonds of the other housing authority. The bonds were issued to finance certain capital projects of the Housing Authority, with interest ranging from 2.00% to 4.95%, maturing on April 1, 2024. The bonds were fully paid as of June 30, 2024.

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the City performed calculations of excess investment earnings on various bonds and financings. Potential liabilities were calculated for the issues and rebate payments were made as appropriate. No arbitrage liability existed at June 30, 2024.

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-term Debt (Continued) Credit Rating

As of June 30, 2024, the City's issuer credit rating was "A+" while maintaining ratings of "A", "AA-", "A" and "A" for General (Lease Revenue), Gas Tax, Water and Wastewater Bonds, respectively.

Debt with Pledged Revenue

The City has pledged all net water system revenues and all amounts on deposit in the Revenue Fund for the payment of the bond Installment Payments and the outstanding Parity Obligations. The net water system revenues will not be used for any other purpose while any of the Installment Payments remain unpaid provided, however, that out of the net water system revenues, there may be apportioned such sums for purposes as permitted by the Installment Purchase Agreements.

Principal and interest (less BABs subsidy on Series 2010B) paid for the current year and net water revenue were \$5,579,504 and \$6,954,961, respectively. The debt service coverage ratio of 151% is in compliance with the ratio required by bond covenants. Those covenants require coverage equal to at least 100% of debt payments plus unrestricted reserves equal to the difference between 125% of principal and interest payments and net water revenues. If the debt service coverage ratio is below 100% of principal and interest payments the trustee can declare the bonds in default and pursue remedies provided for in the Installment Purchase Agreement.

The City has pledged all net wastewater system revenues and all amounts on deposit in the Revenue Fund for the payment of the bond Installment Payments and the outstanding Parity Obligations. The net wastewater system revenues will not be used for any other purpose while any of the Installment Payments remain unpaid provided, however, that out of the net wastewater system revenues, there may be apportioned such sums for purposes as permitted by the Installment Purchase Agreements.

Principal and interest paid for the current year and net wastewater revenue were \$5,550,000 and \$3,880,500, respectively. The debt service coverage ratio of 232% is in compliance with the ratio required by bond covenants. Those covenants require coverage equal to at least 100% of debt payments plus unrestricted reserves equal to the difference between 125% of principal and interest payments and net wastewater revenues. If the debt service coverage ratio is below 100% of principal and interest payments the trustee can declare the bonds in default and pursue remedies provided for in the Installment Purchase Agreement.

H. Long-term Debt (Continued)

Debt with Pledged Revenue (Continued)

HUD has approved the issuance of the bonds and the certificates and has authorized the Authority to pledge and assign its Capital Fund Program monies to the payment of the bonds and, therefore, the certificates. During the year, \$4,859,354 of Capital Fund Grant revenue was earned, of which, \$430,000 was applied to the repayment of the bonds. Principal is payable annually on April 1. Interest is payable semiannually on April 1 and October 1 commencing October 1, 2004. The required reserve for the bonds is \$451,375. As of June 30, 2024, the bond has been paid in full.

Lease Purchase Obligations - Governmental Activities

2012 Lease Purchase Agreement

On August 1, 2012, the City entered into a Lease Purchase Agreement with Capital One Public Funding, LLC in the amount of \$5,570,838, for the purpose of refinancing the 1999 Certificate of Participation, with interest rate of 3.54% and final maturity date on June 1, 2028. The refunding resulted in an overall cash flow savings of \$658,975 and economic gain of \$566,623. These lease payments constitute obligations of the City's General Fund. Such obligation exists through the maturity date of the lease at June 1, 2028. The outstanding balance as of June 30, 2024 is \$1,587,815.

As of June 30, 2024, the total future lease payments for the 2012 Lease Purchase Agreement, including interest thereon, are as follows:

| 2012 LEASE | |
|------------|--|
| PURCHASE | |

| FISCAL YEAR | F | PRINCIPAL | | NTEREST | TOTAL | | |

Lease purchase Obligations - Governmental Activities (Continued)

2014 Lease Purchase Agreement

On January 1, 2014, the City entered into a Lease Agreement with Oxnard Fire Station, LLC for the lease of the Oxnard Fire Station #8 in the amount of \$15,380,000. Total lease payments beginning June 1, 2016 through December 31, 2031 amount to \$23,208,578, including interest of \$7,828,578. These lease payments constitute obligations of the City's General Fund. The outstanding balance as of June 30, 2024 is \$8,975,000.

The base rental is equal to the principal and interest payable with respect to the Revenue Bonds (Oxnard Fire Station Project) 2014 Series A and Revenue Bonds (Oxnard Fire Station Project) 2014 Series B (Taxable) issued by the California Municipal Finance Authority (Authority) in the amount of \$15,160,000 and \$220,000 respectively. The Authority loaned the proceeds of the bonds to Oxnard Fire Station, LLC to finance the construction of the Oxnard Fire Station #8.

As of June 30, 2024, the total future lease payments for the 2014 Lease Purchase Agreement, including interest thereon, are as follows:

Notes Payable – Business-Type Activities

Housing Authority Community Development Commission Note Payable

The Authority entered into a note agreement dated July 21, 2009, secured by a deed of trust, in the amount of \$350,000 payable to the City of Oxnard Community Development Commission ("CDC") to finance the development of affordable housing units on Cuesta del Mar in the Southwinds Redevelopment Project Area. The principal balance on the note bears interest at the rate of interest paid in the Local Agency Investment Fund (LAIF) plus 1% per annum. Payments are to be made annually, commencing on January 30, of the year following the issuance of the first Certificate of Occupancy for the project, and each January 30 thereafter. As of June 30, 2014, the project was considered permanently stalled and would not be completed. The loan is to be payable in one lump sum payment due sixty (60) days after the anniversary of the failure to complete project determination. There is an option to extend the repayment date for a period not to exceed two years as approved by the CDC's Director. The outstanding balance at June 30, 2024 is \$269,710.

Housing Authority7th and Meta Note Payable

The Authority entered into a note agreement dated December 6, 2022, secured by a deed of trust, in the amount of \$212,740 payable to the City of Oxnard to finance the development of affordable housing units on 4 parcels at 7th and Meta in the City. The principal balance on the note bears no interest. The principal of the note shall be automatically forgiven on the date the property is transferred to an affordable housing developer selected by the Authority to complete the project, subject to the City's approval. The outstanding balance at June 30, 2024 is \$212,740.

II. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-term Debt (Continued)

Special Assessment Bonds

There are various 1915 Act Improvement Districts and Mello-Roos Community Facilities Districts within the City, which have issued special assessment or special tax debt. The debt is secured by liens of special assessments or special taxes on the properties in the districts and is paid by the property owners. The City is not liable under any circumstance for the repayment of the debt, but is only acting as agent for the property owners in collecting the assessments and special taxes, forwarding the collections to fiscal agents to pay the bondholders, and initiating foreclosure proceedings when appropriate.

Accordingly, such special assessment debt is not reflected in the accompanying basic financial statements. Special assessment debt outstanding at June 30, 2024 is as follows:

| | | AMOUNT | | | | | | | | | |
|---|----|------------|--|--|--|--|--|--|--|--|--|
| Rice Avenue/Highway 101 Interchange Assessment District | | | | | | | | | | | |

FOR THE YEAR ENDED JUNE 30, 2024

II. DETAILED NOTES ON ALL FUNDS (Continued)

K. Fund Balances

The following funds/subfunds had deficit fund balances as of June 30, 2024:

| | AMOUNT |
|--|-----------------|
| Public Liability / Property Damage | \$ 4,228,992 |
| Workers' Compensation | 20,786,202 |
| Utility Customer Service | 428,457 |
| Facilities Maintenance | 3,129,952 |
| Equipment Maintenance | 2,638,843 |
| Oxnard Community Development Comission Sucessor Agency | 13,898,733 |

Deficits in the Public Liability / Property Damage and Workers' Compensation Funds result from implementing conservative actuarial assumptions regarding claims liabilities, including incurred but not reported claims. The City expects to replenish the reserve over a 10-year period.

Deficits in Utility Customer Service, Information Services, Facilities Maintenance, and Equipment Maintenance resulted from accrual of pension and OPEB liabilities. The deficits in these internal service funds are primarily attributable to the implementation of GASB Statements 68 and 75 to record liabilities for employee pensions and other post-employment benefits. These liabilities will be liquidated with revenue received in future years that cannot be accrued in these financial statements.

L. Prior Period Adjustments Error Correction for Capital Assets

As of July 1, 2023, the CDC Successor Agency private purpose trust fund capital assets was reduced by \$28,629,975 to remove capital assets disposed or capitalized in error in prior years in the amount of \$10,846,136 and transfer pre-2012 redevelopment dissolution improvements to City infrastructure in the amount of \$17,783,838.

The CDC Successor Agency has completed the implementation of its Long-Range Property Management Plan as approved by the County of Ventura Oversight Board and State of California Department of Finance. All Successor Agency property related to the Long-Range Property Management Plan has been disposed. This restatement of capital assets aligns the CDC Successor Agency's financial reporting records with the Long-Range Property Management Plan by eliminating out-of-date capital asset records. As part of this correction, pre-2012 redevelopment dissolution improvements has been added to the governmental activities infrastructure on the City's Governmentwide Statement of Net Position.

In addition, the City, during a review of CIP projects, discovered that some expenses in prior years should have been capitalized into construction in progress. As a result, governmental activities construction in progress was increased by \$6,257,226 and business-type activities construction in progress was increased by \$10,320,337 as of the beginning of the fiscal year.

II. DETAILED NOTES ON ALL FUNDS (Continued)

L. Prior Period Adjustments (Continued)
Adjustment to 2014 Lease Purchase - Fire Station 8

As of July 1, 2023, the City recorded a prior period adjustment to correct the liability related to the Lease Purchase Agreement for Series 2014 A&B – Fire Station 8. This adjustment aligns the Lease Purchase Liability with the amounts disclosed in the Official Statement and the amortization schedule for the 2014 California Municipal Finance Authority Revenue Bonds, Series A&B.

The adjustment resulted in:

- An increase to the Lease Purchase Liability by \$1,083,305
- An increase in the Unamortized Premium by \$143,801
- Recognition of Cash with Fiscal Agent by \$1,389,018

As a result of these corrections, the fund balance of the General Fund Group (104 – Half Cent Tax) increased by \$1,389,018 and the net position for governmental activities increased by \$161,912. This adjustment brings the beginning balance of the Lease Purchase liability to \$9,895,000.

Change within the Financial Reporting Entity

Certain funds previously classified as nonmajor funds were merged into the State and Federal Grants, a major fund. The beginning balance of \$207,088 was transferred from nonmajor funds to State and Federal Grants.

The beginning fund balances of governmental and proprietary funds were adjusted as follows:

| | | | 51 | ate and | nonmajor | | | | |
|--|----|------------|------|------------|------------------|----|-------------|-----|--------------|
| | Ge | neral Fund | Fede | ral Grants | Funds | ٧ | /ater Fund | Was | tewater Fund |

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS

The City provides pension benefits to its employees through four defined benefit plans: CalPERS Miscellaneous Plan, CalPERS Police Plan, CalPERS Fire, and the Retirement Enhancement Plan. Pension expense for all plans totaled \$35,606,744 for the year ended June 30, 2024. Total pension liabilities, fiduciary net position, and net pension liabilities for all plans as of June 30, 2024 are as follows:

| | | Total Pension Liability | | lan Fiduciary Net Position | Net Pension Liability | | |
|-----------------------------|----|----------------------------|----|-------------------------------|--------------------------|-------------|--|
| Miscellaneous Plan | \$ | 592,398,664 | \$ | 429,690,644 | \$ | 162,708,020 | |

1. California Public Employees' Retirement System

A. Retirement Plan Description

The City contributes to the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit plan, which acts as a common investment and administrative agent for participating public entities within the State of California. The City participates in agent multiple-employer plans for its Miscellaneous 2% at 55 and 2% at 62 and Police 3% at 50 and 2.7% at 57, and in the cost-sharing plan for its Fire 3% at 50 and 2.7% at 57. Benefit provisions and all other requirements are established by State statutes within the Public Employees' Retirement Law. City of Oxnard selects optimal benefit provisions and adopts those benefits through local ordinance. Copies of CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 "P" Street, Sacramento, CA 95814 or from the CalPERS website http://www.calpers.ca.gov. During the year ended June 30, 2013, the California's Public Employees' Pension Reform Act (PEPRA) went into effect. PEPRA requires new benefits and member contributions for new members as defined by PEPRA that are hired after January 1, 2013. Employees who were CalPERS members before January 1, 2013 are considered "Classic Members."

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

B. Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment.

Classic members or PEPRA Safety members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. PEPRA Miscellaneous members become eligible for retirement at age 52 with at least five years of service. The service retirement benefit is a monthly allowance taking into account the benefit factor, years of service, and final compensation. The benefit factor depends on the benefit formula specified in the employer's contract. The years of service is the amount credited by CalPERS to a member while he or she is employed in this group. The final compensation is the monthly average of the member's highest 12 consecutive months' full-time equivalent monthly pay.

All members are eligible for nonduty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The standard death benefit for Safety members is the Special Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

C. Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

C. Contributions (Continued)

Participants in the Miscellaneous and Safety plans are required to contribute a percentage of their annual covered salary. The City pays a portion of the contributions required of City employees on their behalf in accordance with respective memoranda of understanding (MOUs). The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members.

For the year ended June 30, 2024, the City's total contributions for the Miscellaneous and Safety Plans were \$46,530,524. The City's contributions recognized as part of the pension expense for the year ended June 30, 2024 were \$44,226,381 for the Miscellaneous and Safety Plans.

The Plan's provisions and benefits in effect at June 30, 2024 are summarized as follows:

| | Miscellaneous | | | |
|-----------------------------------|---------------|------------------|-------|----------------|
| | F | Prior to | | or After |

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

C. Contributions (Continued)

At June 30, 2023 (measurement date), the following employees were covered by the benefit terms of the Plan:

| | Number of Members | | | | | |
|---------------------------|-----------------------------|--------|--------------------|--|--|--|
| | Miscellaneous Safety Plan - | | | | | |
| Plan Members | Plan | Police | Safety Plan - Fire | | | |
| Active | 978 | 208 | 134 | | | |
| Transferred | 751 | 41 | 32 | | | |
| Terminated | 1,463 | 48 | 20 | | | |
| Retired and beneficiaries | 1,209 | 323 | 145 | | | |
| TOTALS | 4,401 | 620 | 331 | | | |

D. Actuarial Methods and Assumptions Used to Determine Total Pension Liability The June 30, 2023 total pension liabilities were based on the following actuarial methods and assumptions:

| Actuarial Cost Method | Entry Age Normal |
|-----------------------------------|---|
| Asset Valuation Method | Fair Value of Assets |
| Actuarial Assumptions | |
| Discount Rate | 6.90% |
| Inflation | 2.50% |
| Salary Increases | Varies by Entry Age and Service |
| Payroll Growth | 2.75% |
| Investment Rate of Return | 7.00% Net of Pension Plan Investment and Administrative Expenses; includes Inflation |
| Retirement Age | CalPERS Experience Study for the period from 1997 to 2015. |
| Mortality Rate Table ¹ | The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. |

All other actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality, and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

E. Discount Rate and Long-Term Expected Rate of Return

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

The City's net pension liability is measured as the total pension liability less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2023, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022, rolled forward to June 30, 2023, using standard update procedures. The following tables show the plan fiduciary net position and the net pension liabilities for the Miscellaneous and Safety-Police Plans and the respective changes in net pension liabilities recognized over the measurement period.

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The City's proportionate share of the collective net pension liability was determined by CalPERS based on the following allocation methodology:

The schedules of employer allocation by rate plan include three ratios:

- (1) Actuarial Accrued Liability Determined based on the Actuarial Accrued Liability from the most recent Actuarial Valuation Report as of June 30, 2022 used for funding purposes.
- (2) Market Value of Assets Determined based on the sum of the Market Value of Assets (MVA) from the most recent Actuarial Valuation as June 30, 2022 used for funding purposes plus supplemental payments made by employers during the current measurement period to reduce their unfunded actuarial accrued liabilities.
- (3) Contributions Determined based on the legally or statutorily required employer contributions for the fiscal year ended June 30, 2023, including reported contribution adjustments and suspended payroll information. Legally or statutorily required employer contributions were determined by multiplying the employer's contribution rate by the annual benefit compensation (payroll) for the fiscal year and excluding payments for benefit improvements known as Golden Handshakes, which CalPERS considers to be separately financed employer-specific liabilities.

The total pension liability was allocated based on the rate plan's share of the Actuarial Accrued Liability. The fiduciary net position was allocated based on the rate plan's share of the Market Value of Assets. The net pension liability was derived by subtracting the fiduciary net position from the total pension liability. Deferred outflows of resources, deferred inflows of resources, and pension expense were allocated based on the rate plan's share of contributions.

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2024, the City recognized pension expense (benefit) of \$28,173,924, \$18,664,336, \$10,573,756 for the Miscellaneous, Safety – Police, and Safety – Fire Plans, respectively. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Defer | red Outflows | Deferred Inflows | |
|---|--------------|--------------|------------------|-------------|

| Safety – Police | | 181,885,630 | | 114,367,217 | 59,423,935 |
| Safety – Fire | | 96,530,597 | | 68,726,414 | 45,994,516 |
| TOTALS | \$ | 521,454,952 | \$ | 345,801,651 | \$ 202,248,151 |

2. Retirement Enhancement Plan

A. Plan Description

The City established a Retirement Enhancement Plan (REP), single-employer defined benefit pension plan, effective January 1, 2003 for selected groups of miscellaneous employees (non-safety), Service Employees International Union (SEIU), International Union of Operating Engineers (IUOE), Management, and one of the two groups of Confidential employees. REP is a defined benefit 401(a) tax-qualified multiple agency trust. It meets the requirements of a pension trust under the California Government Code. The plan provides supplemental retirement benefits in addition to PERS. A separate report was not issued for the Retirement Enhancement Plan; therefore, the notes to the financial statements are included below. The City reports the Retirement Enhancement Plan as a pension trust fund in the fiduciary funds financial statements.

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

A. Plan Description (Continued)

Authorized Investments

For the Retirement Enhancement Plan, the specific investments are managed by the trustee under guidelines approved by the City as follows:

Risk tolerance Market risk
Time horizon Long term
Income of liquidity needs As requested

Account of trust restrictions
Unique needs and circumstances
Investment objective
Strategic ranges

None
Balanced
0%-20% Cash

25%-45% Fixed income

50%-70% Equity

Acceptable investments Individual stocks

Individual bonds Trustee funds External funds

Index-based securities including Exchange-Traded Funds (ETF)

Fixed income guidelines Maturity range 2-15 years

Duration range 4-7 years

Investment grade - minimum credit quality

Equity guidelines The core portion of the equity allocation

will consist of individual issues. Actively-managed mutual funds will be utilized for other market segments in accordance with the trustee's tactical strategy.

in accordance with the trustee's tactical strategy.

The primary goals of the balanced investment objective are growth of principal and income. It is expected that dividend and interest income will comprise a significant portion of the total return, although growth through capital appreciation is equally important.

B. Benefits Provided

For employees meeting the eligibility requirements, the plan provides a benefit equal to the "3% at 60" plan factor (formula is a static 3% at age 60 and older), less the PERS "2% at 55" plan factors for all years of City service plus any military service purchased through PERS (prior to July 1, 2003) while an employee of the City of Oxnard.

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

B. Benefits Provided (Continued)

Eligibility for an immediate benefit is defined as reaching age 50, completing five years of Oxnard service, and retiring concurrently from both the City and PERS after leaving City employment. In addition, a deferred benefit would be available to participants who complete five years of service. The City has full discretionary authority to control, amend, modify, or terminate this plan at any time.

At June 30, 2024, the following employees were covered by the benefit:

| | Number of |
|--|-----------|
| Description | Members |
| Active members | 220 |
| Inactives entitled to benefit payments | 178 |
| Inactives currently receiving benefit payments | 404 |
| TOTAL | 802 |

C. Contributions

Employees and the City contribute a total of 8% of eligible employees' gross wages. Current employee and City contributions by employee groups are as follows:

| | City | Employee |
|-----------------------------|---------------|---------------|
| | Contributions | Contributions |
| IUOE | 2.70% | 5.30% |
| SEIU | 3.50% | 4.50% |
| Management and confidential | 3.00% | 5.00% |
| Confidential - hourly | 2.50% | 5.50% |

In addition, the City is required to contribute the remaining amounts necessary to fund the benefit to its members using the actuarial basis recommended by REP actuarial consultants. The actuarially determined contribution for the fiscal year ended June 30, 2024 was 16.2% of eligible employee gross wages. The City contributed \$2,809,553 to REP for the year ended June 30, 2024.

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

D. Actuarial Methods and Assumptions Used to Determine Total Pension Liability
The June 30, 2024 total pension liabilities were based on the following actuarial
methods and assumptions:

Actuarial Cost Method Entry Age Normal, Level % of pay

Actuarial Assumptions

Contribution Policy City contributes full ADC

Discount Rate and Long-Term Expected Rate

of Return on Assets 5.75% at June 30, 2024 5.75% at June 30, 2023

Expected City contributions projected to keep sufficient plan

assets to pay all benefits from trust

General Inflation 2.5% annually

Mortality, Retirement, Disability, Termination CalPERS 2000-2019 Experience Study

Mortality Improvement Mortality projected fully generational with Scale

MP-2021

Salary Increases Aggregate - 2.75% Annually

Merit - CalPERS 2000-2019 Experience Study

E. Discount Rate

The discount rate used to measure the total pension liability for the Plan was 5.75%. The pension trust is projected to have sufficient assets to pay benefits per the Plan's current contribution policy.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

| | Target | Expected Real |
|---------------------------------------|------------|----------------|
| Asset Class | Allocation | Rate of Return |
| Global Equity | 60.00% | 4.56% |
| Fixed Income | 40.00% | 0.78% |
| Assumed Long-Term Rate of Inflation | | 2.50% |
| Expected Long-Term Net Rate of Return | n, Rounded | 5.75% |

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

The City's net pension liability is measured as the total pension liability less the pension plan's fiduciary net position. The net pension liability of the Retirement Enhancement Plan is measured as of June 30, 2024, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023.

The following table shows the net pension liabilities for the Plan and the respective changes in net pension liabilities recognized over the measurement period.

| | Total Pension | Plan Fiduciary | Net Pension |
|---|---------------|---------------------|--------------------|
| | Liability | Net Position | Liability/(Asset) |
| Balance at June 30, 2023 | \$116,340,606 | \$104,827,205 | \$ 11,513,401 |
| Changes Recognized for the Measurement Period | | | |
| Service cost | 1,338,240 | - | 1,338,240 |
| Interest on the total pension liability | 6,623,210 | - | 6,623,210 |
| Changes of assumptions | - | - | - |
| Differences between expected and actual | | | - |
| experience | (2,113,731) | - | (2,113,731) |

| Employee contributions (paid by employer) | - | 1,512,042 | (1,512,042) |
| Net investment income | - | 12,495,285 | (12,495,285) |
| Benefit payments, included refunds of | | | |
| employee contributions | (4,985,191) | (4,985,191) | - |
| Administrative expenses | <u>-</u> | (213,489) | 213,489 |
| Net changes | 862,528 | 11,618,200 | (10,755,672) |
| Balance at June 30, 2024 (Measurement Date) | \$117,203,134 | \$116,445,405 | \$ 757,729 |

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2024, The City recognized pension expense of \$561,266, for the Retirement Enhancement Plan. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|--|--------------------------------|----------|-------------------------------|-----------|
| Net difference between projected and actual earnings on pension plan investments | \$ | _ | \$ | 2,342,014 |
| Changes in assumptions Differences between expected and | • | - | Ψ | - |
| actual experiences | | <u>-</u> | | 1,152,944 |
| TOTALS | \$ | _ | \$ | 3,494,958 |

Amounts reported as deferred inflows of resources related to pensions will be recognized as pension expense as follows:

| Measurement Period | Deferred Outflows/ |
|--------------------|------------------------|
| Ending June 30 | (Inflows) of Resources |
| 2025 | \$ (1,955,707) |
| 2026 | 1,669,093 |
| 2027 | (1,909,755) |
| 2028 | (1,298,589) |
| 2029 | |
| TOTAL | \$ (3,494,958) |

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 5.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (4.75%) or 1 percentage-point higher (6.75%) than the current rate:

| | | | | Current | | | |
|-----------------------|------|--------------------|----|---------------|----|--------------------|--|
| | Disc | Discount Rate - 1% | | Discount Rate | | Discount Rate + 1% | |
| | | (4.75%) | | (5.75%) | | (6.75%) | |
| Net Pension Liability | \$ | 14,285,499 | \$ | 757,729 | \$ | (10,568,153) | |

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued)

3. **Deferred Compensation Plan**

The City sponsors a deferred compensation plan that qualifies under Section 457(b) of the Internal Revenue Code (IRC). The Plan accepts payroll-deducted contributions for participant-directed investing. Contributions are limited to an annual maximum amount as established under the IRC. Employee salary reduction contributions are tax deferred and are immediately 100% vested. The assets of the Plan are held in trust for the exclusive benefit of plan participants and their beneficiaries. Plan assets are not the property of the City or subject to the claims of the City's general creditors.

4. Post-employment Benefits Other than Pensions (OPEB)

A. Plan Description

The City has established the City of Oxnard Retiree Health Insurance Plan, a single-employer defined benefit health care plan administered through CalPERS. Employees who retire from the City and receive a CalPERS pension are eligible for post-employment medical benefits. Retirees can enroll in any of the available CalPERS medical plans. This benefit continues for the life of the retiree and surviving spouse. Benefit provisions for CalPERS are established by the Public Employees Medical and Hospital Care Act (PEMHCA).

B. Benefits Provided

Employees become eligible to retire and receive the City-paid healthcare benefits upon attainment of age 50 and five years of covered CalPERS service. Benefits are paid for the lifetime of the retiree, spouse or surviving spouse, and dependents up to the age of 26. The City's contribution on behalf of all eligible retirees and surviving spouses is the same as its contribution for active employees (\$149 for 2023 and \$151 for 2024, indexed by the Medical CPI thereafter.)

The City contributes the minimum amount allowed under Government Code Section 22825 of the Public Employees Medical and Hospital Care Act. The required contribution is based on pay-as-you-go financing requirements. Retirees must contribute any premium amounts in excess of the City contribution. No assets are accumulated in a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75.

C. Employees Covered by Benefit Terms

At June 30, 2023, the following employees were covered by the benefit terms:

| Active plan members | 1,351 |
|---|-------|
| Retired Participants and Beneficiaries | 407 |
| Inactive Plan Participants with Deferred Benefits | 616 |
| | 2,374 |

FOR THE YEAR ENDED JUNE 30, 2024

III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Post-employment Benefits Other than Pensions (OPEB) (Continued)

D. Total OPEB Liability

The City's total OPEB liability of \$71,242,861 was measured as of June 30, 2023, and was determined by an actuarial valuation as of June 30, 2023.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Actuarial cost method Valuation of fiduciary net position Recognition of deferred inflows and outflows of resources | Entry Age, Level Percent of Pay No assets held in an irrevocable trust as of the measurement date Closed period equal to the average of the expected remaining service lives of all employees provided with OPEB |
|---|--|
| Salary increases | 2.80 percent |
| Inflation rate | 2.30 percent |
| Healthcare cost trend rate | 7.60% for 2024; 6.25% Avg for 2025-2041; and 5.00% for 2042 and later years; Medicare: 5.90% for 2024; 5.04% Avg for 2025-2037; and 4.5% for 2042 and later years |
| Preretirement Mortality | |
| Miscellaneous | Preretirement Mortality Rates for Public Agency Miscellaneous from 2021 CalPERS Experience Study. |

| 2029 | | 300,105 |
| Thereafter | | 4,619,544 |
| | \$ | 11,394,592 |

FOR THE YEAR ENDED JUNE 30, 2024

IV. RISK MANAGEMENT

The City provides general liability and workers' compensation insurance under self-insurance programs with an annual limit per occurrence of \$1 million for each program. Excess insurance in the layer of \$1 million to \$15 million per occurrence/\$18 million annual aggregate is purchased for general liability claims and statutory coverage is purchased for workers' compensation claims. The City contracts with outside service agencies to assist in the administration of the self-insurance programs. Estimated liabilities related to outstanding workers' compensation and public liability claims, including estimates for incurred but not reported claims, are based upon actuarial studies and are recorded in internal service funds.

All funds of the City participate in general liability and workers' compensation insurance programs and make payments to internal service funds on the basis of loss experience and exposure. The total unpaid claims and claims adjustment expense liability (long-term obligations) of \$47,885,625 recorded at June 30, 2024, is based on results of actuarial studies and includes an estimate for claims incurred but not reported at the balance sheet date. Claims liabilities are calculated considering the effects of inflation, recent claims settlement trends including frequency and amount of payouts, and other economic and societal factors. General liability and workers' compensation liabilities are carried at present value using a discount rate of 1.0%.

In addition, the City is in compliance with the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated.

A. General Liability

The City is self-insured for general liability claims up to \$1,000,000. The City purchases commercial excess liability insurance with limits of \$25 million per occurrence. Self-insured general liability claims are administered through a third-party administrator, with the City Attorney's approval required for settlements over \$15,000. Litigated claims are settled directly through the City Attorney's Office.

The City's excess general liability insurance premium for Fiscal Year 2023-2024, inclusive of brokerage fees, was \$2,600,504. During the past five-year period, the average claims filed each year for general liability amounted to 181 claims totaling \$1,403,855 per year (an average of \$7,756 per claim). In addition, there have been no insurance settlements that have exceeded the City's insurance coverage for each of the past three years.

FOR THE YEAR ENDED JUNE 30, 2024

IV. RISK MANAGEMENT (Continued)

A. General Liability (Continued)

The total unpaid claims and claims adjustment expense liability (long-term obligations) recorded at June 30, 2024 was \$7,644,424. The following schedule presents the changes in self-insurance claims liabilities for the past two years:

| | PROBERTY DAMAGE | | | | |
|--|-----------------|---------------------------------|--------------|--|--|
| | FY 2023-2024 | PROPERTY DAMAGE FY 2022-2023 | FY 2021-2022 | | |
| Unpaid claims and claims adjustment expenses - July 1 | \$ 7,388,152 | \$ 6,518,368 | \$ 6,344,805 | | |
| Incurred Claims and Claims Adjustment Expenses Increase (decrease) in provision for insured events Increase (decrease) in actuarially incurred but not | 170,353 | 658,045 | 162,903 | | |
| reported claims (IBNR) | 85,919 | 211,739 | 10,660 | | |
| Total Incurred Claims and Claims Adjustment Expenses | 256,272 | 869,784 | 173,563 | | |
| Unpaid claims and claims adjustment expenses - June 30 | \$ 7,644,424 | \$ 7,388,152 | \$ 6,518,368 | | |
| CLAIMS AND JUDGMENTS DUE WITHIN ONE YEAR | \$ 2,651,170 | \$ 2,592,113 | \$ 2,208,342 | | |

DUDUIC LIADILITY AND

B. Workers' Compensation

The City is self-insured for workers' compensation claims up to \$1,000,000. For claims over \$1,000,000, the City has purchased excess workers' compensation insurance through PRISM, a California risk-sharing Joint Powers Authority. The claims are processed by a third-party administrator similar to general liability claims.

The City's premium for workers' compensation insurance coverage in Fiscal Year 2023-2024 was \$623,535. Within the City's self-insured program for workers' compensation, there has been an average of 285 claims filed per year for the past five years, with an average of approximately \$5,704,824 per year in total reported losses (an average of \$20,017 per claim). In addition, there have been no settlements that have exceeded the City's insurance coverage for each of the past three years.

The total unpaid claims and claims adjustment expense liability (long-term obligations) recorded at June 30, 2024 was \$40,241,201.

FOR THE YEAR ENDED JUNE 30, 2024

IV. RISK MANAGEMENT (Continued)

B. Workers' Compensation (Continued)

The following schedule presents the changes in self-insurance claims liabilities for the past two years:

| , | WORKERS' COMPENSATION |
|--|--|
| | FY 2023-2024 FY 2022-2023 FY 2021-2022 |
| Unpaid claims and claims adjustment expenses - July 1 | \$ 37,171,080 \$ 29,583,599 \$ 28,919,771 |
| Incurred Claims and Claims Adjustment Expenses | |

| Increase (decrease) in actuarially incurred but not | |
| reported claims (IBNR) | 964,269 2,716,990 1,491,009 |
| Total Incurred Claims and Claims Adjustment Expenses | 3,070,121 7,587,481 663,828 |
| Unpaid claims and claims adjustment expenses - June 30 | <u>\$ 40,241,201</u> <u>\$ 37,171,080</u> <u>\$ 29,583,599</u> |
| CLAIMS AND JUDGMENTS DUE WITHIN ONE YEAR | \$ 7,374,305 \$ 6,794,132 \$ 6,222,498 |

V. OTHER INFORMATION

A. Commitments and Contingencies

As of June 30, 2024, the City had significant construction commitments as follows:

| | AMOUNT |
|-------------------------|-------------------|
| Governmental Activities | \$ 439,794,913 |
| Water | 83,311,072 |
| Wastewater | 78,195,559 |
| Environmental Resources | 13,220,612 |
| Golf Course | 659,433 |
| Information Systems | 752,000 |
| TOTAL | \$ 615,933,589 |

.. ______..._

V. OTHER INFORMATION (Continued)

A. Commitments and Contingencies (Continued)

The City uses "encumbrances" to control expenditure commitments for the year. Encumbrances represent commitments related to contracts not yet performed and purchase orders not yet filled. Commitments for such expenditures are encumbered to reserve applicable appropriations. As of June 30, 2024, total encumbrances for the governmental and proprietary funds are reported as follows:

| | AMOUNT | |
|-------------------------------|--------|------------|
| GOVERNMENTAL FUNDS | | |
| General Fund | \$ | 2,861,464 |
| Developer Fees | | 429,146 |
| State and Federal Grants | | 1,333,115 |
| Nonmajor Funds | | 13,640,637 |
| TOTAL GOVERNMENTAL FUNDS | \$ | 18,264,362 |
| PROPRIETARY FUNDS | | |
| Water funds | \$ | 4,713,754 |
| Wastewater funds | | 20,987,583 |
| Environmental resources funds | | 209,909 |
| Golf Course | | 128,556 |
| TOTAL PROPRIETARY FUNDS | \$ | 26,039,802 |
| TOTAL INTERNAL SERVICE FUNDS | \$ | 288,554 |

There are various lawsuits and claims pending against the City. Management believes that all contingencies requiring accrual or disclosure are reflected in these financial statements.

The City has received significant financial assistance from numerous federal and state agencies in the form of grants and entitlements. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by grantor agencies. Any disallowed claims resulting from such audits could become a liability of the City. However, in the opinion of management, liabilities resulting from disallowed claims, if any, will not have a material effect on the City's financial position at June 30, 2024.

OTHER INFORMATION (Continued)

B. Risks and Uncertainties

Teichert Energy & Utilities Group v. City of Oxnard

The City of Oxnard ("City") entered into a construction agreement with Teichert Energy & Utilities Group ("Teichert") for the La Colonia Neighborhood Cast Iron Pipe Replacement Project ("La Colonia Project"). This was a public project subject to the requirements of the Public Contract Code and the Standards and Specifications for Public Works Construction. The La Colonia Project was formally noticed, and requested contractors send a sealed bid to the City, and was formally bid pursuant to the Uniform Construction Cost Accounting Act. Teichert was the lowest responsive and responsible bidder for the La Colonia Project, and the City awarded the contract to Teichert. Typically, a contractor is locked into the bid or contract amount it submitted to the City in its Bid for the public project. There are circumstances when the contract price may increase when there is an increase in material costs, unforeseen circumstances that result in increased labor and equipment costs, or extra work. The La Colonia Project was set to be completed in 90 working days. Teichert claimed it encountered differing site conditions, among other items, that delayed the project by approximately 200 days. Teichert submitted 19 change orders requesting an additional \$2.9 million in project funds. The City contested Teichert's change order requests for additional funding. Teichert and the City engaged in mediation, which is required under the contract. Mediation was not successful. Shortly thereafter, Teichert submitted a claim to the City and filed a lawsuit against the City in Ventura Superior Court. The suit against the City is set for trial in September of 2025. For this particular matter the likelihood of an unfavorable outcome is possible and the contingent loss is estimated to range between \$350,000 and \$1,800,000.

Potential Claim by G2K re Del Norte Recycling Center Scales Project

The City entered into a construction agreement with G2K Construction Inc. ("G2K") for the Replacement of Truck Scales at the Del Norte Recycling Center ("Scales Project"). This was a public project subject to the requirements of the Public Contract Code and the Standards and Specifications for Public Works Construction. The Scales Project was formally noticed, and bid pursuant to the Uniform Construction Cost Accounting Act. The City received sealed bids from interested contractors, and G2K was the lowest responsive and responsible bidder for the Scales Project, so the City awarded the construction contract to G2K. In general, a contractor is locked into the dollar amount submitted to the City in its Bid for the public project. There are circumstances when the dollar amount may increase, such as increases in material costs, unforeseen circumstances or delays, increased labor and equipment costs, or extra work. The Scales Project was to be completed in 90 working days. It has been over 450 days since the project began, and G2K has partially completed the project.

V. OTHER INFORMATION (Continued)

B. Risks and Uncertainties (Continued)

Potential Claim by G2K re Del Norte Recycling Center Scales Project(continued) The City terminated the contract on March 19, 2024 and pursuant to the contract G2K submitted a final settlement termination proposal requesting additional payment of up to \$1.5 million from the project funds. The City is in the process of negotiating the termination settlement with G2K pursuant to the terms of the Contract. At this time there is no litigation or pending claim from G2K in connection with this project. It is anticipated that G2K may file a claim after the City contests and denies G2K's final settlement termination proposal. For this particular matter the likelihood of an unfavorable outcome is possible and the contingent loss is estimated to range up to \$1,500,000.

COVID-19 Eviction Moratorium Litigation 238 Serrano Properties, LLC; et al. v. City of Oxnard; et al., Los Angeles County Superior Court Case No. 24STCV01214

The City was recently served in a civil lawsuit against the State of California, the City of Oxnard and eight other cities and counties filed by owners and lessors of residential apartment houses and complexes related to government actions taken in response to the COVID-19 Pandemic. Plaintiffs are alleging economic losses and hardships as a direct result of various forms of alleged imbalanced orders, resolutions, ordinances, eviction moratoria and related government mandates. The alleged losses occurred between March 15, 2020 and January 2024. The property identified in the City of Oxnard is "4200 Harbor Avenue", which does not exist. Online research for a valid address for "4200 Harbor Boulevard" indicates the property is the 90-unit Paz Mar Select apartment complex, which was sold to Xenon Investment Corp. (one of the listed plaintiffs) in January of 2017 for \$22.3 million dollars (approx. \$248,000 per unit). A February, 2017, Fernando Valley Business article posted on the San Journal website https://sfvbi.com/realestate/ apartments/oxnard-apartment-complex-sold-22-million/> reports, "Apartments are a mix of one- and two-bedroom units with many ocean and harbor views and the complex has a pool and spa, B. fitness center, clubhouse and tennis court [...]. Ventura County owns the land, which was not part of the sale, and required that the new owners spend about \$2.4 million on interior and exterior renovations to the 46-year-old complex, according to Robin Ossenbeck, a broker with Berkadia Real Estate Advisors, who with Vince Norris negotiated the deal on behalf of [the seller]." A current Zillow posting for two vacant two bedroom, two-bath units in the complex lists rents of \$2,398 and \$2,448 per month. In addition to costs and attorney fees against the public entity defendants, the complaint seeks "damages and compensation far in excess of \$10,000,000 and continuing in an amount according to proof, and interest thereon." The City is being defended in this matter by the firm of Burke, Williams & Sorensen, LLP, which is also representing one of the other defendant cities.

FOR THE YEAR ENDED JUNE 30, 2024

V. OTHER INFORMATION (Continued)

B. Risks and Uncertainties (Continued)

COVID-19 Eviction Moratorium Litigation

238 Serrano Properties, LLC; et al. v. City of Oxnard; et al., Los Angeles County Superior Court Case No. 24STCV01214 (continued)

The Director Order ratified by the Oxnard City Council that imposed a temporary moratorium on evictions of tenants impacted by the COVID-19 Pandemic provided, consistent with Governor Newsom's Executive Order N-28-20 that a tenant had to demonstrate that the tenant was unable to pay rent due to Financial Impacts related to COVID-19, and further provided that the tenant had to document to the landlord that the tenant's inability to pay rent was due to the COVID-19 Pandemic.

The City's Director Order did not relieve a tenant of liability for unpaid rent or restrict a landlord's ability to recover rent due. Nonetheless, plaintiffs claim the damages summarized supra. Because other challenges to COVID-19 Pandemic regulations brought post-Pandemic have largely failed, and Oxnard's moratorium included a process to determine tenant eligibility that plaintiffs will need to prove was followed, we do not believe plaintiffs will prevail. Given plaintiffs' broadly-worded prayer for relief, we can only speculate damages should plaintiffs prevail. Based only on the \$10 million dollar figure alleged and the ten defendant agencies named in the complaint, the risk to the City could be up to \$1,000,000, a figure which is highly speculative at this very early point in the litigation.

C. Notes to the Financial Statements - Successor Agency

a. Reporting Entity

On January 10, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with AB 1X 26 as part of City resolution number 14,135, to oversee the winding down of the agency's affairs and liquidation of the agency's assets effective February 1, 2012. AB 1484 essentially transferred authority over the Successor Agency to an Oversight Board, also established pursuant to AB 1X 26 and the California Department of Finance. As specified in California Senate Bill 107 and beginning on July 1, 2018, all Oversight Boards in the County were consolidated into one Oversight Board, the Ventura County Consolidated Oversight Board.

The 7-member Oversight Board is comprised of representatives of the local agencies from Ventura County cities, special districts, and K-14 educational agencies. The County Oversight Board members have a fiduciary responsibility to holders of enforceable obligations, as well as to the local agencies that would benefit from property tax distributions from the former redevelopment project areas. Oversight boards direct the staff and approve the actions of the Successor Agency.

FOR THE YEAR ENDED JUNE 30, 2024

V. OTHER INFORMATION (Continued)

C. Notes to the Financial Statements - Successor Agency (Continued)

b. Cash and Investments

Cash and investments with fiscal agents of the Successor Agency are comprised of the following at June 30, 2024:

| | FAIR |
|---|------------------|
| | VALUE |
| Deposits and investments | \$ 7,704,736 |
| Restricted investments with fiscal agents | 3,876,228 |

Description of Long-term Debt

Tax Allocation Refunding Bonds, Series 2004A

Tax Allocation Refunding Bonds, Series 2004A were issued on May 4, 2004 in the amount of \$19,185,000. These are twenty-two-year bonds with a net interest cost of 4.58%. The bonds were issued to refinance the Tax Allocation Refunding Bonds, Series 1994A and to finance additional redevelopment activities within the Central City Revitalization and Downtown Project Area. The balance outstanding as of June 30, 2024 is \$3,320,000.

As of June 30, 2024, the total future debt payments for the Tax Allocation Refunding Bonds, Series 2004A, including interest thereon, are as follows:

2006 Tax Allocation Bond Financings

Local Obligation Revenue Bonds (2006 Tax Allocation Bond Financings) in the amount of \$20,530,000 were issued on December 1, 2006 to purchase the following obligations being issued simultaneously for: (1) the Oxnard Community Development Commission Ormond Beach Project Area Tax Allocation Bonds, Series 2006 in the amount of \$5,750,000; (2) the Oxnard Community Development Commission Southwinds Project Area Tax Allocation Bonds, Series 2006 in the amount of \$3,290,000; and (3) the Oxnard Community Development Commission Historic Enhancement and Revitalization of Oxnard (HERO) Project Area Tax Allocation Bonds, Series 2006 in the amount of \$11,490,000. The bonds were issued to finance redevelopment activities (street improvement projects) in the Ormond Beach Project Area, Southwinds Project Area and the HERO Redevelopment Project Areas. These bonds carry a net interest cost of 4.424%, maturing on September 1, 2036. The outstanding balance as of June 30, 2024 is \$11,690,000.

As of June 30, 2024, the total future debt payments for the Tax Allocation Bonds, Series 2006, including interest thereon, are as follows:

FOR THE YEAR ENDED JUNE 30, 2024

V. OTHER INFORMATION (Continued)

C. Notes to the Financial Statements - Successor Agency (Continued)

f. Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the City performed calculations of excess investment earnings on various bonds and financings. Liabilities were calculated for the issues and rebate payments were made as appropriate. No arbitrage liability existed at June 30, 2024.

The Successor Agency is in compliance with all significant covenants related to its debt issues.

g. Commitments and Contingencies

The Successor Agency is a defendant in various claims and legal actions arising in the normal course of operations. In the opinion of the Successor Agency Attorney and Oversight Board, the ultimate liability from such actions and claims will not have a material adverse effect on the Successor Agency's financial position or operations.

The Successor Agency entered into an agreement with a developer that includes a guarantee to cover its lease expense up to \$111,300 a month when the developer's revenues are not sufficient to cover its lease expense for a period of 25 years.

The Successor Agency has a reimbursement agreement with the developer of RiverPark to reimburse public improvements (up to \$10 million) and affordable housing (up to \$4.25 million) for a combined maximum of \$14.25 million. Through June 30, 2024, a total of \$6.7 million has been repaid on the \$10 million infrastructure amount, and a total of \$3.0 million repaid on the \$4.25 million affordable housing amount. Therefore, the remaining balance on the combined maximum commitment is \$4.5 million.

D. Notes to the Financial Statements - Retirement Enhancement Defined Benefit Retirement Trust Fund

The City joined the Retirement Enhancement Plan (REP) effective January 1, 2003 for selected employee groups (see Note III for additional information on REP). Investments for the benefit of eligible employees are in a segregated account and invested under the guidelines authorized by the City.

During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75.

Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

Notes to Schedule

Changes of Benefit Terms: The figures above generally include any liability impact that may have resulted from voluntary benefit changes that occurred on or before the Measurement Date. However, offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes) that occurred after the Valuation Date are not included in the figures above, unless the liability impact is deemed to be material by the plan actuary.

Changes of Assumptions: None in 2019-2021. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

² Includes any beginning of year adjustment.

Notes to Schedule:

Changes of Benefit Terms: The figures above generally include any liability impact that may have resulted from voluntary benefit changes that occurred on or before the Measurement Date. However, offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes) that occurred after the Valuation Date are not included in the figures above, unless the liability impact is deemed to be material by the plan actuary.

Changes of Assumptions: None in 2019-2021. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

² Includes any beginning of year adjustment.

³ For the year ended on the measurement date. Includes one year's payroll grow th using 2.80 percent payroll grow th assumption for fiscal year ended June 30, 2022, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2018-21; 3.00 percent payroll grow th assumption for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2024, 2.75% payroll grow th for fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years ended June 30, 2024, 2.75% payroll grow th fiscal years end

¹ During Fiscal Year 2019-2020, the City moved the supplemental pension plan from PARS to Mass Mutual. The plan is a single-employer plan, which triggered the presentation and valuation requirements from GASB 67, Financial Reporting for Pension Plans. To present the plan in accordance with GASB 67 and GASB 68, an actuarial adjustment was recorded to change the measurement date and valuation date of the plan. The measurement date and valuation date are now the same date.

Notes to Schedule:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes, which occurred after June 30, 2017. This applies for voluntary benefit changes as well as any offers of Two Year Additional Service Credit (a.k.a Golden Handshakes).

² For the year ended on the measurement date.

GASB Statement No. 75, which requires ten years of history for this schedule, was implemented during fiscal year ended June 30, 2018. Additional years will be added as they become available in the future.

Notes to Schedule:

Changes in Benefit Terms: None

Changes of Assumptions: Based on a review of plan experience during the period July 1, 2019 to June 30, 2021. The discount rate used to measure the City's Total OPEB liability is based on the following information:

No assets are accumulated in a trust or equivalent arrangement to pay related benefits for the OPEB plan.

Note to Budgetary Comparison Schedule:

Budgets are prepared using a current financial resources measurement focus and the modified accrual basis of accounting consistent with generally accepted accounting principles (GAAP).

Reimbursement of IUF fees were included in the City's budget as other financing uses. In the General Fund financial statements, the reimbursement of IUF fees are reported as reductions of advances from other funds.

SUPPLEMENTARY INFORMATION

General Fund Group Funds

The general fund accounts for a government's main operating fund.

General Fund - This fund is used to account for all financial resources traditionally associated with government activities that are not required legally to be accounted for in another fund. Principal sources of revenues are property tax, sales tax, transient occupancy (hotel) tax, business license tax, franchise fees, licenses and permits, and State shared revenues and billings for outside and interfund services. Expenditures in the General Fund primarily consist of general administration, police and fire protection, parks and streets maintenance, recreation and transportation services, and community development.

Half Cent Sales Tax "Measure O" Fund - On November 4, 2008, Oxnard voters approved a general purpose sales tax for one half cent for twenty years. Its purpose is "to protect, maintain, and enhance vital City services including police, fire and emergency response, increasing street paving and sidewalk/pothole repair to improve traffic flow, expanding youth recreation, after-school and anti-gang prevention programs, acquiring property for parks/open space preservation, upgrading storm water drains, improving senior services, increasing building code compliance, and other general City services."

Street Maintenance Fund - This fund is used for the reimbursement of costs imposed by the City's utility enterprise funds (water, wastewater, environmental resources) on the public right-of-way.

Performing Arts & Convention Center Fund - This fund accounts for the City's cultural activities related to artistic and recreational performances. Revenues are derived mainly from admission tickets and contributions from patrons. These revenues are used to pay for operating expenditures, capital improvement projects, acquisition of equipment and sound systems.

Other General Funds - These funds account for Oxnard Police Department Training program, system payroll control, donations to the City from private parties for specified purposes and developer deposits.

NONMAJOR GOVERNMENTAL FUNDS

Nonmajor Governmental Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than capital outlay and debt service funds that are legally restricted to expenditures for particular purposes).

Public Safety Retirement Fund - This special revenue fund is used to account for voter-approved property tax for public safety uniformed employees' retirement.

State Gas Tax Fund - This special revenue fund is used to account for the allocated share of Gas Tax Revenue. Spending of gas tax is legally restricted to be used for maintenance and improvement of public streets.

Debt Service Fund - This fund accounts for the accumulation of resources and payments of principal and interest of the City's general long-term debt.

Capital Outlay Fund - This fund accounts for financing and construction of general government capital projects.

Certified Unified Program Agencies (CUPA) Fund - This special revenue fund is used to account for fees collected for regulation and management of hazardous materials in the City. Fees are to be used in the administration of the CUPA program.

Traffic Safety Fund - This special revenue fund is used to account for shared revenues received from fines and forfeitures under the State of California Vehicle Code. Fund is restricted to be expended only for improvement and maintenance of traffic control equipment/devices.

Transportation Development Fund - This special revenue fund is used to account for Transportation Development Act revenues and to be used for street maintenance and road improvements, and construction of pedestrian and bike facilities.

Maintenance Assessment Districts Fund - This special revenue fund is used to account for assessment revenues and expenditures related to waterways and landscape maintenance of various district areas in the City.

Note to Budgetary Comparison Schedule:

Budgets are prepared using a current financial resources measurement focus and the modified accrual basis of accounting consistent with generally accepted accounting principles (GAAP).

INTERNAL SERVICE FUNDS

Internal Service Funds

Internal Service Funds are established to account for goods and services provided by one City department to other City departments or related entities, generally on a cost-recovery basis.

Public Liability and Property Damage Fund - This fund is used to account for the City's self-insurance program of providing public liability and property damage insurance coverage and claims adjustment services to the City's operating funds.

Workers' Compensation Fund - This fund is used to account for the City's self-insurance program for workers' compensation claims.

Utility Customer Services Fund - This fund is used to account for the costs associated with administering the operation of the Customer Services Division and to distribute these costs to the various City utilities such as water, sewer, and refuse.

Information Services Fund - This fund is used to account for the costs associated with the City's information technology and financial systems and to distribute these costs to the departments using the systems on a pro-rata basis. Included are costs for hardware and software maintenance, cloud computing and computer operation costs, and some centralized supplies.

Facilities Maintenance Fund - This fund is used to account for the operation and maintenance of City facilities, properties, and related capital projects.

Equipment Maintenance Fund - This fund is used to account for automotive fleet maintenance and services provided to City departments.

STATISTICAL SECTION

Statistical Section (Unaudited)

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Schedule I Net Position by Component Schedule II Changes in Net Position

Schedule III Fund Balances of Governmental Funds

Schedule IV Changes in Fund Balances of Government Funds
Schedule V Government Activities Tax Revenue by Source

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Schedule VI Assessed Value and Estimated Value of Taxable Property

Schedule VII Direct and Overlapping Property Tax Rates

Schedule VIII Principal Property Taxpayers

Schedule IX Property Tax Levies and Collections

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Schedule X Ratios of Outstanding Debt by Type

Schedule XI Direct and Overlapping Government Activities Debt

Schedule XII Legal Debt Margin Information Schedule XIII Pledged Revenue Coverage

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Schedule XIV Demographic and Economic Statistics

Schedule XV Principal Employers

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Schedule XVI Operating Indicators by Function

Schedule XVII Capital Assets by Function

Schedule XVIII Full-time Equivalent City Government Employees by Function

SCHEDULE I

Net Position by Component Last Ten Fiscal Years (accrual basis of accounting)

NOTE:

- (1) The passage of Proposition 13 on June 6, 1978 established a maximum countywide levy of 1% of market value or \$1.00 per \$100 of assessed value.
- (2) Total Direct Rate is the weighted average of all individual direct rates applied by the Entity preparing the statistical section and excludes revenues derived from aircraft. Beginning in 2013/14 the Total Direct Rate no longer includes revenue generated from the former redevelopment tax rates. Challenges to recognized enforceable obligations are assumed to have been resolved during 2012/13. For report purposes, residual revenue is assumed to have been distributed to the City in the same proportion as General Fund Revenue.
- (3) Total Direct rate as presented is the Basic Levy plus Direct Debt Service
- (4) The school district rates are for applicable school districts
- (5) Overlapping rate for Metropolitan Water District and Calleguas Muni Water Annex#16. Reflects actual overlapping rate. Not all overlapping rates apply to all city property owners.
