The State Fire Marshal evaluates the severity of fire hazards for both the state and local jurisdictions. On March 10, 2025, the State Fire Marshal released updated fire hazard severity zone maps.

The new maps identified hazard severity zone changes in District 5 and 6 communities.

The City will host a Town Hall for Districts 5 and 6 to provide more information and address questions, featuring staff from the Fire Department, Community Development, and City Manager's Office to discuss the updated maps and explain the technical terms used by the State in this process.
