- b. Amount of deficit in the improvement fund to be carried over from a previous fiscal year: \$0.00.
- c. Amount of any contributions to be made from sources other than assessments levied pursuant to Part 2 of Division 15 of the Streets and Highways code: \$0.00.

- e. Net amount to be assessed upon assessable lands with the District, being the total costs, as referred to in subdivisions (a), increased or decreased, as the case may be, by any of the amounts referred in subdivision (b), (c), or (d): \$53,132.50.

SECTION 4 ASSESSMENT OF ESTIMATED COSTS OF MAINTENANCE

This assessment applies to the 2012-2013 fiscal year.

- a. The net amount, determined in accordance with Section 3, above, to be assessed upon assessable lands within the District is \$53,132.50.
- b. A description of each assessable lot or parcel for land within the District is contained in the diagram referred to in Section 2 hereof.
- c. The net amount stated in subdivision (a) of this Section 4 is apportioned among such lots or parcels in proportion to the estimated special benefits to be received by each lot or parcel from the maintenance of the landscaping improvements by the following formula or method: Dividing such net amount by the number of assessable lots or parcels within the District. Thus, the net amount of \$53,132.50 will be apportioned among the three parcels by acreage of each parcel as shown in the following table.

Parcel	APN#	Lot Area	Parcel Fee	
Parcel 1	213-0-031-250	1.28 AC.	\$	4,495.00
Parcel 2	213-0-031-260	1.56 AC.	\$	5,478.50
Parcel A	213-0-031-450	12.29 AC.	\$	43,159.00
	Total	15.13 AC.	\$	\$53,132.50

The landscape maintenance described in Section 1 is for the visual enhancement, visual screening and preservation of open space for all parcels. The landscape maintenance along the streets of the District add value and enhance the aesthetic qualities of the District. Although all parcels do not front on the maintained areas, they are accessed via these areas, and therefore all properties within the District obtain special benefit from such areas. In addition, the landscaping elements discussed in this report were all conditions of the tract development plan.

d. The annual maintenance costs in future years will not require the preparation of an Engineer's Report. Maintenance costs and assessments are expected to increase in accordance with inflation and the consumer price index. Property owners will not be assessed higher annual maintenance assessments in excess of the Consumer Price Index (CPI) as published by the United States Department of Labor for all urban consumers (Los Angeles - Region) when compared to the July 2012 CPI, (235.776 - with 1982-84 = 100.0) without compliance with applicable procedures set out in Article XIIID of the California Constitution. Annual adjustments for electric power and water service may be greater than the CPI but shall not exceed five (5) percent of the previous fiscal year budget for electric power and water service plus administration. Assessments that do not exceed the amount calculated in accordance with the assessment formula may be made without further mailed notice and balloting.

- e. In our capacity as Engineer, we hereby find and determine as follows:
 - 1. The proportionate special benefit derived by each parcel proposed to be assessed has been determined in relationship to the entirety of the maintenance and operations expenses of the landscape improvements described in Section 1 of this report and depicted on the diagram for the District.
 - 2. No assessment is proposed to be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.
 - 3. Only special benefits will be assessed.
 - 4. Maintenance and operation of the landscaping improvements of which the cost is included in the assessments does not confer any general benefits on real property in the District or to the public-at-large.
 - 5. There are no parcels within the District that are owned or used by any local government, the State of California, or the United States Government.
