## **INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners  
City of Oxnard Housing Authority  
Oxnard, California

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of the City of Oxnard Housing Authority ("the Authority"), a component unit of the City of Oxnard, as of and for the year June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Authority as of June 30, 2024, and the changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Emphasis of Matter***

As discussed in Note 1, the financial statements present only the Authority and do not purport to, and do not, present fairly the financial position of the City of Oxnard, as of June 30, 2024, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Report on Summarized Comparative Information***

We have previously audited the Authority's 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated January 18, 2024. In our opinion, the summarized comparative information presented herein as of

and for the year ended June 30, 2024 is consistent, in all material respects, with the audited financial statements from which it has been derived.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis, Schedules of the Authority's Proportionate Share of the Net Pension Liability, Schedules of Plan Contributions, and the Schedule of the Authority's Proportionate Share of the Total OPEB Liability*, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying *Financial Data Schedule, Schedule of Actual Modernization Cost Certificates* and the *Schedule of Expenditures of Federal Awards*, as required by the U.S. Code of Federal Regulations, Title 2, Grants and Agreements, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards listed in the table of contents as Supplemental Data are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying *Financial Data Schedule* is required by the Uniform Financial Reporting Standards issued by the U.S. Department of Housing and Urban Development. Additionally, the *Schedule of Actual Modernization Cost Certificates* is presented in accordance with the filing requirements with the U.S. Department of Housing and Urban Development.

The *Financial Data Schedule, Schedule of Actual Modernization Cost Certificates* and the *Schedule of Expenditures of Federal Awards* are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the *Financial Data Schedule, Schedule of Actual Modernization Cost Certificates* and the *Schedule of Expenditures of Federal Awards* are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2025 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

The City of Oxnard Housing Authority ("the Authority") management's discussion and analysis provides an overview of the Authority's financial activity and assists the reader in focusing on significant financial issues for the fiscal year ended June 30, 2024. Readers are encouraged to consider the information presented here in conjunction with the accompanying basic financial statements included in this report.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

### **Financial Highlights**

- Total operating revenues for all programs were over \$39.7 million for the year. Rental and other income generated approximately \$6.0 million towards this amount, with HUD grants and subsidies covering the balance.
- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by approximately \$38.2 million. Of that amount, approximately \$11.2 million was considered unrestricted net position, approximately \$2.4 million is restricted net position; and the remainder of approximately \$24.6 million is net investment in capital assets.
- The Authority's net position increased approximately \$7.3 million as a result of this year's operations.

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of a statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows and notes to basic financial statements.

### **Financial statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required to be established by the Department of Housing and Urban Development (HUD). However, the Housing Authority establishes other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using grants and other moneys. All of the funds of the Authority are classified as one enterprise fund.

Enterprise funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. They are reported using the full accrual method of accounting in which all assets and all liabilities associated with the operation of these funds are included on the balance sheet. The focus of enterprise funds is on income measurement, which, together with the maintenance of equity, is an important financial indication. The financial data schedules by program are included under supplemental data.

The Statement of Net Position presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time,

increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating. Assets and liabilities are presented in order of liquidity, and are classified as "current" (convertible into cash or due within one year) and "non-current." The purpose of the Statement of Net Position is to present the net available liquid (non-capital) assets net of liabilities, for the Authority. Net Position is reported in three broad categories:

Net Investment in Capital Assets: This consists of capital assets less accumulated depreciation on those assets, net of related debt.

Restricted Net Position: This consists of assets with constraints on how they are used.

Unrestricted Net Position: This consists of assets that do not meet the definition of "Net Investment in Capital Assets" or "Restricted Net Position."

The Statement of Revenues, Expenses and Changes in Net Position presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The Statement of Cash Flows presents the change in the Authority's cash and cash equivalents during the most recent fiscal year.

The Notes to Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the fund financial statements.

## Financial Analysis

The analysis below focuses on the net position (Table 1) and the changes in net position (Table 2) of the Authority as a whole. By far the largest portion of the Authority's net position reflects its investment in capital assets (e.g., land, buildings, furniture, equipment and machinery), net of all depreciation and related capital debt. The Authority uses these capital assets to provide services to clients; consequently, these assets are not available for future spending.

The following is an explanation of the major factors affecting the changes between fiscal years as shown in the table above:

Capital assets increased \$6,029,310 (net of depreciation) as follows:

Asset type	<u>Amount</u>
Land	\$ 1,378,794
Buildings	3,396,429
Furniture, equipment and machinery	28,541
Construction in progress	<u>347,801</u>
Total additions (subtractions)	5,151,565
Less depreciation	<u>877,745</u>
Capital asset increase (decrease)	<u>\$ 6,029,310</u>

- Current and other assets increased by approximately \$2.5 million primarily due to an increase in cash and investments.
- Total liabilities increased approximately \$1.3 million due to a significant increase in net pension liabilities and increases in notes payable and family self-sufficiency liabilities.

Increase (decrease) in net position	<u>\$ 7,278,068</u>	<u>\$ 4,513,750</u>	<u>2,764,318</u>	61.24%

The following is an explanation of the changes between fiscal years as shown in the table above:

- Total revenues increased by approximately \$9.7 million primarily due to a significant increase in HAP funding of approximately \$5.5 million, a \$2.1 million increase in capital contributions, a \$1.1 million increase in grant revenue for the acquisition of capital assets, an increase of \$600,000 in investment income and an increase of \$400,000 in rental and other income. Total expenses increased by approximately \$7.0 million due to significant increases in HAP expenditures (\$5.2 million), a significant increase of \$1.1 million in other operating expenses and an increase of \$700,000 in pension related expenses.

## Capital Assets

The Authority's investment in capital assets as of June 30, 2024, amounts to \$24,627,615 (net of accumulated depreciation). This investment in capital assets includes land, buildings, furniture, equipment, machinery and construction in progress. The total increase in the Authority's investment in capital assets for the current fiscal year was approximately 32.4%, which was primarily a result of the purchase of 1 multi-family residential property and the addition of capital fund projects.

### Capital Assets at Year-end

Land	\$ 11,242,276	\$ 9,863,482

Totals	<u>\$ 61,779,971</u>	<u>\$ 56,628,406</u>

## Debt

Long-term debt includes accrued pension and OPEB liabilities, annual and sick leave (also known as compensated absences), liabilities relating to the family self-sufficiency program, and a note payable to the City of Oxnard for predevelopment costs of affordable units on vacant Housing Authority land. More detail is presented about long-term liabilities in the Notes to Basic Financial Statements.

## Economic Factors

The Authority is primarily dependent upon the Department of Housing and Urban Development (HUD) for the funding of operations; therefore, the Authority is affected more by the federal budget than by local economic conditions. Low Rent Public Housing and Housing Choice Voucher program budgets are approved by the Housing Authority Board of Commissioners and are submitted to HUD as required.

## Requests for Information

This financial report is designed to provide users of these financial statements with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Authority's Finance Department, at the City of Oxnard Housing Authority, 435 South D Street, Oxnard, California 93030.

## **Notes to Basic Financial Statements**

Year ended June 30, 2024

### **(1) Summary of Significant Accounting Policies**

The basic financial statements of the City of Oxnard Housing Authority (Authority), a component unit of the City of Oxnard, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the Authority are described below.

#### **(a) Reporting Entity**

The Authority is a public entity which was organized under the laws of the State of California's Health and Safety Code for the purpose of providing safe, decent and sanitary housing for qualified economically disadvantaged and elderly individuals in areas where a shortage of such housing exists.

The Authority accomplishes this goal through various programs as follows:

- Low Rent Public Housing (LRPH) – The LRPH operates various housing projects owned by the Authority. The program is funded by the U.S. Department of Housing and Urban Development (HUD) through annual contributions contract SF-195, for notes and bond amortization, and operating subsidies, as well as modernization grants, which are entitlement grants.
- Housing Choice Vouchers (Section 8) – The Section 8, Housing Choice Voucher Housing Assistance Program subsidizes, on behalf of tenants, rent payments to owners of real property within the community. These programs are funded by HUD through annual contributions contract SF-516.
- Additional Grant Programs – The Authority applies for and receives grants from HUD for various purposes, in addition to LRPH and Section 8. These grant programs include Resident Opportunity and Supportive Services, Family Self Sufficiency and Capital Fund Grants.
- Central Services – This is a non-HUD program, which owns land, equipment, and holds investments. Equipment owned by this program is depreciated over its estimated useful life.

The Authority is an integral part of the reporting entity of the City of Oxnard (City). Although the Authority is a legally separate entity from the City, its financial operations are closely related and members of the Oxnard City Council sit on the Board of Commissioners. As a result, the funds of the Authority have been included within the scope of the basic financial statements of the City.

Only the fund of the Authority is included herein; therefore, these financial statements do not purport to represent the financial position or results of operations of the City.

# **CITY OF OXNARD HOUSING AUTHORITY**

## **Notes to Basic Financial Statements**

(Continued)

### **(1) Summary of Significant Accounting Policies (Continued)**

The Authority does not have any component units as defined under generally accepted accounting principles.

#### **(b) Fund Accounting**

The basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The activity of the Authority is accounted for in an enterprise fund. Enterprise funds are used to account for operations (a) that are financed primarily through user charges, or (b) where the governing body has decided that the determination of net income is appropriate. All funds of the Authority are enterprise funds and are consolidated and presented as one fund. All activities accounted for in the enterprise funds are considered business-type activities.

#### **(c) Measurement Focus and Basis of Accounting**

The proprietary fund types are accounted for on an "income determination" or "cost of services" measurement focus. Accordingly, all assets and liabilities are included on the statement of net position, and the reported fund equity provides an indication of the historical net worth of the fund. The statement of revenues, expenses and changes in net position for proprietary fund types report increases (revenues) and decreases (expenses) in total historical net worth. Proprietary funds use the accrual basis of accounting, i.e., revenues are recognized in the period earned and expenses are recognized in the period incurred.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing goods and services related to the fund's ongoing operations. The principal operating revenue of the Authority's enterprise funds is dwelling rental income. Operating expenses include the cost of services provided, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted as they are needed.

#### **(d) Budgetary Data**

The Board of Commissioners approves each year's budget submitted by the Executive Director prior to the beginning of the new fiscal year. Supplemental budget revisions, where required during the period, are also approved by the Board of Commissioners.

### **(1) Summary of Significant Accounting Policies (Continued)**

#### **(e) Cash and Cash Equivalents and Investments**

Cash and cash equivalents on the Statement of Net Position include amounts in demand deposits and saving accounts. Investments are reported in the accompanying balance sheet at fair value.

Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

The Authority pools cash and cash equivalents and investments. Each program's share in this pool is displayed in the accompanying financial statements as cash and cash equivalents and investments. Investment income earned by the pooled investments is allocated to the various programs based on each program's average cash and cash equivalents and investment balances.

For purposes of the Statement of Cash Flows, cash and cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Cash equivalents also have an original maturity date of three months or less from the date of purchase.

#### **(f) Accounts Receivable**

The Authority is on the direct write-off method for uncollectible accounts. During the year, the Authority wrote off \$11,188 of tenants' receivables.

#### **(g) Accounts Receivable – HUD**

The amounts reported as Accounts Receivable – HUD represent amounts earned for certain HUD funded programs that had not been received as of June 30, 2024.

#### **(h) Allowance for Doubtful Accounts**

Accounts receivable – other are stated net of allowance for doubtful accounts. Included in the Authority's estimate is an allowance equal to the amount of fraud recovery related receivables. At June 30, 2024 the total allowance for doubtful accounts receivable in the Low Rent Public Housing Fund and the Housing Choice Voucher Fund for accounts receivable – other were \$276,827 and \$231,326, respectively.

### **Notes to Basic Financial Statements**

(Continued)

#### **(1) Summary of Significant Accounting Policies (Continued)**

##### **(i) Employee Leave Benefits**

Permanent Authority employees earn from 12 to 24 vacation days per year, depending on their length of employment, and 12 sick days per year. Temporary employees earn 8 vacation days per year for full-time employment. Employees may carry forward up to twice the number of vacation days earned in the immediately preceding twelve-month period, and up to 120 days of unused sick leave.

Management level employees earn from 20 to 38 days of annual leave per year, depending on their length of employment. Management employees may carry twice their number of annual leave days earned in the immediately preceding twelve-month period.

In accordance with GASB Statement No. 16, a liability is recorded for unused vacation and similar compensatory leave balance since the employees' entitlement to these balances are attributable to services already rendered and it is probable that virtually all of these balances will be liquidated by either paid time off or payments upon termination or retirement.

Under GASB 16, a liability is recorded for unused sick leave balances only to the extent that it is probable that the unused balances will result in termination payments. This is estimated by including in the liability the unused balances of employees currently entitled to receive termination payment, as well as those who are expected to become eligible to receive termination benefits as a result of continuing their employment with the Authority. Other amounts of unused sick leave are excluded from the liability since their payment is contingent solely upon the occurrence of a future event (illness) which is outside the control of the Authority and the employee.

Upon termination or retirement, permanent employees are entitled to receive compensation at their current base salary for all unused vacation and annual leave. Upon retirement or other honorable termination, an employee with a minimum of 5 continuous years of service is entitled to receive 50% of the value of his or her unused sick leave based on the number of hours accumulated.

##### **(j) Capital Assets**

Capital assets are stated at cost or estimated historical cost. Contributed capital assets are recorded at acquisition value at the time received. Generally, any single item purchased by the Authority with a cost greater than or equal to \$5,000 and an anticipated useful life of greater than one year is capitalized and depreciated. Maintenance, minor repairs and replacements are recorded as expenses; extraordinary replacements of property resulting in property betterment are capitalized.

## Notes to Basic Financial Statements

(Continued)

### (1) **Summary of Significant Accounting Policies (Continued)**

Depreciation is charged to operations using the straight-line method based on the estimated useful life of the related asset. The estimated useful lives of the assets are as follows:

	<u>Years</u>
Buildings	10-30
Furniture, equipment and machinery	3-5

#### (k) Payment in Lieu of Taxes

As a municipal entity, the Authority is exempt from real and personal taxes and special assessments levied by any taxing body. Instead, the Authority is required to make payments to local government entities referred to as Payments in Lieu of Taxes (PILOT) on certain rental properties owned by the Authority. Under agreements with the City, the Authority is required to make an annual payment equal to 10% of the shelter rent charged by the Authority with respect to individual projects. Shelter rent is the total of all charges to all tenants for dwelling less the cost of utilities. Total PILOT outstanding as of June 30, 2024 was \$37,002.

#### (l) Net Position

Net position represents the difference between assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets, including the interest due on the borrowing. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Authority exhausts all restricted resources before the use of unrestricted resources.

#### (m) Pensions

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

#### (n) Other Post-Employment Benefits (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require that the reported results must pertain to liability and fiduciary net position information within certain defined timeframes. For this report, the following timeframes are used:

#### OPEB

Measurement Date (MD)	June 30, 2023
Measurement Period (MP)	July 1, 2022 to June 30, 2023

#### (o) Fair Value Measurements

Certain assets and liabilities are required to be reported at fair value. The fair value framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly and fair value is determined using models or other valuation methodologies including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are inactive;
- Inputs other than quoted prices that are observable for the asset or liability;

## CITY OF OXNARD HOUSING AUTHORITY

### Notes to Basic Financial Statements

(Continued)

#### (1) **Summary of Significant Accounting Policies (Continued)**

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These unobservable inputs reflect the Authority's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk). These unobservable inputs are developed based on the best information available in the circumstances and may include the Authority's own data.

#### (p) Deferred Outflows and Deferred Inflows of Resources

When applicable, the statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent outflows of resources (consumption of net assets) that apply to future periods and that, therefore, are not recognized as an expense or expenditure until that time. The Authority's actuarially determined pension items and OPEB related items qualify for reporting in this category.

When applicable, the statement of net position will report a separate section for deferred inflows of resources. Deferred inflows of resources represent inflows of resources (acquisition of net assets) that apply to future periods and therefore, are not recognized as an inflow of resources (revenue) until that time. The Authority's actuarially determined pension items and actuarially determined OPEB items qualify for reporting in this category.

#### (q) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

#### (r) Prior Year Data

Selected information from the prior year has been included in the accompanying financial statements to provide an understanding of changes in the Authority's financial position and operations. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with GAAP. Accordingly, such information should be read in conjunction with the Authority's financial statements for the year ended June 30, 2023, from which this selected financial data was derived. Certain minor reclassifications of prior year data have been made to enhance its comparability with current year figures.

This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the Authority, rather than the general provisions of the California Government Code or the Authority's investment policy.

#### Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity its fair value will be to changes in market interest rates.

Information about the sensitivity of the fair values of the Authority's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the Authority's investments by maturity:

LAIF	\$ 20,393,634
Held by bond trustee:	
Money market mutual funds	<u>708,756</u>
Total	<u>\$ 21,102,390</u>

#### Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the Authority's investment policy, or debt agreements, and the actual rating as of year-end for each investment type.

#### Concentration of Credit Risk

The investment policy of the Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. At June 30, 2024, the Authority had no investments in any one issuer (other than mutual funds and external investment pools) that represented 5% or more of total Authority investments.

#### Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Authority's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

For investments identified herein as held by bond trustee, the bond trustee selects the investment under the terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

##### **Investment in State Investment Pool**

The Authority is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the Authority's investment in this pool is reported in the accompanying financial statements at amounts based upon the Authority's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. LAIF is not subject to the fair value measurement.

#### **(3) Notes and Interest Receivable**

In April 2014, the Authority issued a promissory note of \$2,050,000 to Terraza De Las Cortes, L.P. for certain land the Authority received in a land exchange with the City. The note accrues interest at a rate of 5% compounded annually on the amount of the outstanding balance of the loan. Annual payments of 85% of the annual net cash flow of the property are made. All outstanding principal and accrued interest are payable on or before April 2069. Principal and interest due to the Authority at June 30, 2024 was \$788,787 and \$120,531, respectively.

In June 2020, the Authority entered into a note agreement with A0592 Oxnard LP (Developer). The Authority is to provide up to \$2,500,000 in reimbursement for costs associated with demolition costs of the Los Cortes phase II development. The note accrues interest at a rate of 3% simple interest per annum. Principal and interest due to the Authority at June 30, 2024 was \$2,332,619 and \$270,402, respectively.

### (6) 2004 Capital Fund Revenue Bonds

On April 26, 2004, the Affordable Housing Agency issued Affordable Housing Agency Certificates of Participation, Series 2004 (Oxnard-Santa Clara Projects) in the amount of \$10,370,000, evidencing a proportionate ownership interest in debt service payments to be made with respect to certain Capital Fund Revenue Bonds, Series 2004, issued by the Oxnard and Santa Clara Housing Authorities in the amounts of \$5,820,000 and \$4,550,000, respectively. Each certificate represents a proportionate ownership interest of the holder in the right to receive debt service payments made with respect to the bonds. The obligations of the housing authorities under their respective bond indentures are independent and neither is obligated for the payment of principal or interest on the bonds of the other housing authority.

The Oxnard Series 2004 Capital Fund Revenue Bonds were issued to finance certain projects of the Authority. The bonds are in denominations of \$5,000 each and bear interest ranging from 2.00% to 4.95%. Certificates maturing on or after April 1, 2012 are subject to optional prepayment from the redemptions of the bonds at the option of the Authority on any date on or after April 1, 2001 at par plus accrued interest.

#### **(6) 2004 Capital Fund Revenue Bonds (Continued)**

HUD has approved the issuance of the bonds and the certificates and has authorized the Authority to pledge and assign its Capital Fund Program monies to the payment of the bonds and, therefore, the certificates. During the year, \$4,859,354 of Capital Fund Grant revenue was earned, of which, \$430,000 was applied to the repayment of the bonds. Principal is payable annually on April 1. Interest is payable semiannually on April 1 and October 1 commencing October 1, 2004. The required reserve for the bonds is \$451,375. As of June 30, 2024, the bond has been paid in full.

#### **(7) Long Term Liabilities Payable to the City of Oxnard**

##### Advances from the City of Oxnard

Effective July 1, 2001, the Authority entered into a Settlement Agreement with the City that resolved a dispute regarding the amount of reimbursements the Authority owed to the City for worker's compensation claims. Prior to fiscal year 2002, the City administered the Authority's workers' compensation claims. It was agreed that the amount owed by the Authority for these claims as of June 30, 2001 would be \$993,000.

Repayment terms are addressed in section 4(a) of the Settlement Agreement. Beginning July 1, 2001, the Authority is to annually budget \$182,000 for the payment of worker's compensation insurance. From this annually budgeted amount the Authority is to pay its worker's compensation insurance costs and any difference between that amount and the budgeted amount will be paid to the City. From 2002 through 2024 there have been certain repayments and additional claims expense that have affected the outstanding balance. No interest accrued on the outstanding balance. The balance as of June 30, 2024 is \$679,287.

##### City of Oxnard Community Development Commission Note Payable

The Authority entered into a note agreement dated July 21, 2009, secured by a deed of trust, in the amount of \$350,000 payable to the City of Oxnard Community Development Commission (CDC) to finance the development of affordable housing units on Cuesta del Mar in the Southwinds Redevelopment Project Area in the City. The principal balance on the note bears interest at the rate of interest paid by LAIF, plus 1% per annum. Payments are to be made annually, commencing on January 30 of the year following the issuance of the first Certificate of Occupancy for the project, and each January 30 thereafter. As of June 30, 2014, the project was considered permanently stalled and would not be completed. The loan is to be payable in one lump sum payment due sixty (60) days after the anniversary of the failure to complete project determination. There is an option to extend the repayment date for a period not to exceed two years as approved by the CDC's Director. The outstanding balance at June 30, 2024 is \$269,710.

##### City of Oxnard 7<sup>th</sup> and Meta Note Payable

The Authority entered into a note agreement dated December 6, 2022, secured by a deed of trust, in the amount of \$212,740 payable to the City of Oxnard to finance the development of affordable housing units on 4 parcels at 7<sup>th</sup> and Meta in the City. The principal balance on the note bears no interest. The principal of the note shall be automatically forgiven on the date the property is transferred to an affordable housing developer selected by the Authority to complete the project, subject to the City's approval. The outstanding balance at June 30, 2024 is \$212,740.

#### (8) **Interprogram Activities**

##### Due to/from other programs:

Due to/from other programs at June 30, 2024 was comprised of the following:

<u>Receivable Program</u>	<u>Payable Program</u>	<u>Amount</u>
Central Fund	Family Self Sufficiency	\$ 194
Central Fund	ROSS	<u>73</u>
Total interprogram activities		<u>\$ 267</u>

All interprogram receivables and payables represent short-term borrowings to fund current operations and manage cash flows for grant funds. Included in interprogram receivables and payables are amounts due to the Central Fund for cash deficits related to personnel services performed.

#### (9) **Insurance**

As of June 30, 2024, the Authority maintains the following levels of insurance coverage:

##### General Liability:

Automobile liability	\$1,000,000 per occurrence
Commercial property liability	\$100,000,000 for various buildings and property

##### Fidelity/Crime:

Fidelity	\$250,000 per occurrence
Forgery	\$250,000 per occurrence
Theft, disappearance and destruction	\$90,000 limit

#### (9) **Insurance (Continued)**

The Authority is insured for workers' compensation claims through the State Compensation Insurance Fund. The Authority maintains statutory coverage and is liable for up to \$1,000,000. For the past three years, claim payments have not exceeded the amount of applicable insurance coverage.

#### (10) **Defined Benefit Pension Plans (CalPERS and PARS)**

Employees of the Authority, through the City, are members of the Public Employees' Retirement System (CalPERS) and the Public Agency Retirement System (PARS), the cost of which is paid by the Authority. The information below includes the aggregate total pension related items for both plans.

	CalPERS	PARS	Total
Net pension liability (asset)	\$ 8,464,257	\$ 15,141	\$ 8,479,398
Deferred outflows of resources – pension	2,248,284	-	2,248,284
Deferred inflows of resources – pension	36,142	69,833	105,975
Pension expense	1,465,640	11,215	1,476,855

Below are descriptions of each of the retirement plans along with selected information regarding benefits, contributions, liabilities and actuarial assumptions. For further details regarding each of these plans, including funding progress, refer to the City's Annual Comprehensive Financial Report.

#### **CalPERS**

##### (a) **Plan Description**

The City contributes to CalPERS, an Agent Multiple-Employer Defined Benefit Pension Plan, which acts as a common investment and administrative agent for participating public agencies in the State of California. The City participates in the single employer plan for Miscellaneous 2% at 55 and 2% at 62, of which the Authority is a participant through the City. A full description of the pension plan regarding number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the Plan's June 30, 2022, Annual Actuarial Valuation Report (funding valuation). Details of the benefits provided can be obtained in Appendix B of the actuarial valuation report. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at the CalPERS' website.

#### (b) Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to Plan members, who must be public employees, and their beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment.

The Plan's provisions and benefits in effect at June 30, 2024, are summarized as follows:

	<u>Miscellaneous</u>	
	Prior to <u>1-Jan-13</u>	On or After <u>1-Jan-13</u>
Hire date		
Benefit formula	2.0% at 55	2.0% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 67+	52 - 67+
Monthly benefits, as a % of eligible compensation	1.43% to 2.42%	1.00% to 2.50%
Required employee contribution rates	4.15%	4.15%
Required employer contribution rates	10.10%	10.10%

#### (c) Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions.

For the year ended June 30, 2024, the Authority's total contributions for the Plan were \$1,010,805.

##### **(d) Actuarial Methods and Assumptions Used to Determine Total Pension Liability**

The June 30, 2022 valuation was rolled forward to determine the June 30, 2023 total pension liability based on the following actuarial methods and assumptions:

Valuation date	June 30, 2022
Measurement date	June 30, 2023
Actuarial cost method	Entry-Age Actuarial Cost Method
Actuarial assumptions:	
Discount rate	6.90%
Inflation	2.50%
Salary increases	Varies by Entry Age and Service
Mortality Rate Table <sup>1</sup>	Derived using CalPERS Membership Data for all Funds
Post Retirement Benefit Increase	The lesser of contract COLA or 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.30% thereafter

<sup>1</sup> The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2021 CalPERS Experiences Study for the period from 2001 to 2019. Pre-retirement and post-retirement mortality rates include 15 years of projected mortality improvements using 80% of scale MP 2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2022 that can be found on the CalPERS website.

##### **(e) Change of Assumptions**

In 2023, there were no changes in assumptions.

##### **(f) Discount Rate**

The discount rate used to measure the total pension liability was 6.90 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at the statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to take all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on plan investment was applied to all periods of projected benefit payments to determine the total pension liability.

### (10) Defined Benefit Pension Plans (CalPERS and PARS) (Continued)

#### (g) Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS considered both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, except compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points. The expected real rate of return by asset class are as follows:

<u>Asset Class<sup>1</sup></u>	<u>Assumed asset allocation</u>	<u>Real Return<sup>1,2</sup></u>
Global Equity – Cap-weighted	30.00%	4.54%
Global Equity – Non-Cap-weighted	12.00%	3.84%
Private Equity	13.00%	7.28%
Treasury	5.00%	0.27%
Mortgage-back Securities	5.00%	0.50%
Investment Grade Corporates	10.00%	1.56%
High Yield	5.00%	2.27%
Emerging Market Debt	5.00%	2.48%
Private Debt	5.00%	3.57%
Real Assets	15.00%	3.21%
Leverage	(5.00%)	(0.59%)

<sup>1</sup> An expected inflation of 2.30% used for this period.

<sup>2</sup> Figures are based on the 2021 Asset Liability Management study.

#### (h) Allocation of Net Pension Liability and Pension Expense to Individual Employers

The following table shows the Authority's proportionate share of the net pension liability over the measurement period:

	Total Pension Liability	Increase (Decrease) Plan Fiduciary Net Position	Net Pension Liability
	(a)	(b)	(a) – (b)
Balance at: 6/30/2022 (VD)	\$ 28,219,251	\$ 20,375,598	\$ 7,843,653

# CITY OF OXNARD HOUSING AUTHORITY

## Notes to Basic Financial Statements

(Continued)

### (10) Defined Benefit Pension Plans (CalPERS and PARS) (Continued)

The Authority's net pension liability for the plan is measured as the proportionate share of the net pension liability. The net pension liability of the plan is measured as of June 30, 2023, and the total pension liability for the plan used to calculate the net pension liability was determined by an actuarial valuation of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures.

The Authority's proportionate share of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The Agency's proportionate share of the net pension liability for the plan as of June 30, 2022 and 2023 was as follows:

	<u>Miscellaneous Plan</u>
Proportion – June 30, 2022	4.95%
Proportion – June 30, 2023	5.20%
Change – Increase (Decrease)	0.25%

#### (i) Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the Measurement Date, calculated using the discount rate of 6.90 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.90 percent) or 1 percentage-point higher (7.90 percent) than the current rate:

	Discount Rate – 1% (5.90%)	Current Discount Rate (6.90%)	Discount Rate + 1% (7.90%)
Authority's proportionate share of the Net Pension Liability	\$ 12,643,153	\$ 8,464,257	\$ 5,037,192

#### (j) Subsequent Events

During the time period between the valuation date and the publication of the GASB 68 report, price inflation has been higher than the assumed rate of 2.3% per annum. Since inflation influences cost of living adjustments for retirees and beneficiaries and active members pay increases, higher inflation is likely to put at least some upward pressure on the pension expense and the net pension liability in future valuations. The actual impact of higher inflation on future valuation results will depend on, among other factors, how long higher inflation persists. At this time, the long-term price inflation assumption of 2.3% per annum is appropriate.

#### (k) Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB 68, actuarial gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

# CITY OF OXNARD HOUSING AUTHORITY

## Notes to Basic Financial Statements

(Continued)

### (10) Defined Benefit Pension Plans (CalPERS and PARS) (Continued)

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred inflows and deferred outflows to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Net difference between projected 5 year straight-line amortization  
and actual earnings on pension plan  
investments

All other amounts                      Straight-line amortization over the  
expected average remaining service lifetime  
(EARSLS) of all members that are provided

as of the beginning of the measurement  
period

#### (I) Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2024, the Authority recognized pension expense of \$1,465,640 for the Miscellaneous Plan. At June 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to the CalPERS pension as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to the measurement date	\$ 151,882	-
Differences between expected and actual experiences	74,000	(36,142)
Net difference between projected and actual earnings on pension plan investments	<u>1,011,597</u>	<u>-</u>
Totals	<u>\$ 1,237,479</u>	<u>\$ (36,142)</u>

The Authority reported \$1,010,805 as deferred outflows of resources related to contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2024. Amounts reported as deferred inflows or outflows of resources related to pensions will be recognized as pension expense as follows:

#### **PARS**

##### (a) Plan Description

The City established a PARS Retirement Enhancement Plan, an agent multiple-employer plan, effective January 1, 2003 for selected groups of miscellaneous employees (non-safety), Service Employees International Union (SEIU), International Union of Operating Engineers (IUOE), Management, and one of the two groups of Confidential employees. PARS is a defined benefit 401(a) tax-qualified multiple agency trust. It meets the requirements of a pension trust under California Government code.

The plan provides supplemental retirement benefits in addition to PERS. Prior to June 30, 2019, Phase II Systems was the PARS Trust Administrator. Effective July 1, 2019 Matrix Trust Company became the Successor Trustee and Mass Mutual became the plan administrator.

##### (b) Benefits Provided

For employees meeting the eligibility requirements, the plan provides a benefit equal to the "3% at 60" plan factor (formula is a static 3% at age 60 and older), less the PERS "2% at 55" plan factors for all years of City service plus any military service purchased through PERS (prior to July 1, 2003) while an employee of the City. Eligibility for an immediate benefit is defined as reaching age 50, completing five years of City service, and retiring concurrently from both the City and PERS after leaving City employment. In addition, a deferred benefit would be available to participants who complete five years of service. The City has full discretionary authority to control, amend, modify or terminate this plan at any time.

##### (c) Contributions

Employees and the City contribute a total of 8% of eligible employees' gross wages. Current employee and City contributions by employee groups are as follows:

## CITY OF OXNARD HOUSING AUTHORITY

#### (10) **Defined Benefit Pension Plans (CalPERS and PARS) (Continued)**

	City <u>Contributions</u>	Employee <u>Contributions</u>
IUOE	2.70%	5.30%
SEIU	3.50%	4.50%
Management and confidential	3.00%	5.00%

In addition, the City is required to contribute the remaining amounts necessary to fund the benefit to its members using the actuarial basis recommended by PARS actuarial consultants. The actuarially determined contribution for the fiscal year ended June 30, 2019, was 11 percent of eligible employee gross wages. During the fiscal year ended June 30, 2024, the Authority contributed \$268,898 to PARS.

#### (d) Actuarial Methods and Assumptions Used to Determine Total Pension Liability

The June 30, 2023 total pension liabilities were based on the following actuarial methods and assumptions:

Valuation date	June 30, 2023
Measurement date	June 30, 2024
Actuarial cost method	Entry Age Normal, level percentage of payroll
Actuarial assumptions:	
Discount rate	5.75%
General inflation	2.50% annually
Mortality, retirement, disability termination	CalPERS 2000-2019 Experience Study
Salary increases	Aggregate 2.75% annually
Mortality improvement	Post-retirement mortality projected fully generational with Scale MP-2021

#### (e) Discount Rate

The discount rate used to measure the total pension liability for the Plan was 5.75%. The pension trust is projected to have sufficient assets to pay benefits per the Plan's current contribution policy. The long-term expected rate of return on pension plan investment was based on an assumed long-term asset allocation of 60% equities, 35% fixed and 5% cash.

Net Changes during 2023-24	\$ (5,522,805)	\$ (4,759,640)	\$ (763,165)

The Authority's net pension liability for the plan is measured as the proportionate share of the net pension liability. The net pension liability of the plan is measured as of June 30, 2024, and the total pension liability for the plan used to calculate the net pension liability was determined by an actuarial valuation of June 30, 2023. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The Agency's proportionate share of the net pension liability for the plan as of June 30, 2023 and 2024 was as follows:

	<u>PARS Plan</u>
Proportion – June 30, 2023	6.76%
Proportion – June 30, 2024	2.00%
Change – Increase (Decrease)	(4.76%)

#### (g) Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the Measurement Date, calculated using the discount rate of 5.75 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (4.75 percent) or 1 percentage-point higher (6.75 percent) than the current rate:

	Discount Rate – 1% (4.75%)	Current Discount Rate	Discount Rate + 1% (6.75%)
Authority's proportionate share of the Net Pension Liability (Asset)	\$ 285,437	\$ 15,141	\$ (211,161)

#### (h) Amortization of Deferred Outflows and Deferred Inflows of Resources

Under GASB 68, actuarial gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred inflows and deferred outflows to be recognized in future pension expense.

### (10) Defined Benefit Pension Plans (CalPERS and PARS) (Continued)

The amortization period differs depending on the source of the gain or loss:

Net difference between projected and actual earnings on pension plan investments	5 year straight-line amortization
All other amounts	Straight-line amortization over the expected average remaining service lifetime (EARSL) of all members that are provided with pensions (active, inactive, and retired) as of the beginning of the measurement period

#### (i) Pension Expense and Deferred Outflows/Inflows of Resources Related to Pension

For the year ended June 30, 2024, the Authority recognized pension expense of \$11,215 for the PARS Plan. At June 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to the PARS pension as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ -	\$ (23,038)
Differences between expected and actual experiences	-	-
Net difference between projected and actual earnings on pension plan investments	-	(46,795)
Totals	\$ -	\$ (69,833)

Amounts reported as deferred outflows or inflows of resources related to pensions will be recognized as pension expense as follows:

### (11) Other Post-Employment Benefits (OPEB)

#### Plan Description and Benefits Provided

Employees of the Authority, through the City, participate in the CalPERS medical program, which is a cost-sharing multiple employer defined benefit health care plan administered by CALPERS. Employees who retire from the City and receive a CalPERS pension are eligible for post-employment medical benefits. Retirees can enroll in any of the available CalPERS medical plans. Benefits are paid for the lifetime of the retiree, spouse, surviving spouse, and dependents up to the age of 26. Benefit provisions for CalPERS are established by the Public Employees Retirement Law (Part 3 of the California Government Code, Section 20000 et seq.).

At June 30, 2024, membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	9
Active plan members	<u>52</u>
Total	<u>61</u>

#### Contributions

The City contributes the minimum amount allowed under Government Code Section 22825 of the Public Employees Medical and Hospital Care Act. The required contribution is based on pay-as-you-go financing requirements. Retirees must contribute any premium amounts in excess of the City Contribution.

#### Actuarial Methods and Assumptions Used to Determine Total OPEB Liability

The Authority's total OPEB Liability was measured as of June 30, 2023 and was determined by an actuarial valuation as of July 1, 2022 (June 30, 2022).

### (11) **Other Post-Employment Benefits (OPEB) (Continued)**

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial cost method	Entry Age, Level Percent of Pay
Salary increases	2.80 percent
Inflation rate	2.30 percent
Healthcare cost trend rate	5.00 percent for 2022-2023; 5.00 percent for 2024-2069; and 4.00 percent for 2070 and later years; Medicare ages: 4.00 percent for all years.

Pre-retirement mortality rates were based on the CalPERS Pre-Retirement Mortality Miscellaneous and Schools (2021) rates for miscellaneous and CalPERS Pre-Retirement Mortality Safety (2021) rates for safety employees. Post-retirement mortality rates were based on the CalPERS Post-Retirement Mortality Miscellaneous and Schools (2021) rates for miscellaneous and CalPERS Post-Retirement Mortality Safety (2021) rates for safety employees.

Actuarial assumptions used in the July 1, 2022 valuation were based on a review of plan experience during the period July 1, 2020 to June 30, 2022.

#### Discount Rate

For OPEB Plans that are not administered through trusts that meet the criteria in paragraph 4, GASB 75 requires a discount rate that is a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The discount rate used to measure the Authority's total OPEB liability is based on these requirements and the following information:

Measurement Date	Long-Term Expected Return of Plan Investments (if any)	Fidelity GO AA 20- Year Municipal Index	Discount Rate
June 30, 2022	4.00%	3.69%	3.69%
June 30, 2023	4.00%	3.86%	3.86%

#### Allocation of Total OPEB Liability and OPEB Expense to Individual Employers

The following table shows the Authority's proportionate share of the total OPEB liability over the measurement period:

The Authority's total OPEB liability for the plan is measured as the proportionate share of the plan's total OPEB liability. The total OPEB liability of the plan is measured as of June 30, 2023, and the total OPEB liability for the plan used to calculate the net pension liability was determined by an actuarial valuation of June 30, 2022. The Authority's proportion of the total OPEB liability was based on a projection of the Authority's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. The Authority's proportionate share of the total OPEB liability for the plan as of June 30, 2022 and 2023 was as follows:

#### (12) **Conduit Debt Financings**

The Authority is associated with the issuance of the following tax-exempt and Multifamily Mortgage Revenue Note (Note) that were issued to finance various developments. In the opinion of Authority officials, these debt issuances are not and will never become general obligations of the issuer, but are limited obligations of the issuer and are payable solely from the sources set forth in the debt documents. These debt instruments do not and never shall constitute a debt or indebtedness or an obligation of the issuer or the State of California (State) or any other political subdivision of the State or a loan of the faith or credit or the taxing power of any of them. These debt instruments shall not be payable from the general revenues of the issuer and in no event shall the Bonds be payable out of any funds or properties other than those specifically pledged. The Authority, as issuer, has no repayment obligation and, therefore, has not reflected any liability in these financial statements. As of June 30, 2024, the outstanding balances of these debt issuances are as follows:

<u>Description</u>	<u>Issue Date</u>	<u>Final Maturity Date</u>	<u>Amount of Issue</u>	<u>Outstanding Balance at 30-Jun-24</u>
Las Villas de Paseo Nuevo Note	2012	2044	<u>\$14,000,000</u>	<u>14,000,000</u>
Totals			<u>\$14,000,000</u>	<u>14,000,000</u>

##### Las Villas de Paseo Nuevo Note

In February 2012, a \$14,000,000 Multifamily Mortgage Revenue Note was issued for the benefit of Paseo Nuevo Partners, LP, a California limited partnership. Paseo Nuevo Partners, LP was formed on February 1, 2012 to acquire and construct a 72-unit multifamily housing development located in Oxnard, known as Las Villas de Paseo Nuevo. This project is intended to be rented to low-income tenants and will be operated in a manner necessary to qualify for federal low-income housing tax credits as provided in Section 42 of the Internal Revenue Code.

#### (13) **Related Party Transactions**

The Authority entered into an agreement with the City effective June 1, 2005 for use of the Multi-Service Center Building. The agreement was most recently amended on June 30, 2022. Under the terms of the amended agreement, the Authority agrees to pay the City rent at an annual rate of \$1 through June 30, 2024.

##### Administrative Services Provided by City

The City provides certain services to the Authority and will invoice the Authority monthly for these services. These monthly invoices include reimbursements for liability insurance, and other indirect charges for accounting and legal services. The monthly charges from the City are approximately \$13,600.

##### Operating Subsidy from City

During the year ended June 30, 2024, the Authority received an operating subsidy in the amount of \$95,000 from the City.

#### **(14) Contingent Liabilities**

The Authority is a defendant in certain legal actions arising in the normal course of operations. It is management's opinion that these actions will not have a material adverse effect on the Authority's financial position.

The Authority has received funds from various federal, state, and local grant programs. It is possible that at some future date it may be determined that the Authority was not in compliance with applicable grant requirements. The amount, if any, of expenditures that may be disallowed by the granting agencies, cannot be determined at this time although management does not expect such disallowed amounts, if any, to materially affect the financial statements.

#### **(15) Limited Partnership Agreements**

##### Paseo Nuevo Partners, L.P.

On February 1, 2012, an Amended and Restated Agreement of Limited Partnership of Paseo Nuevo Partners, L.P. (Partnership) was entered into to construct and manage a 72-unit multifamily apartment complex for persons of low income, known as the Las Villas de Paseo Nuevo Affordable Housing Project (Project). The Project qualifies for federal low-income housing tax credits. The General Partner's percentage of interest in profits, losses and credits is 1% and, per Agreement, the General Partner consists of two Co-General Partners. One of the Co-General Partners is Paseo COGP LLC, a single purpose LLC, of which the Authority is a 66.67% member. Paseo COGP LLC has a 75% interest in the General Partner share. The remaining 25% General Partner interest is with Las Cortes, Inc. Las Cortes, Inc. is also the Managing General Partner.

As set forth in the Agreement, the Managing General Partner will manage and control the business of the Partnership and use its best efforts to carry out the purpose of the Partnership. The Authority does not have a material equity interest in this Partnership that is reflected as an asset in the accompanying statement of net position.

#### **(15) Limited Partnership Agreements (Continued)**

##### Terraza de las Cortes, L.P.

On November 27, 2012, an Agreement of Limited Partnership of Terraza de las Cortes, L.P. (Partnership) was entered into by Las Cortes, Inc., a California nonprofit public benefit corporation (General Partner), and the Authority (Limited Partner). The purpose of the Partnership is to develop certain real property into a 64-unit apartment complex to be used as rental housing for low and very low-income individuals. The percentage interests in the capital, profits, losses and distributions of the Partnership are 0.01% for the General Partner and 99.99% for the Limited Partner.

On April 30, 2014, an Amended and Restated Agreement of Limited Partnership was entered by the Authority transferring the 99.99% limited partnership interests to Hudson SLP LLC and Hudson Terraza LP. The Authority's role and interest was changed to that of an Administrative General Partner with a 0.005% interest. Las Cortes, Inc. became the Managing General Partner.

The General Partners have exclusive and complete management and control of the business of the Partnership, including the power to delegate duties and responsibilities, to sign contracts and leases, and to make all decisions in connection with the Partnership. The Authority does not have a material equity interest in this Partnership that is reflected as an asset in the accompanying statement of net position.

Effective with the June 30, 2021 valuation date (2022 measurement date), the accounting discount rate was reduced from 7.15% to 6.90%. In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated, combined with risk estimates, and are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return. In addition, demographic assumptions and the inflation rate assumption were changed in accordance with the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. The accounting discount rate was 7.15% for measurement dates 2017 through 2021, 7.65% for measurement dates 2015 through 2016, and 7.50% for measurement date 2014.

**SINGLE AUDIT REPORTS AND RELATED SCHEDULES**

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners  
City of Oxnard Housing Authority  
Oxnard, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the City of Oxnard Housing Authority (Authority), a component unit of the City of Oxnard, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Authority's basic financial statements, and have issued our report thereon dated February 7, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;  
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

**INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners  
City of Oxnard Housing Authority  
Oxnard, California

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the City of Oxnard Housing Authority's (Authority's), a component unit of the City of Oxnard, compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the Authority's major federal program for the year ended June 30, 2024. The Authority's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of *U.S. Code of Federal Regulations, Title 2, Grants and Agreements, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Authority's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control Over Compliance***

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal

control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2024

#### (1) **Summary of Significant Accounting Policies Applicable to the Schedule of Expenditures of Federal Awards**

##### (a) Scope of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes only the expenditures incurred (and related awards received) by the City of Oxnard Housing Authority ("Authority") that are reimbursable under federal programs of federal agencies providing financial assistance for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of the *U.S. Code of Federal Regulations, Title 2, Grants and Agreements, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net assets or cash flows of the Authority. The Authority did not use the 10% de minimis indirect cost rate as covered in section 200.414 of the Uniform Guidance.

##### (b) Basis of Accounting

The expenditures included in the accompanying schedule were reported on a regulatory basis of accounting in accordance with the U.S. Department of Housing and Urban Development (HUD). Expenditures are recognized in the accounting period in which the related liability is incurred. Expenditures reported included any property or equipment acquisitions incurred under the federal program.

##### (c) Subrecipients

During the fiscal year ended June 30, 2024, the Authority disbursed no federal funds to subrecipients.

##### (d) 2004 Capital Fund Revenue Bonds

On April 26, 2004, the Affordable Housing Agency issued Affordable Housing Agency Certificates of Participation, Series 2004 (Oxnard-Santa Clara Projects) in the amount of \$10,370,000, evidencing a proportionate ownership interest in debt service payments to be made with respect to certain Capital Fund Revenue Bonds, Series 2004, issued by the Oxnard and Santa Clara Housing Authorities in the amounts of \$5,820,000 and \$4,550,000, respectively.

Principal is payable annually on April 1. Interest is payable semiannually on April 1 and October 1 commencing October 1, 2004. The bonds were paid in full as of June 30, 2024.

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2024

**(1) Summary of Significant Accounting Policies Applicable to the Schedule of Expenditures of Federal Awards (Continued)**

HUD has approved the issuance of the bonds and the certificates and has authorized the Authority to pledge and assign its Capital Fund Program monies to the payment of the bonds and, therefore, the certificates. During the year ended June 30, 2024, there were payments made on the bonds for principal and interest totaling the amount of \$430,000, and, accordingly, those expenditures relating to the bonds have been included in the federal expenditures of capital fund grants in the accompanying Schedule of Expenditures of Federal Awards.
